Subject: ICR185651 - RV.10 - Do not raise rates.

Hello,

My name is Ellie Ryan and my address is 37 Andover Way.

I completely object the City of Karratha increasing my rates. I will also be asking for a supplementary valuation come rate time due to the fact the rates being paid on this property are substantially higher than what I feel it is valued at.

The City already charges phenomenal rates compared to anything I have ever experienced (twice that of my property over East which is worth more), and then spends the money on poxy look-outs and multi-million dollar "arts precincts".

There has just been a new path created towards Bulgarra way, great! Too bad the place is full of Three Cornered Jacks and every person and their poor dog is getting 100s of the seeds stabbed into their feet daily. This issue has been raised by more than one person and yet nothing has been done.

Do something productive with our money and stop wasting it, then wanting to increase what you get from us.

Regards

Ellie Ryan
