

Option 1	Option 2	Option 3	Option 4
No patrols	24/7 patrol 365 days per year	Night time patrol only 365 days per year	6 month trial of 24/7 patrol
Cost – negligible/Nil	Approx \$1,800,000 per year	Approx \$925,000 per year	Likely to be \$1,000,000+
Pros:- No additional cost to the community Continue on expanding existing CSP programs	Pros:- Increased perception of safety Additional level of surveillance within towns Can work with Police Holiday registration program Can respond and observe any time of day Can include patrols of City infrastructure/premises	Pros:- Increased perception of safety Additional level of surveillance within towns Can work with Police Holiday registration program Focuses on evening/night when most residents have concern Cheaper service Can include patrols of City infrastructure/premises	Pros:- Increased perception of safety Additional level of surveillance within towns Can work with Police Holiday registration program Can respond and observe any time of day Short term proposal could be cancelled with minimal cost to Council
Cons:- perception of safety will be harder to influence	Cons:- Additional levy on rates Residential reliance on patrols for security No arrest powers	Cons:- additional (reduced) levy on rates Residential reliance on patrols for security No arrest powers Additional reliance on Council staff and other “Eyes on the Streets” participants during the day.	Cons:- Increased additional levy on rates due to the short term contract Residential reliance on patrols for security Once patrol commences it is difficult to cease due to public perception No arrest powers
Contracted Service – N/A	Guaranteed service - up to contractor to have sufficient vehicles and staff at all times and arrange call centre	Guaranteed service - up to contractor to have sufficient vehicles and staff at all times	Guaranteed service - up to contractor to have sufficient vehicles and staff at all times
In House Service – N/A	Security Agents License required Requires set up of call centre Requires employment of qualified staff/HR process which would delay implementation Requires purchase of 3 additional vehicles to fleet (likely 4wd capable), with access to spare for vehicle servicing & maintenance Additional payroll requirements	Security Agents License required Requires set up of call centre Requires employment of qualified staff/HR process which would delay implementation Requires purchase of 3 additional vehicles to fleet (likely 4wd capable), with access to spare for vehicle servicing & maintenance Additional payroll requirements	Not viable
