

ORDINARY COUNCIL MEETING

AGENDA

**NOTICE IS HEREBY GIVEN that an
Ordinary Meeting of Council will be held
in the Council Chambers, Welcome Road, Karratha,
on Monday, 17 February 2020 at 6.30pm**

A handwritten signature in black ink, appearing to read 'Chris Adams', is positioned above a horizontal line.

**CHRIS ADAMS
CHIEF EXECUTIVE OFFICER**

No responsibility whatsoever is implied or accepted by the City of Karratha for any act, omission or statement or intimation occurring during Council or Committee Meetings. The City of Karratha disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement or intimation occurring during Council or Committee Meetings.

Any person or legal entity who acts or fails to act in reliance upon any statement, act or omission made in a Council or Committee Meeting does so at that persons or legal entity's own risk.

In particular, and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a license, any statement or intimation of approval made by any member or Officer of the City of Karratha during the course of any meeting is not intended to be and is not taken as notice of approval from the City of Karratha.

The City of Karratha warns that anyone who has any application lodged with the City of Karratha must obtain and should only rely on

WRITTEN CONFIRMATION

of the outcome of the application, and any conditions attaching to the decision made by the City of Karratha in respect of the application.

Signed: 
Chris Adams - Chief Executive Officer

DECLARATION OF INTERESTS (NOTES FOR YOUR GUIDANCE) (updated 13 March 2000)

A member who has a **Financial Interest** in any matter to be discussed at a Council or Committee Meeting, which will be attended by the member, must disclose the nature of the interest:

- (a) In a written notice given to the Chief Executive Officer before the Meeting or;
- (b) At the Meeting, immediately before the matter is discussed.

A member, who makes a disclosure in respect to an interest, must not:

- (c) Preside at the part of the Meeting, relating to the matter or;
- (d) Participate in, or be present during any discussion or decision-making procedure relative to the matter, unless to the extent that the disclosing member is allowed to do so under Section 5.68 or Section 5.69 of the *Local Government Act 1995*.

NOTES ON FINANCIAL INTEREST (FOR YOUR GUIDANCE)

The following notes are a basic guide for Councillors when they are considering whether they have a **Financial Interest** in a matter. I intend to include these notes in each agenda for the time being so that Councillors may refresh their memory.

1. A Financial Interest requiring disclosure occurs when a Council decision might advantageously or detrimentally affect the Councillor or a person closely associated with the Councillor and is capable of being measure in money terms. There are exceptions in the *Local Government Act 1995* but they should not be relied on without advice, unless the situation is very clear.
2. If a Councillor is a member of an Association (which is a Body Corporate) with not less than 10 members i.e. sporting, social, religious etc), and the Councillor is not a holder of office of profit or a guarantor, and has not leased land to or from the club, i.e., if the Councillor is an ordinary member of the Association, the Councillor has a common and not a financial interest in any matter to that Association.
3. If an interest is shared in common with a significant number of electors or ratepayers, then the obligation to disclose that interest does not arise. Each case needs to be considered.
4. If in doubt declare.
5. As stated in (b) above, if written notice disclosing the interest has not been given to the Chief Executive Officer before the meeting, then it **MUST** be given when the matter arises in the Agenda, and immediately before the matter is discussed.
6. Ordinarily the disclosing Councillor must leave the meeting room before discussion commences. The **only** exceptions are:
 - 6.1 Where the Councillor discloses the **extent** of the interest, and Council carries a motion under s.5.68(1)(b)(ii) or the *Local Government Act*; or
 - 6.2 Where the Minister allows the Councillor to participate under s5.69 (3) of the *Local Government Act*, with or without conditions.

INTERESTS AFFECTING IMPARTIALITY

DEFINITION: *An interest that would give rise to a reasonable belief that the impartiality of the person having the interest would be adversely affected, but does not include an interest as referred to in Section 5.60 of the 'Act'.*

A member who has an **Interest Affecting Impartiality** in any matter to be discussed at a Council or Committee Meeting, which will be attended by the member, must disclose the nature of the interest;

- (a) in a written notice given to the Chief Executive Officer before the Meeting; or
- (b) at the Meeting, immediately before the matter is discussed.

IMPACT OF AN IMPARTIALITY CLOSURE

There are very different outcomes resulting from disclosing an interest affecting impartiality compared to that of a financial interest. With the declaration of a financial interest, an elected member leaves the room and does not vote.

With the declaration of this new type of interest, the elected member stays in the room, participates in the debate and votes. In effect then, following disclosure of an interest affecting impartiality, the member's involvement in the Meeting continues as if no interest existed.

PURPOSE

To provide Council with an update on the City Housing Investment Program Request for Proposals (RFP 29-19/20) about which there has been no commitments made to any proposal or project.

BACKGROUND

There is currently slightly over 8,500 rateable residential properties within the City of Karratha. This number has been relatively stable for the past five (5) years. Over the past twelve months there has been a significant decrease in the number of properties available to rent and/or buy in the district and rental and purchase prices have been rising. There is growing concern housing cost will become a significant impediment to sustainable regional development/growth within the City of Karratha like it was during the last construction boom.

Current Situation

Less than 1.5% of the total housing stock within the City of Karratha is currently available to rent or buy. This percentage has been close to 7% at various times in in the past 5-6 years. The lack of stock is being driven by growth in local employment (a significant positive), but with substantial resource related growth on the horizon, housing availability has become a

critical issue that requires urgent attention by all relevant stakeholders. Failure to address this matter in the near future will invariably result in a spike in rent/house sale prices. While this is possibly good for investors and homeowners, it is not a sustainable or positive outcome for the City as a whole.

Given this situation, Council considered a proposed Housing Investment Program at its meeting of 18 November 2019 and resolved (in part) to:

1. *NOTE and AGREE with the following statements in relation to residential housing within the City of Karratha:*
 - a) *There is an undersupply of housing stock available to rent and/or buy within the City of Karratha.*
 - b) *Without a significant injection of new dwelling stock, this undersupply of housing is likely to become considerably worse over the coming years.*
 - c) *While various stakeholders are undertaking activities/works to address the undersupply situation, current plans are unlikely to yield a significant additional supply of housing stock in the short term.*
 - d) *The City of Karratha believes that housing shortages are a critical issue for the local community. Given this, the City is willing to consider a significant investment in the development of additional housing stock over the next three (3) years in an attempt to alleviate housing stress in the community, noting that this style of investment is not traditionally a role for local government.*
 - e) *The City’s objectives in relation to housing investment would be:*
 - i. *The rapid delivery of additional housing stock to the local market;*
 - ii. *Stimulating the local residential building market;*
 - iii. *Delivering a financial return to Council for its investment that exceeds current long-term bank interest rates;*
 - iv. *Urban renewal of the City of Karratha in accordance with the Karratha – City of the North Plans; and*
 - v. *Partnership with industry, government and local businesses to achieve quality outcomes.*
2. *NOTE that the proposed housing investment program may cost \$20-35M over the next 2-3 years with these investment funds projected to return a positive return on investment over the life of investment.*

In addition to potential roles in advocating, aggregating demand and incentivising development, the proposed investment by the City offers potential to address the following significant *supply factors* that are causing a rise in dwelling rental and purchase cost increases:

Issue	Last Housing ‘Boom’	Current Situation	Impact/Synopsis	
Finance Availability	Finance was readily available from banks with low deposits required.	Bank and institutional finance is difficult to obtain.	Finance availability is a major impediment for housing development.	
Builder Availability	Builders relocated to Karratha and, while costs were high, there was choice of building company.	Some local builders available but few (if any) are ‘geared up’ and ready to build a large volume of houses in a relatively short time period.	While there are fewer builders, several have indicated a willingness to ‘gear up’ if appropriate market conditions are available to them.	

In order to ascertain interest amongst developers and builders to partner with the City to attempt to address the current and likely future shortfall in housing stock within the district, Council resolved as follows at the December 2019 Ordinary Council Meeting:

That Council by SIMPLE Majority pursuant to section 3.18 of the Local Government Act 1995 RESOLVES to:

1. *INVITE proposals from developers and builders to partner with the City to attempt to address the current and likely future shortfall in housing stock within the district on any or all of the following basis:*
 - a) *Build on City land;*
 - b) *Develop on others land;*
 - c) *Partnering;*
 - d) *Co-finance;*
 - e) *Guarantee.*

2. *ENDORSE the evaluation criteria as follows:*

<i>Criteria</i>	<i>Weighting</i>
<i>The rapid delivery of additional housing stock</i>	<i>25%</i>
<i>Stimulating the local residential building market</i>	<i>25%</i>
<i>Delivering a financial return to Council</i>	<i>20%</i>
<i>Partnership opportunities that achieve quality outcomes</i>	<i>20%</i>
<i>Urban renewal in accordance Karratha – City of the North Plans</i>	<i>10%</i>

The RFP was advertised on 11 December 2019 in the Pilbara News and on 14 December 2019 in the West Australian. It was also circulated to all City Library noticeboards, placed on the Administration Building noticeboard and on the City Website on 11 December 2019.

The advertised deadline for all submissions to be received was 2pm WST, 5 February 2020.

15 proposals were received by the closing date from:

- Tambrey Nominees Pty Ltd
- Better Builders WA Pty Ltd
- Brendon Grylls Group
- Designfit Group Pty Ltd
- GBSC Yurra Pty Ltd (including Lazy Lands proposal - refer Agenda Item 18.1)
- H&M Tracey Construction Pty Ltd
- Karratha Construction Pty Ltd
- Oztopia Holdings Pty Ltd
- Pindan Contracting Pty Ltd
- SC Building Company WA
- Timik Developments Pty Ltd
- WTC Holdings Pty Ltd
- Nickol Bay Development Consortium
- Tambrey Developments Pty Ltd
- Finbar Group Ltd

The proposals were evaluated by a four person panel comprising of:

- Chief Executive Officer
- Director Corporate Services
- Director Strategic Projects & Infrastructure
- APP Manager Urban Development & Property (independent specialist evaluation).

The proposals were assessed against the weighted qualitative criteria, including how each addressed the following requirements detailed in the RFP:

<p>The rapid delivery of additional housing stock to the local market</p>	<ul style="list-style-type: none"> i. <i>Provide a high level summary of the project proposal.</i> ii. <i>Provide an outline of the proposed option and the reasons for the choice. The City is prepared to consider a range of options including:</i> <ul style="list-style-type: none"> a. <i>Build on our land – the City owns some serviced and semi-serviced residential land in Karratha and could construct dwellings on these lots;</i> b. <i>Develop on others land – the City could develop dwellings on land owned by other parties;</i> c. <i>Partnering – Council could partner with developers/Government on large scale developments to achieve more dwellings;</i> d. <i>Co-finance – Council could offer to co-finance construction of new houses under a ‘shared equity’ style of model to make building more attractive and stimulate new construction; and</i> e. <i>Guarantee – Council could act as an underwriter for new product development by providing a guarantee to developers that they would receive a financial return (either through sale or rental).</i> iii. <i>Provide a high level project schedule/timeline for the successful delivery of additional housing stock to the local market.</i> iv. <i>Provide information that demonstrates that the respondent has sufficient capacity to deliver the project.</i> v. <i>Detail any strategic initiatives or innovative technologies that may be implemented in delivering the project.</i>
<p>Stimulating the local residential building market</p>	<ul style="list-style-type: none"> i. <i>Provide a description of the benefits the proposed project brings to the local residential building market including:</i> <ul style="list-style-type: none"> a) <i>opportunities for local suppliers and/or sub-contractors;</i> b) <i>projected number of direct and indirect jobs;</i> c) <i>estimated value of local content; and</i> d) <i>any other benefits.</i> ii. <i>Provide an overview of how the project will:</i> <ul style="list-style-type: none"> a) <i>create economies of scale to reduce the cost of building;</i> b) <i>create a sustainable, long-term building and construction industry; and</i> c) <i>reinvest profits back into local developments.</i> iii. <i>Provide training and development opportunities for locals.</i>
<p>Delivering a financial return to Council for its investment that exceeds current long-term bank interest rates</p>	<ul style="list-style-type: none"> i. <i>Provide an overview of the commercial principles that underpin the project including:</i> <ul style="list-style-type: none"> a) <i>an indicative budget for the total cost of the project;</i> b) <i>an indicative cost per dwelling;</i> c) <i>anticipated return on investment (ROI) for the project and the City.</i> ii. <i>Outline the financial structure proposed; and</i> iii. <i>Detail the financial risks associated with the proposed structure and strategies to minimise these risks.</i>

Partnership with industry, government and local businesses to achieve quality outcomes	<ol style="list-style-type: none"> i. Provide an overview of how the respondent will partner with industry, government, indigenous groups and/or local businesses to achieve the Project Objectives; ii. Provide an explanation of the roles played by the City and the Respondent in the proposed project and a list of other partners and their roles; and iii. Outline the proposed legal and commercial structures of the project.
Urban renewal of the City of Karratha in accordance with the Karratha – City of the North Plans	<ol style="list-style-type: none"> i. Demonstrate an approach to planning, design and construction that will assist in achieving the Project Objectives and that achieves design outcomes aligned to State Planning Policy 7.0 Design of the Building Environment; ii. Demonstrate how the proposal supports efforts to enhance the liveability of Karratha in line with Karratha – City of the North plans and City of Karratha Local Planning Strategy (https://karratha.wa.gov.au/lps); iii. Provide an overview of the proposed dwelling mix including details of projected quantity and types of dwellings proposed and to the extent robust housing design principles are applied to allow for dwellings to change over time; and iv. Provide an overview of proposed design and construction that is sensitive to existing environmental and neighbourhood characteristics, including concept sketches of proposed dwelling types, elevations, and site layout.

Based on the evaluation, the following five proposals have been shortlisted (in no particular order) for further consideration:

Proponent	Proposal Summary
Tambrey Nominees Pty Ltd	Propose to build 93 apartments (1, 2 and 3 bedroom configuration) on their land adjacent to Tambrey Tavern. Proposal is for the proponent to inject the land and the majority of finance required to construct the facility with City providing debt finance for construction costs with the debt being repayable with interest. Tambrey Nominees propose to use local contractors to construct as much as possible.
H&M Tracey Construction Pty Ltd	Propose to construct up to 60 houses over 3 years. Key elements of proposal are: <ul style="list-style-type: none"> • City to provide land for the construction of 3x2 and 4x2 houses. • Proponent to construct dwellings on the land at their cost. • Some properties to be rented (with City guaranteeing minimum rent). • Some properties to be sold with City and Proponent splitting return based on contribution to the specific property (i.e. Land value and construction value).
Oztopia Holdings Pty Ltd	Propose to construct up to 94 dwellings (in four stages) on City owned land in Gregory Way. Proposal asks City to provide land and act as guarantor on bank loan for stages 1 & 2 of the proposed development. Oztopia plans to engage three local builders to construct the product.
WTC Holdings Pty Ltd	WTC Holdings owns 1371m2 block in the Quarter precinct. WTC is seeking a JV proposal whereby 47 apartments plus 170m2 of commercial space are developed on their site. Development proposed over six levels. WTC propose to contribute the land, management and consulting fees, while the City (and/or NAIF) would fund the remaining development costs. The proposal has been developed in consultation with local builders.

GBSC Yurra Pty Ltd (Lazy Lands proposal)	<p>After publicly seeking submission in January 2019, in August 2019, GBSC Yurra was given an Exclusive Working Period to develop a housing partnership proposal for three City owned properties. This proposal by GBSC Yurra was originally submitted in January 2020 but has subsequently been included as an Appendix to its further submission lodged as part of this RFP. As the proposal is consistent with the objectives of the RFP it has been evaluated as part of the submissions received.</p> <p>The proposal is to construct nine dwellings on three lazy lands lots owned by the City at:</p> <ul style="list-style-type: none"> • Lot 611 Mayo Court, Nickol (5 dwellings) • Lot 602 Pelusey Way, Nickol (2 dwellings) • Lot 612 Boyd Close, Nickol (2 dwellings) <p>The proposal is for the partners to contribute equity into the construction of the nine dwellings with ownership of the dwellings being aligned to the % of project equity contributed.</p>

A full copy of the Evaluation Report is contained within the confidential section of the agenda.

In order to assess financial models, legal structures, compliance requirements and complete due diligence, Officers propose to meet with each of the shortlisted proponents prior to the end of February. Following this, a further report will be provided to Council at the March 2020 OCM.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy CG-8 Significant Decision Making Policy, this matter is considered to be of high significance in terms of social, economic issues and cultural and wellbeing of the City.

COUNCILLOR/OFFICER CONSULTATION

Councillors have received regular updates on the status of development activity at monthly Councillor Briefings. Over the past eight months Council has had several informal briefings and discussions regarding the status of the housing market and has held discussions about the potential roles and functions the Council could/should take to assisting with 'fixing' the current and likely future housing issues. Housing specific briefings have been provided at the August, September, October, November, December and February Council Briefing Sessions. Council has indicated that it is willing to act as a 'circuit breaker' to the current impasse and has been informally considering options/strategies that it may wish to pursue to address this issue. Council formally considered a proposed Housing Investment Program at its November and December 2019 OCMs.

COMMUNITY CONSULTATION

The City has been holding discussions with a range of key stakeholders regarding the problem and potential solutions. Discussions have occurred with:

- State and Federal Government Politicians
- Government Departments – Development WA and Department of Communities (Housing)
- Major Resource Companies
- Major land owners
- Real Estate industry experts
- Developers and Builders

As a result of these discussions it has become clear to City officers that, while there is a general understanding and acknowledgement of the issue at hand, there are few tangible strategies to assist in solving the problem in the short term as there is limited financial capital available and limited appetite for risk when it comes to the Pilbara property market.

Information sessions were held in Perth and Karratha on 11 December 2019 with an invitation to builders, developers, banking institutions and relevant Government agencies and peak bodies. 32 people attended the Perth session and 26 attended in Karratha.

The proposed Housing Investment program has generated significant community interest. A petition with 2,483 names has been received objecting to Council spending money on any proposal brought forward under the proposed Housing Investment Program or on any residential property development. In addition, 31 pro-forma emails have been received objecting to the proposed Housing Investment Program.

The City has also received letters of support from the Karratha & Districts Chamber of Commerce and Industry (KDCCI), Empowering People in Communities (EPIC Incorporated), Western Australian Council of Social Service (WACOSS), Karratha Central Health Care, the Department of Communities and Bart Parsons.

Initial results from the 2020 Community Survey indicates that 63% of the community rate housing as a high or very high priority and 81% rate cost of living as a high or very high priority.

Prior to any investment decision being made by Council it is proposed that community consultation be undertaken with all feedback being reported to Council to inform any decision of Council.

STATUTORY IMPLICATIONS

Depending on the outcomes of the discussions with shortlisted proponents, Council may need to consider development of a Major Land Transaction Business Plan and/or a procurement process (EOI/RFT) in accordance with the *Local Government Act 1995*.

POLICY IMPLICATIONS

Council *Policy CF-04 Investment Policy – Property* stipulates the provisions/criteria that need to be satisfied prior to making an investment decision pertaining to Property. The Policy states that one or more of the following criteria needs to be satisfied:

- a) Council may invest in land holdings that will have capital growth for future generations.
- b) Council may invest in Commercial/Industrial Property which gives continuous source of ongoing returns and also have capital growth potential.
- c) Council may engage in Re-Development activity that are greenfield or infill through:
 - i. creating development interests;
 - ii. divest Council-owned operational land holdings; or
 - iii. facilitate development of Council owned property assets.
- d) Council investment in property must be considered within the following broad investment framework:
 - i. within close proximity to major infrastructure including public hospitals, transport, employment, retail and education;
 - ii. purchase at Market Price or if special value is relevant the offer/sale price;
 - iii. must be based on market driven rationale;
 - iv. must be capable of providing reasonable commercial rental returns;
 - v. capital Works are to be restricted to value adding projects; and
 - vi. tenants are carefully considered and properties are actively managed.

- e) Council may consider converting surplus property for reclassification and/or rezoning in order to be able to convert them to a development or divestment opportunity.
- f) Council may invest in property to achieve key strategic goals of the Council that will deliver a broad based benefit to the community without financial return being the key driver.
- g) Council may use its land holdings to leverage acquisition of other land critical to the orderly development of important urban or environmental areas.
- h) Council may also include selling or development activity to generate returns to enable funding of the renewal and replacement of Community Infrastructure.

FINANCIAL IMPLICATIONS

An immediate budget allocation of \$250,000 has been made through the November 2019 Budget Review process to commence the planning for this project. Expenses incurred to date by APP Corporation Pty Ltd (APP) in assisting with project evaluation are less than \$8,000 and it is not currently expected that the \$250,000 budget will be expended in 2019/20.

If Council was to proceed with all five of the shortlisted proposals in their current form, about which no decisions have yet been made or sought, the total investment by Council would be approximately \$40M, although most if not all of this would be recouped in the short to medium term. While it is proposed to enter into discussions with the five (5) shortlisted proponents, at this time there is no certainty that Council will enter into any transaction. As such, there is no allocation within the City’s 2019/20 Budget or within the City’s Long Term Financial Plan for this style of investment, however the City has substantial financial reserves and is likely to have the capacity to undertake the significant scale of this investment program if Council ultimately resolves to proceed with any of the proposals.

STRATEGIC IMPLICATIONS

The City’s Vision is to become Australia’s Most Liveable Regional City. To achieve this Vision, housing availability must be a key priority. Specifically this item is relevant to the Council’s approved Strategic Community Plan 2016-2026 objectives of having a *diverse and balanced community* and a *well-managed and diversified economy*.

Our outcomes:	1.a.	Quality community facilities
Our response	1.a.1	A full range of city-standard facilities and community infrastructure provided
Our outcomes:	2.c	Good infrastructure to support business investment
Our response	2.c.1	Serviced land is prepared and available for a variety of enterprise purposes
	2.c.2	Public private partnerships are in place for the development of key infrastructure
Our outcomes:	4.e.	Services that meet community needs
Our response:	4.e.1	Services to our community area are socially responsible and financially sustainable
	4.e.2	Service levels are determined by evidence based analysis of community needs

RISK MANAGEMENT CONSIDERATIONS

The level of risk to the City is considered to be as follows:

Category	Risk level	Comments
Health	N/A	Nil
Financial	Moderate	There is a financial risk in investing in property development. Should Council progress with any or all of the shortlisted proposals, Council may need to consider the development of a Major Land Transaction Business Plan which will address the financial risks associated with the Housing Investment Program.
Service Interruption	High	Failure to address housing availability in the near future will invariably result in a shortage of labour supply particularly in the service sector.
Environment	N/A	Nil
Reputation	Moderate	Some members of the community (particularly investors) are concerned that the proposed Housing Investment Program will impact on investment returns.
Compliance	Moderate	Should Council progress with any or all of the shortlisted proposals, Council may need to consider the development of a Major Land Transaction Business Plan and or RFT.

IMPACT ON CAPACITY

APP has been appointed to provide Project Management Services for the proposed Housing Investment Program.

RELEVANT PRECEDENTS

Council already owns and manages a portfolio of 58 houses that are primarily used for staff housing although several are currently rented on the private rental market.

In recent years, Council has invested in number of commercial projects including:

- Purchase of Quarter HQ - \$20M purchase price. 5.8% ROI (annualised);
- Purchase and Lease of land for development of Quarter Hilton Hotel - \$1 purchase. Commercial lease with \$10M upfront and up to \$20.5 return over 21 years; and
- Purchase and lease back of hanger built by/for Babcock Helicopters - \$3.5M purchase. Commercial rent agreement for nine (9) years.

Additionally, Council previously agreed to proceed with a \$22M Business Plan for the development of land and buildings at the Gap Ridge Homemaker Centre but did not progress the project past the planning phase as market conditions identified that the project was unlikely to be successful at that time.

VOTING REQUIREMENTS

Simple Majority.

OPTIONS:Option 1

As per Officer's recommendation.

Option 2

That Council NOT PROCEED further with any of the proposals from developers and builders to partner with the City to attempt to address the shortfall in housing stock within the district and instead focus its efforts on advocating that the State Government, lending institutions and major, local resource sector interests play a more active role in addressing the current market failure that is occurring in the housing sector.

CONCLUSION

There is currently a shortage of properties to buy and/or rent within the City of Karratha. Impending resource sector growth is likely to exacerbate this problem. Without the rapid development of additional dwelling stock it is likely that there will be a spike in house and rental prices.

The Evaluation Panel believes that the shortlisted proponents have the greatest capacity to deliver on Council's objectives in relation to potential housing investment and could deliver approximately 300 dwellings within three years.

OFFICER'S RECOMMENDATION

That Council by **SIMPLE** Majority pursuant to section 3.18 of the *Local Government Act 1995* **RESOLVES** to **NOTE** that Officers will be meeting with the following shortlisted proponents to clarify details of responses to the proposed City Housing Investment Program:

- **Tambrey Nominees Pty Ltd**
- **H&M Tracey Construction Pty Ltd**
- **Oztopia Holdings Pty Ltd**
- **WTC Holdings Pty Ltd**
- **GBSC Yurra Pty Ltd (Lazy Lands proposal)**

PURPOSE

To provide a summary of Council's financial position for the period ending 31 December 2019.

BACKGROUND

The following table is a summary of the Financial Activity Statement Report compared to the Budget as at 31 December 2019:

2019/20	Original Budget	Amended Budget	Year to Date Budget	Year To Date Actual	YTD Variance	Variance %	Impact on Surplus
Operating Revenue (incl. Rates)	101,706,903	109,541,325	73,986,922	73,757,480	(229,442)	-0.3%	↓

The balance of all Term Deposits includes interest accrued to 31 December 2019

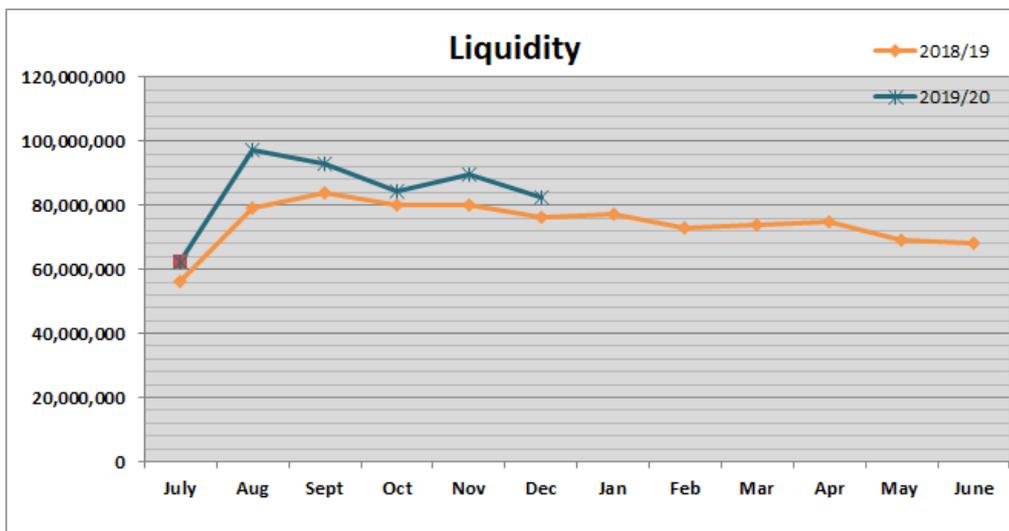

The Reserve Bank cash rate (overnight money market interest rate) remained at 0.75% during December. The Municipal funds held with Westpac Bank are currently earning 0.10% interest on balances between \$1m and \$5m in the everyday account and amounts greater than \$5m will earn 0.20%.

During December, Council had a total of \$18.8m maturing in Municipal and Reserve investments, and \$14.6m was invested as follows:

- Reserve - \$7.5m for 3 months at 1.80%
- Reserve - \$3m for 3 months at 1.74%
- Municipal - \$2m for 3 months at 1.74%
- Municipal - \$2m for 3 months at 1.74%

The liquidity graph for 2019/20 demonstrates a decrease in liquidity during December, primarily due to payment of accounts payable.

As part of Council’s investment strategy, reserve funds were used to purchase a commercial property ‘The Quarter’ in June 2017. The following table provides a summary of all income and expenditure for The Quarter for the current financial year:

	Month End – Dec 2019 \$	Year to Date – Dec 2019 \$	Life to Date – Dec 2019 \$

LEVEL OF SIGNIFICANCE

Financial integrity is essential to the operational viability of the Council but also as the custodian of community assets and service provision. An ability to monitor and report on financial operations, activities and capital projects is imperative to ensure that financial risk is managed at acceptable levels of comfort.

The ability for the City of Karratha to remain financially sustainable is a significant strategy for a region that is continually under pressure from the resources industry, private enterprise and State Government obligations for the ongoing development of infrastructure and services.

COUNCILLOR/OFFICER CONSULTATION

Executives and Management have been involved in monthly reviews of their operational and departmental budgets and notifying the Financial Services team of trends and variances arising from their operational areas.

COMMUNITY CONSULTATION

No community consultation is required.

STATUTORY IMPLICATIONS

In accordance with the *Local Government Act 1995* and *Local Government (Financial Management) Regulations 1996*, a Statement of Financial Activity is required to be presented to Council as a minimum requirement.

Section 6.4 of the *Local Government Act 1995* provides for the preparation of financial reports.

In accordance with Regulation 34 (5) of the *Local Government (Financial Management) Regulations 1996*, a report must be compiled on variances greater than the materiality threshold adopted by Council of \$50,000 or 10% whichever is the greater. As this report is composed at a program level, variance commentary considers the most significant items that comprise the variance.

POLICY IMPLICATIONS

The Council's financial reporting is prepared in accordance with Accounting Policy CF1. This is reviewed periodically to ensure compliance with legislative and statutory obligations.

FINANCIAL IMPLICATIONS

The report represents the financial position of the Council at the end of December 2019 with a year to date budget surplus position of \$25,879,007 (comprising \$25,426,524 unrestricted surplus and \$452,483 restricted surplus) and a current surplus position of \$35,143,938 (comprising \$34,691,455 unrestricted surplus and \$452,483 restricted surplus). The restricted balance comprises PUPP service charges levied in 2014/15.

STRATEGIC IMPLICATIONS

This item is relevant to the Council's approved Strategic Community Plan 2016-2026 and Corporate Business Plan 2016-2021. In particular, the Operational Plan 2019-2020 provided for this activity:

Our Programs/Services:	4.c.1.1	Management Accounting Services.
Our Projects/Actions:	4.c.1.1.1	Conduct monthly and annual financial reviews and reporting.

RISK MANAGEMENT CONSIDERATIONS

Astute financial management backed by strong internal controls, policies and monitoring will ensure risks are assessed regularly and managed appropriately. Expenditure and revenue streams are monitored against approved budgets by management and the financial team with material variances being reported. It is incumbent on all managers that any perceived extraordinary variances that have, or likely to have, occurred are escalated immediately for consideration by Executive and/or Council.

The level of risk to the City is considered to be as follows:

Category	Risk level	Comments
Health	N/A	Nil
Financial	Low	The completion of the Monthly Financial Activity Statement report is a control that monitors this risk
Service Interruption	N/A	Nil
Environment	N/A	Nil
Reputation	N/A	Nil
Compliance	N/A	Nil

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer’s recommendation.

RELEVANT PRECEDENTS

This is a monthly process advising Council of the current financial position of the City of Karratha.

VOTING REQUIREMENTS

Simple Majority.

OPTIONS:

Option 1

As per the Officer’s recommendation.

Option 2

That Council by SIMPLE Majority pursuant to Section 6.4 of the *Local Government Act 1995* and Regulation 34 of the *Local Government (Financial Administration) Regulations 1996* RESOLVES to:

1. RECEIVE the Financial Reports for the financial period ending 31st December 2019; and
2. APPROVE the following actions:
 - a) _____
 - b) _____

Option 3

That Council by SIMPLE Majority pursuant to Section 6.4 of the *Local Government Act 1995* and Regulation 34 of the *Local Government (Financial Administration) Regulations 1996* RESOLVES to NOT RECEIVE the Financial Report for the financial period ending 31st December 2019.

CONCLUSION

Council is obliged to receive the monthly financial reports as per statutory requirements. Details in regard to the variances and the commentary provided are to be noted as part of the report.

OFFICER'S RECOMMENDATION

That Council by SIMPLE Majority pursuant to Section 6.4 of the *Local Government Act 1995* and Regulation 34 of the *Local Government (Financial Administration) Regulations 1996* RESOLVES to RECEIVE the Financial Reports for the financial period ending 31st December 2019

PURPOSE

To advise Council of payments made for the period from 19 December 2019 to 20 January 2020.

BACKGROUND

Council has delegated authority to the Chief Executive Officer to exercise its power to make payments from the City's Municipal and Trust funds.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy CG-8 Significant Decision Making Policy, this matter is considered to be of high significance in terms of Council's ability to perform its role.

COUNCILLOR/OFFICER CONSULTATION

Officers have been involved in the approvals of any requisitions, purchase orders, invoicing and reconciliation matters.

COMMUNITY CONSULTATION

No community consultation is required.

STATUTORY IMPLICATIONS

Payments are to be made in accordance with Part 6, Division 4 of the *Local Government Act 1995* and as per the *Local Government (Financial Management) Regulations 1996*. Payments are to be made through the municipal fund, trust fund or reserve funds. Payments are to be in accordance with approved systems as authorised by the CEO.

POLICY IMPLICATIONS

Staff are required to ensure that they comply under Council Policy CF6 – Purchasing Policy and CF5 - Regional Price Preference Policy (where applicable) and that budget provision is available for any expenditure commitments.

FINANCIAL IMPLICATIONS

Payments are made under delegated authority and are within defined and approved budgets. Payment is made within agreed trade terms and in a timely manner.

Payments for the period 19 December 2019 to 20 January 2020 totalled \$18,650,246.20 which included the following payments:

- City of Karratha – Muni/Reserve Fund TD Investments - \$6,000,000
- Georgiou Group – Dampier Palms Redevelopment - \$3,170,166

Consistent with CG-11 Regional Price Preference Policy 24% of the value of external payments reported for the period were made locally.

STRATEGIC IMPLICATIONS

This item is relevant to the Council’s approved Strategic Community Plan 2016-2026 and Corporate Business Plan 2016-2021. In particular, the Operational Plan 2019-2020 provided for this activity:

Our Program: 4.c.1.4 Process Accounts Receivable and Accounts Payable

RISK MANAGEMENT CONSIDERATIONS

The level of risk to the City is considered to be as follows:

Category	Risk level	Comments
Health	N/A	Nil
Financial	Low	Failure to make payments within terms may render Council liable to interest and penalties
Service Interruption	Moderate	Failure to pay suppliers may lead to delays in the future provision of goods and services from those suppliers
Environment	N/A	Nil
Reputation	Moderate	Failure to pay for goods and services in a prompt and professional manner, in particular to local suppliers, may cause dissatisfaction amongst the community
Compliance	N/A	Nil

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer’s recommendation.

RELEVANT PRECEDENTS

There are no relevant precedents related to this matter.

VOTING REQUIREMENTS

10.3 STRATEGIC ASSET MANAGEMENT PLAN

File No:	CM.135

Reporting Author:	Asset Management Coordinator
Date of Report:	7 February 2020
Applicant/Proponent:	Nil
Disclosure of Interest:	Nil
Attachment(s):	Draft Strategic Asset Management Plan 2019-2024

PURPOSE

For Council to consider the draft Strategic Asset Management Plan for the period 2019/20 to 2023/24.

BACKGROUND

Section 5.56 of the *Local Government Act 1995* requires local government authorities in Western Australia to plan for their future. As part of the development of the Integrated Strategic Planning Framework, the City is required to integrate matters relating to asset management.

The Asset Management Strategy is a document that outlines how the City's asset portfolio will meet the service delivery needs of its communities into the future. In conjunction with the Asset Management Strategy, Asset Management Plans are developed for each asset class to define the current levels of service and the processes used to manage that asset class.

Along with the Long Term Financial Plan and Workforce Plan, the Asset Management Plan acts to inform the Strategic Community Plan and Corporate Business Plan. The current Asset Management Strategy and Plans were adopted by Council in 2012 and have been reviewed to reflect the City's current asset portfolio and asset management practices.

The total asset value has increased from \$207.78M as at 30 June 2012 to \$690.86M as at 30 June 2019. This is attributable to the introduction of Fair Value accounting for asset values and the addition of significant new assets. The following table highlights the difference in proposed expenditure since the adoption of the last Asset Management Strategy and Plans:

	2012 AMP	2019 AMP
Total Asset Value	\$207.78M	\$690.86M
Renewal expenditure	\$86.94M	\$86.95M
New expenditure	\$129.17M	\$66.91M
Maintenance expenditure	\$1.26M	\$25.99M
Total expenditure	\$217.36M	\$179.85M

A summary of key proposed changes is outlined in the table below:

Proposed Amendment	Rationale
Reclassification of Asset Classes contained within policy	To ensure consistency with data recorded in Asset Management System
Update City branding	To ensure consistency with brand guidelines utilised in other City strategic documents
Removal of Asset Management Policy portion	To prevent duplication of information contained in CF13 Asset Management Policy and potential inconsistencies as a result of varying review dates
Update action plan items	To clarify actions to be undertaken in coming periods
Expand detail of asset expenditure items	To support calculation of financial management performance indicators for use in Annual Financial Statements
Update of asset valuations referenced throughout plan	To provide relevant data to users of plan

The newly titled Strategic Asset Management Plan is a five year rolling plan formulated on the basis of asset levels of service, strategic direction and asset condition data. This plan will be reviewed on a regular basis and will assist to formulate asset management programs.

At the January 2020 Ordinary Council Meeting, the Draft Strategic Asset Management Plan was laid on the table to be considered at the February 2020 Ordinary Council Meeting.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy CG-8 Significant Decision Making Policy, this matter is considered to be of moderate significance in terms of Council’s ability to perform its role.

COUNCILLOR/OFFICER CONSULTATION

Consultation has taken place with relevant Managers in reviewing the detail contained within the Strategic Asset Management Plan.

COMMUNITY CONSULTATION

Community feedback from the Annual Community Survey has been considered in reviewing the detail contained within the Strategic Asset Management Plan.

STATUTORY IMPLICATIONS

Section 5.56 *Local Government Act 1995* provides that a local government is to plan for the future of the district.

POLICY IMPLICATIONS

There are no policy implications.

FINANCIAL IMPLICATIONS

The Strategic Asset Management Plan informs the Long Term Financial Plan and ultimately the Annual Budget.

STRATEGIC IMPLICATIONS

This item is relevant to the Council’s approved Strategic Community Plan 2016-2026 and Corporate Business Plan 2016-2021. In particular, the Operational Plan 2018-2019 provided for this activity:

Programs/Services:	4.c.1.2	Asset Management Services
Projects/Actions:	4.c.1.2.1	Implement Sustainable Asset Management Plans

RISK MANAGEMENT CONSIDERATIONS

The level of risk to the City is considered to be as follows:

Category	Risk level	Comments
Health	N/A	Nil
Financial	N/A	Nil
Service Interruption	Moderate	The SAMP will assist in ensuring that assets are maintained at a level required for effective community use.
Environment	N/A	Nil
Reputation	N/A	Nil
Compliance	Low	The updated Strategic Asset Management Plan will continue to ensure Council’s compliance with s5.56 (1) of the <i>Local Government Act 1995</i>

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer’s recommendation.

RELEVANT PRECEDENTS

The City completed initial development of the ISP documents in 2012 and this is the first major review of the Strategic Asset Management Plan.

VOTING REQUIREMENTS

Simple Majority.

OPTIONS:

Option 1

As per Officer’s recommendation.

Option 2

That Council by SIMPLE Majority pursuant to Section 5.56 of the *Local Government Act 1995* RESOLVES to ADOPT the draft Strategic Asset Management Plan 2019-2024 with the following modifications:

Option 3

That Council by SIMPLE Majority pursuant to Section 5.56 of the *Local Government Act 1995* RESOLVES to DEFER consideration of the draft Strategic Asset Management Plan 2019-2024 pending further information.

CONCLUSION

The Strategic Asset Management Plan 2019-2024 will facilitate the progression of updates to integrated strategic planning documents to which the Strategic Asset Management Plan is an informing document.

OFFICER’S RECOMMENDATION

That Council by SIMPLE Majority pursuant to Section 5.56 of the *Local Government Act 1995* RESOLVES to ADOPT the Strategic Asset Management Plan 2019-2024 (as attached).

10.4 KEY PERFORMANCE MEASURES FOR QUARTER 2 OF 2019-2020

File No: CM.89
Responsible Executive Officer: Director Corporate Services
Reporting Author: Manager Governance & Organisational Strategy
Date of Report: 31 January 2020
Applicant/Proponent: Nil
Disclosure of Interest: Nil
Attachment: Nil

PURPOSE

To provide Council with an update on the Quarter 2 (October - December 2019) performance against the Operational Plan 2019-20.

BACKGROUND

There are four strategic themes in the Strategic Community Plan 2016-2026, which are delivered through 122 Key Programs and Services outlined in the Corporate Business Plan. These are in turn delivered through 162 ongoing projects and actions, which are reported against 90 performance measures introduced at periodic intervals throughout the year as certain triggers are reached. Considerable work continues to be carried out to ensure that the KPIs remain meaningful and relevant from a community strategy and corporate business perspective.

Each theme outlines a set of programs delivered through a number of projects and services as follows:

Strategic Theme	Programs & Services	Projects & Actions	Performance Measures
Our Community	46	75	37
Our Economy	14	16	9
Our Natural & Built Environment	26	32	11
Our Leadership	36	39	33
TOTAL	122	162	90

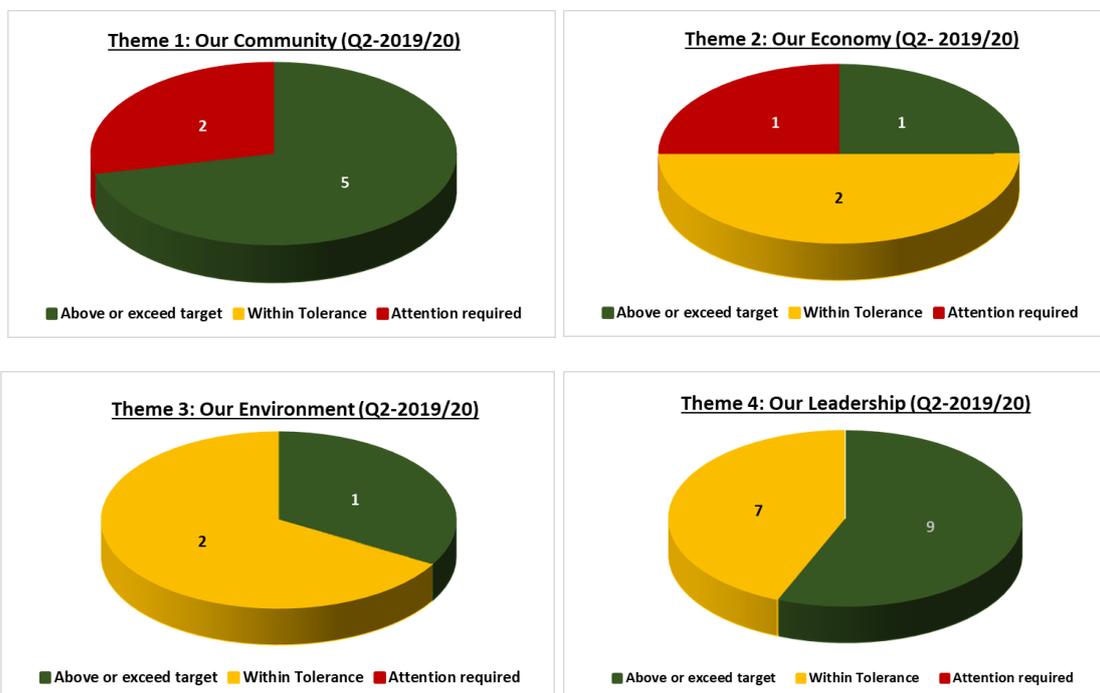

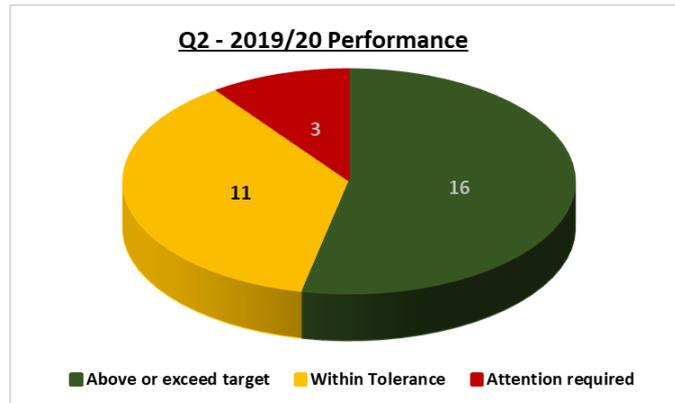

One of the processes supporting the Integrated Strategic Planning (ISP) Framework is quarterly reporting against the performance measures to monitor performance and respond to changing priorities.

A snapshot of the overall performance during Quarter 2 is included in this report. It uses a traffic light system to represent the following benchmarks:

	Attention Required	Below the lower tolerance applied to the KPI.
	Within Tolerance	Between the target and lower tolerance applied to the KPI.
	On Target	Either on or above target.

Quarter 2 Performance Measures

Out of a total 90 performance measures, 30 KPIs are measured this quarter. The results for Quarter 2 are indicated below:

27 (90%) of the Quarter 2 performance measures exceeded the target or were within tolerance levels, including:

- Overall attendances continue to grow at the Karratha Leisureplex, Wickham Recreation Precinct and Roebourne Aquatic Centre. WRP numbers are up on last year and 40% over quarterly targets mainly associated with gym and aquatic activities. RTIO wellness program and corporate discounts have attracted new memberships at WRP. Swimming continues to be a popular outlet at Roebourne during the early summer season with a 23% increase on attendances compared to the quarterly target for the facility.
- Library attendances are up by 20% across all sites. Largest attendances were noted in Roebourne and at Wickham. Roebourne was influenced through an influx of visitors and meetings at the new venue. Wickham was influenced through new families joining the library and new programs at the Wickham Community Hub.
- Facebook engagements and interactions continue to be strongly received with particular interest in housing investment program FAQs and road surface warning due to high temperatures. Year to date engagements are averaging 78,142 compared to the last two years that averaged 66,585.

- Average commercial lease costs per square metre for retail and office space has increased from around \$254/m² in June 2019 to \$290/m² in December 2019. The range currently sits around \$250/m² - \$450/m².
- Contamination rates for residential kerbside recycling services is hovering at 18% just under the maximum tolerance levels of 20%. Data obtained is only for October and November as a fire destroyed the Cleanaway processing centre in Perth.
- There were no lost time injuries for the reporting period.
- Indigenous employment is 20 employees or 7.1% of the FTE workforce.
- 88.3% of invoices were paid to suppliers within standard terms of trade.
- All building and planning applications continue to be dealt with within statutory time frames.
- 96% of incoming enquiries and work requests are being closed out within 1.4 days. 1,561 enquiries were received in the reporting period.

Three (10%) of the Quarter 2 performance measures require attention. The table below highlights the areas of attention:

Theme	Program / Service	Measure	Shortfall in Performance	Comments/Corrective Action
Our Community – Diverse and Balanced	1.b.3.1 Safer Communities Partnership	1.b.3.1.a Increased public knowledge of the Safer Communities Partnership as determined through the Community Safety Survey.	Target: 50% Q2 Outcome: 38%	Result is similar to the previous year (38.11%). In addition, 44% of community members indicated that they had heard of or used one or more of the 11 listed community safety programs implemented by the SCP, indicating that community are less aware of the SCP brand, than the programs themselves. Ongoing promotion of the Safer Communities Partnership and programs is occurring through social media forums.
	1.d.2.6 Environmental Health Services	1.d.2.6.a Inspect 40 public health premises per month.	Target: 120 Q2 Outcome: 57	Lower inspections is a result of 2 of 3 roles being vacant. Vacant positions are now being filled.
Our Economy – Well managed and diversified	2.a.3.1 Governance Support around Procurement Processes	2.a.3.1.a Percentage of invoices paid to local businesses	Target: 50% Q2 Outcome: 27%	The value of invoices paid to local suppliers was \$5.2M which represents 27% of supplier expenditure during Q2. Of the \$13.7M paid to non-local suppliers approximately \$7.3M was attributed to a major construction project. Although not classified as a local supplier, 32% of the works were undertaken by local sub-contractors.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy CG-8 Significant Decision Making Policy, this matter is considered to be of high significance in terms of Council’s ability to perform its role.

COUNCILLOR/OFFICER CONSULTATION

Consultation has taken place with all departments impacted by KPIs to ascertain and report on progress towards the desired performance measures.

COMMUNITY CONSULTATION

No community consultation is required.

STATUTORY IMPLICATIONS

Section 5.56(1) of the *Local Government Act 1995*, and Regulation 19CA, 19C and 19DA of the *Local Government (Administration) Regulations 1996* (the Regulations) establish requirements for Strategic Community Plans and Corporate Business Plans.

POLICY IMPLICATIONS

There are no policy implications.

FINANCIAL IMPLICATIONS

Projects detailed in the Operational Plan have been included in Council's budget.

STRATEGIC IMPLICATIONS

This item is relevant to the Council's approved Strategic Community Plan 2016-2026 and Corporate Business Plan 2016-2021. In particular, the Operational Plan 2019-2020 provided for this activity:

Our Programs/Services: 4.a.2.1 Integrated Strategic Planning
 Our Projects/Actions: 4.a.2.1.1 Develop, Maintain, Monitor and Report on the Strategic Community Plan, Corporate Business Plan, Operational Plan, informing strategic documents and Key Performance Measures.

RISK MANAGEMENT CONSIDERATIONS

The level of risk to the City is considered to be as follows:

Category	Risk level	Comments
Health	N/A	Nil
Financial	N/A	Nil
Service Interruption	N/A	Nil
Environment	N/A	Nil
Reputation	Low	There are reputational risks associated if Council does not deliver on commitments in the Strategic Community Plan, Corporate Business Plan and Operational Plan.
Compliance	Low	Whilst there are statutory implications for quarterly performance reporting, the regular reporting throughout the year assists in assessing performance of service areas and highlights the need for any remedial action where it is required. A review of the Strategic Community Plan, Corporate Business Plan and Operational Plan is scheduled to commence in March 2020.

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

RELEVANT PRECEDENTS

Quarterly Performance Reports have been provided to Council since the 2013-2014 financial year.

VOTING REQUIREMENTS

Simple Majority.

OPTIONS:Option 1

As per Officer's recommendation.

Option 2

That Council by Simple Majority pursuant to Section 5.56(1) of the *Local Government Act 1995* and Regulation 19DA of the *Local Government (Administration) Regulations 1996* RESOLVES to DEFER consideration of the Quarter 2 Performance Report for 2019-2020.

CONCLUSION

In accordance with the requirements of the *Local Government Act 1995* and the *Local Government (Administration) Regulations 1996*, Council adopted a suite of documents that comprise the ISP framework.

The Quarter 2 Performance Report summarises the performance of Council in relation to goals set at the start of the financial year. This report confirms that 90% of the 30 performance measures were achieved or substantially achieved in Quarter 2 as at 31 December 2019.

OFFICER'S RECOMMENDATION

That Council by SIMPLE Majority pursuant to Section 5.56(1) of the *Local Government Act 1995* and Regulation 19DA of the *Local Government (Administration) Regulations 1996* RESOLVES to RECEIVE the Quarter 2 Performance Report for 2019/20.

12.1 REQUEST TO INITIATE SCHEME AMENDMENT TO REZONE LOT 500 MADIGAN ROAD, STOVE HILL

File No:	A74669
Responsible Executive Officer:	Director Development Services
Reporting Author:	Planner/Compliance Officer
Date of Report:	30 January 2020
Applicant/Proponent:	RFF on behalf of Ausco Modular Pty Ltd
Disclosure of Interest:	Nil
Attachment(s)	1. Location Plan 2. Zoning Map

PURPOSE

For Council to consider an application to initiate a scheme amendment to rezone Lot 500 Madigan Road, Stove Hill to 'Mixed Business' with an 'Additional Use' of Workforce Accommodation as a Permitted use.

BACKGROUND

RFF has submitted a request on behalf of Ausco Modular Pty Ltd to amend City of Karratha Local Planning Scheme No.8 to:

1. Rezone Lot 500 Madigan Road, Stove Hill from 'Rural Residential' and 'Tourism' to 'Mixed Business'; and
2. Add Workforce Accommodation as a Permitted 'Additional Use' over Lot 500 via Appendix 6 of the Scheme.

This request has been made to retain the ability for Workforce Accommodation to be approved over the portion of Lot 500 approved for expansion of Kingfisher Stayover Village (Kingfisher Village). This portion of Lot 500 is zoned Rural Residential. Scheme Amendment No.39 has made Workforce Accommodation a use not permitted in the Rural Residential zone.

Approvals History

The existing Kingfisher Village was approved in 2007 on what was then Lot 326 Madigan Road, Stove Hill. An extension of this development within the boundaries of Lot 326 was granted in 2008. There is no time-limit on the approval for the existing Kingfisher Village. Prior to the existing Kingfisher Village, Lot 326 contained a bird park (approved in 1996), which is likely the reason for the current Scheme zoning of Tourism over this land area.

On 27 March 2013, the JDAP approved a 440 room expansion of Kingfisher Village over adjoining Crown Lot 211. The City supported this approval being granted. The approval period for the proposed expansion was limited to ten years (ie. 26 March 2023) and the standard two years was given for the development to substantially commence (ie. 26 March 2015). Three two year extensions have been granted by JDAP to the period within which development is to substantially commence (ie. 26 March 2021).

The last time JDAP extended the period within which development is to substantially commence, it also amended the ten (10) year time-limited approval from the date of the original decision (ie. 26 March 2023) to five (5) years from the date of occupancy. Council recommended JDAP refuse that request at its May 2019 OCM and JDAP initially refused the request but then overturned that decision on invitation from the State Administrative Tribunal, after the applicant appealed the JDAP refusal.

Reasons for the Request

Since the original approval was granted to the proposed expansion, the owner of Lot 326 has purchased Lot 211 from the State and the State has amalgamated these lots to create Lot 500. However, the different zoning that applied to each lot (Tourism for the existing Kingfisher Village and Rural Residential for the proposed expansion area) has been carried over, leaving Lot 500 under dual zoning.

The applicant has requested rezoning of Lot 500 from Tourism and Rural Residential to Mixed Business with the Permitted Additional Use of Workforce Accommodation for the following reasons:

1. The subject site has a split zoning which has resulted from the amalgamation of Unallocated Crown Land into the historical Freehold Land Parcel;
2. The resolution of this issue will provide clarity on the longer-term development opportunity and land use permissibility of uses on the subject site; and
3. The Additional Use of Workforce Accommodation (as a Permitted use) will ensure the current use and approved expansion are appropriately protected.

Council needs to consider whether the requested zoning of Mixed Business is appropriate for Lot 500 and whether a Permitted Additional Use of Workforce Accommodation is appropriate.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy CG-8 Significant Decision Making Policy, this matter is considered to be of low significance in terms of Council's ability to perform its role.

COUNCILLOR/OFFICER CONSULTATION

No Councillor or Officer consultation is required.

COMMUNITY CONSULTATION

No community consultation is required should Council not proceed with the proposed Scheme Amendment. Should Council support the proposed Scheme Amendment public advertising of the proposal would occur in accordance with the *Planning and Development Regulations 2015*.

STATUTORY IMPLICATIONS

Requested Mixed Business Zone

Section 75 of the *Planning and Development Act 2005* provides for a Local Government to amend a local planning scheme or adopt an amendment to a local planning scheme proposed by the owner/s of land. In this instance, under Clause 35 (1) of Schedule 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, Council has two options:

1. Adopt the requested scheme amendment; or
2. Not support the requested scheme amendment.

These two options are considered in more detail in the following table:

Option	Officer’s Comments	Officers Recommendation
<p>1. Adopt the requested Scheme Amendment</p>	<ul style="list-style-type: none"> • Under a Mixed Business zone, workforce accommodation would be a use that could be approved by the relevant decision maker (most likely JDAP). • The subject site is not identified for Mixed Business under the City’s approved Local Planning Strategy (LPS). The LPS recommends further detailed investigation to determine the appropriate zoning for this area. • This investigation has not occurred to date. The intention is to undertake this investigation as part of the impending Scheme Review process. • In isolation, the site is not considered an appropriate location for a new Mixed Business zone. The following uses are Permitted in the Mixed Business zone: Industry – Service; Dry Cleaning Premises; Motor Vehicle and/or Marine Sales & Hire; Outdoor Display; Showroom; Vehicle Store; and Warehouse. While not intended, rezoning Lot 500 to Mixed Business could result in any of these uses establishing on the land. • Recently adopted Local Planning Policy (LPP) DP10 – Workforce Accommodation does not support workforce accommodation that is not well integrated with facilities and services, nor the community. This is a reason why Council recently opposed further extensions being granted to the approved expansion of Kingfisher Village. 	<p>Not Supported</p>
<p>2. Not support the requested Scheme Amendment</p>	<ul style="list-style-type: none"> • The existing Kingfisher Village has an approval with no time limit. The Tourism zoning of this portion of Lot 500 provides for Workforce Accommodation to be approved. • The approved expansion area (rear of the lot) is zoned Rural Residential. • Recently gazetted Scheme Amendment No.39 has made Workforce Accommodation a use not permitted in the Rural Residential zone. • Workforce Accommodation cannot be approved over the expansion area while the land is zoned Rural Residential. • Council’s recently adopted position was that the approval period for the proposed expansion area should not be extended. • The appropriate future zoning for Lot 500 and surrounding land should be considered in context. Local Planning Scheme No.8 is overdue for review. The Scheme Review process would be the best way to consider the most suitable zoning for this area. • JDAP has given until 26 March 2021 for the approved expansion of Kingfisher Village to be substantially commenced. The proponent would then be able to operate for 5 years from date of occupation. Leaving the zoning as is would therefore not compromise the ability to construct the Kingfisher Village expansion if the need arises in the short-term. 	<p>Supported</p>

There are other zoning options that may be considered more appropriate over the site than Mixed Business (e.g. Tourism, Rural Residential, Urban Development). The requested Scheme Amendment would pre-empt a proper investigation in the context of broader planning considerations.

Requested Additional Use of Workforce Accommodation as Permitted Use

In addition to the appropriateness of the requested Mixed Business zoning for Lot 500, consideration needs to be given to the requested Additional Use of Workforce Accommodation as a Permitted use.

This same request was made by workforce accommodation proponents in the Karratha Industrial Estate as part of submissions on Scheme Amendment No.39. They sought to carry forward their Permitted use rights from the previous Transient Workforce Accommodation zone to the new Mixed Business zone. They saw the introduction of Additional Use provisions to make Workforce Accommodation a Permitted use as a way of retaining those rights. That request was not approved by the Minister.

Given that the Minister has recently considered and not approved this same request in determining Scheme Amendment No.39, it is likely that the request for Lot 500 would not be supported either. It creates confusion to have use permissibility prescribed in the Zoning Table of the Scheme and then a different use permissibility sitting in an Additional Use Appendix. If Council does adopt the requested Mixed Business zoning, then it is recommended that the applicant be advised that the requested Additional Use provisions are not supported.

Other Statutory Implications

Should Council not support the proposed amendment, the landowner may make representation to the Minister under Section 76 of the *Planning and Development Act 2005*. If the Minister is satisfied upon any representation by a landowner that an amendment ought to be adopted, then the Minister may order the local government to adopt the amendment.

Should Council resolve to adopt the amendment, it will be processed in accordance with the *Planning and Development Regulations 2015*.

POLICY IMPLICATIONS

Council’s Local Planning Policy DP10 – Workforce Accommodation was adopted at the November 2019 Ordinary Council Meeting (Resolution No. 154475). The table below summarises points made in support of the requested rezoning and officer responses having regard for DP10:

Points made to support request	Officer response
The subject site is suitable for and capable of development of additional workforce accommodation to meet longer term demand.	The Policy states Council’s preference for workforce accommodation needs to be met as much as possible through more permanent forms of town-based accommodation that are integrated with the residential and business community. The subject site is not town-based and is not integrated.
Additional supply of workforce accommodation should be provided as a logical extension to those existing operations which are not time-limited and form part of current base load.	The approval to expand Kingfisher Village has been extended. That approval applies until at least 2026 (depending on the time between substantial commencement and occupancy). Beyond that, the appropriate zoning for this area (including the

	<p>permissibility of Workforce Accommodation) should be determined as part of the Scheme Review.</p>
<p>The amendment will ensure that there is an adequate supply of workforce accommodation to meet future demand associated with the ongoing development and operation of the West Pilbara’s minerals, oils and gas sector.</p>	<p>Workforce Accommodation is permissible in most zones under the City’s Planning Scheme. The adequacy of land supply for Workforce Accommodation does not depend on whether Workforce Accommodation continues to be a permissible use over the portion of Lot 500 proposed for expansion of Kingfisher Village. Other uses would also be provided for under a Mixed Business zone and the appropriateness of those uses in this area also needs to be considered. The Scheme Review is the appropriate process through which the future zoning for this area is determined.</p>
<p>The rezoning proposed under this scheme amendment will result in a definitive statutory planning framework which recognises the ongoing right to use the land for workforce accommodation.</p>	<p>The zoning over the existing Kingfisher Village provides for approval of Workforce Accommodation. There are rights to develop the expansion area for Workforce Accommodation in the short-term. Beyond that, future zoning can be resolved as part of the Scheme Review. The split zoning over Lot 500 is a legacy issue from dealings between the owner and the State Government to excise and then amalgamate Crown land to provide for the approved expansion. The zoning of Lot 500 would be best addressed as part of the Scheme Review.</p>

FINANCIAL IMPLICATIONS

There are no financial implications.

STRATEGIC IMPLICATIONS

This item is relevant to the Council’s approved Strategic Community Plan 2016-2026 and Corporate Business Plan 2016-2021. In particular, the Operational Plan 2019-2020 provided for this activity:

Programs/Services:	2.c.1.1	Planning Services
Projects/Actions:	2.c.1.1.2	Finalise Workforce Accommodation Scheme Amendment and related Local Planning Policy

RISK MANAGEMENT CONSIDERATIONS

The level of risk to the City is considered to be as follows:

Category	Risk level	Comments
Health	N/A	Nil
Financial	N/A	Nil
Service Interruption	N/A	Nil
Environment	N/A	Nil
Reputation	Moderate	Workforce Accommodation is a topic of interest in the community.
Compliance	Low	Any determination made in regard to zoning of the site through a scheme amendment does not affect current approvals in place for the site and any development on the site must be in accordance with any current approvals issued for the site.

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

RELEVANT PRECEDENTS

There are no relevant precedents related to this matter.

VOTING REQUIREMENTS

Simple Majority.

OPTIONS:Option 1

As per Officer's recommendation.

Option 2

That Council by SIMPLE Majority pursuant to Clause 35(1) and 47 of the *Planning and Development (Local Planning Schemes) Regulations 2015* RESOLVES to:

1. ADVISE the applicant that Council does not support the requested additional use provisions;
2. REQUEST the applicant prepare Scheme Amendment documents that do not include the requested additional use provisions;
3. ADOPT Standard Amendment No. 54 to Local Planning Scheme No.8, as modified by the applicant; and
4. ADVERTISE the standard scheme amendment for a period of 42 days commencing on the day on which the notice is published in the newspaper.

CONCLUSION

The requested Mixed Business zoning is not considered appropriate for Lot 500 Madigan Road, Stove Hill in the absence of detailed investigations for the broader area that identify this as the most suitable zoning.

The Mixed Business zoning is being requested to provide for ongoing approvals to Workforce Accommodation over the portion of Lot 500 that is zoned Rural Residential; a zone within which Workforce Accommodation is not permitted. While the Mixed Business zone provides

for Workforce Accommodation to be approved, it also provides for other uses over Lot 500 that in isolation, may not be considered appropriate in this location.

The Development Assessment Panel has recently extended the approval for the Kingfisher Village expansion, which was originally granted in 2013. This extension to the approval provides for substantial commencement until 26 March 2021. If the expansion area is not substantially commenced by that date, then further extension may not be granted while the land is zoned Rural Residential.

Council recommended the Development Assessment Panel refuse the last request to extend the substantial commencement and approval period for the Kingfisher Village expansion area. If Council would like to leave open the option of considering additional workforce accommodation in this area beyond March 2021, then an alternative zone should be identified. The appropriate process for investigating zoning options and identifying the most suitable zoning for this area going forward is the Scheme Review process.

It is recommended that Council not support the requested rezoning and that future zoning for this area be determined via the Scheme Review process.

OFFICER'S RECOMMENDATION

That Council by SIMPLE Majority pursuant to Clause 35(1) and 47 of the *Planning and Development (Local Planning Schemes) Regulations 2015* RESOLVES to REFUSE TO ADOPT the requested scheme amendment to rezone Lot 500 Madigan Road, Stove Hill from 'Tourism' and 'Rural Residential' to 'Mixed Business' with Additional Use of Workforce Accommodation.

12.2 ROAD DEDICATION INDEMNIFYING THE STATE UNDER THE NATIVE TITLE ACT 1993

File No:	LM19117; LM19014; FOR004
Responsible Executive Officer:	Director Development Services
Reporting Author:	Planner/Compliance Officer
Date of Report:	31 January 2020
Applicant/Proponent:	Nil
Disclosure of Interest:	Nil
Attachment(s)	Maps showing proposed road dedication corridors for Mardie Road, Millar Road and Fortescue River Road

PURPOSE

For Council to consider indemnifying the State of Western Australia against claims under the *Native Title Act 1993* for road dedications recently resolved by Council under the *Land Administration Act 1997*.

BACKGROUND

Council has made the following recent resolutions to dedicate road reserves:

Road	Council Meeting	Resolution No.
Road along southern boundary of Karratha Airport Reserve to enable access and development of land to east of Karratha Airport for renewable industry business	June 2019 OCM	Resolution No. 154370
Mardie Road	October 2019 OCM	Resolution No. 154448
Extension of Millar Road to facilitate access to the Karratha Eco Hub	December 2019 OCM	Resolution No. 154491
2.1km length of Fortescue River Road	January 2020 OCM	Resolution No. 154509

In considering the Mardie Road dedication request, Council was aware of the requirement to indemnify the State under the *Land Administration Act 1997* (LAA). While these Council resolutions meet the requirements to commence the road dedication process under the LAA, the Department of Planning, Lands and Heritage (DPLH) has advised that the following additional information is required prior to being able to proceed the native title future act process for each of these road dedications pursuant to section 24KA of the *Native Title Act 1993* (NTA):

1. A Council resolution indemnifying the State of WA, the DPLH and the Minister for Lands against any claims for compensation – including compensation payable under the NTA; and
2. A letter of indemnity on letterhead signed by the Chief Executive Officer.

If Council makes the requested resolution, it is difficult to understand why a letter signed by the local government CEO is also required. Having said that, in order to expedite these

matters, officers recommend that Council/staff accede to DPLH’s requests, even though there is no legislative requirement to do so.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy CG-8 Significant Decision Making Policy, this matter is considered to be of moderate significance in terms of economic issues, cultural & wellbeing issues, parties affected and Council’s ability to perform its role.

COUNCILLOR/OFFICER CONSULTATION

Consultation has taken place between City and DPLH officers regarding the need for an additional Council resolution.

COMMUNITY CONSULTATION

BCI Minerals is keen to progress dedication of Mardie Road and EcoHub Stage 2 enterprise proponents are keen to secure access for their planned operations.

STATUTORY IMPLICATIONS

Section 56 of the LAA provides for road dedication. Section 56(2) states that a local government must resolve to request the Minister dedicate a road. Under Section 56(4), the local government is liable to indemnify the Minister against any claim for compensation reasonably incurred by the Minister in considering and granting the request.

As the LAA requires the local government to indemnify the Minister upon Council resolving to request road dedication, officers considered it unnecessary for Council to resolve to indemnify the State. However, the DPLH has advised that a Council resolution is required to indemnify the State against any liabilities or compensation under the NTA based on the following concerns:

- Each of the road dedications subject of this report involve land where Native Title exists;
- While Section 24KA of the NTA provides for road dedication without a requirement to extinguish Native Title, road dedication would constitute a future act under the NTA; and
- Indemnification provided for under the LAA may not cover a claim for compensation under the NTA.

While the validity of DPLH’s concerns has not been tested, DPLH has advised that this is DPLH policy. It is not worth risking the projects and economic development potential that are tied to Council’s requested road dedications reviewing this matter. The most efficient action is for Council to resolve to indemnify the State so the road dedications can be progressed.

POLICY IMPLICATIONS

There are no policy implications.

FINANCIAL IMPLICATIONS

There are no financial implications.

STRATEGIC IMPLICATIONS

This item is relevant to the Council’s approved Strategic Community Plan 2016-2026 and Corporate Business Plan 2016-2021. In particular, the Operational Plan 2019-2020 provided for this activity:

Programs/Services:	2.c.2.1	Management of Strategic Infrastructure Projects
Programs/Services:	2.a.2.1	Investment Attraction and Diversification
Programs/Actions:	2.a.2.1.1	Progress EcoHub Initiative

RISK MANAGEMENT CONSIDERATIONS

The level of risk to the City is considered to be as follows:

Category	Risk level	Comments
Health	Nil	Nil
Financial	Low	Costs associated with dedicating, constructing and maintaining these roads will be incurred by the relevant proponents under Road Creation and Maintenance Agreements.
Service Interruption	Nil	Nil
Environment	Low	The requirement for any additional land clearance, or any dust suppression measures would be determined via other legislative processes.
Reputation	Low	The City is doing what it needs to do to dedicate these roads to progress development opportunities.
Compliance	Low	Road construction must comply with acceptable Council standards.

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

RELEVANT PRECEDENTS

Council has previously resolved to dedicate land for the subject roads in accordance with the *Land Administration Act 1997*.

VOTING REQUIREMENTS

Simple Majority.

OPTIONS:Option 1

As per Officer's recommendation.

Option 2

That Council by SIMPLE Majority pursuant to Section 3.18 of the *Local Government Act 1995* RESOLVES to ADVISE that it is not prepared to indemnify the State of Western Australia, the Department of Planning, Lands and Heritage, and the Minister of Lands against claims under the *Native Title Act 1993* for the road dedication of Mardie Road, the road along the southern boundary of the Karratha Airport Reserve, the extension of Millar Road, and the realignment of Fortescue River Road, and hence not proceed with the dedication of these roads under Section 56 of the *Land Administration Act 1997*.

CONCLUSION

The DPLH has advised that a Council resolution is required to indemnify the State against any liabilities or compensation under the *Native Title Act 1993* before road dedications can proceed to the native title future act process for Mardie Road, the road along the southern boundary of the Karratha Airport Reserve, extension of Millar Road and the realignment of Fortescue River Road.

While the need for an additional Council resolution and a letter signed by the CEO is questionable, it is recommended that Council indemnify the State of Western Australia against claims under the *Native Title Act 1993* for the subject road dedications.

OFFICER'S RECOMMENDATION

That Council by SIMPLE Majority pursuant to Section 56 of the *Land Administration Act 1997* RESOLVES to:

1. **REQUIRE** the road creation, construction and maintenance agreements with proponents for each of the subject roads to indemnify and keep indemnified the City of Karratha and hold it harmless from and against all liabilities, obligations, costs, expenses or disbursements of any kind including, without limitation, compensation payable to any party under the *Native Title Act 1993* (Cth) which may be imposed on, or incurred by the Indemnified Parties relating to or arising directly or indirectly from the dedication;
2. **SUBJECT** to receiving corresponding indemnity from the relevant proponent, the City of Karratha **AGREES** that it will **INDEMNIFY** and keep indemnified the State of Western Australia, the Department of Planning, Lands and Heritage and the Minister for Lands and hold them harmless from and against all liabilities, obligations, costs, expenses or disbursements of any kind including, without limitation, compensation payable to any party under the *Native Title Act 1993* (Cth) which may be imposed on, or incurred by the Indemnified Parties relating to or arising directly or indirectly from the dedication of Mardie Road, the road along the southern boundary of the Karratha Airport Reserve, the extension of Millar Road and Fortescue River Road;
3. **REQUEST** that the Chief Executive Officer raise the duplication of effort with the Director General of the Department of Planning, Lands and Heritage.

13 STRATEGIC PROJECTS & INFRASTRUCTURE

13.1 REQUEST FOR TENDER – MINOR WORKS – AIR CONDITIONING

File No:	CM.446
Responsible Executive Officer:	Director Strategic Projects & Infrastructure
Reporting Author:	Manager Building Maintenance
Date of Report:	29 January 2020
Applicant/Proponent:	Nil
Disclosure of Interest:	Nil
Attachment(s)	Nil

PURPOSE

For Council to consider inviting tenders for the Minor Works – Air Conditioning contract.

BACKGROUND

The City engaged Burke Air Pty Ltd for its air conditioning contract on 1 July 2016 for a period of two (2) years with two (2) x one (1) year extension options. Both extension options have been exercised and due to expire on 30 June 2020.

As contractors provide specialised skills and equipment and there is now another opportunity to test the market providing the most cost effective option for Council, it is recommended that the City invites tender submissions at this time to ensure continuity of service. The proposed scope of the works to be included in this new tender is consistent with past contracts and includes:

- Servicing, repair and maintenance of the City's air-conditioning, refrigeration and associated mechanical services systems and equipment within existing and future facilities;
- Installation of new, alterations to, and relocations of air conditioning and refrigeration systems and equipment within existing and future facilities;
- Safety maintenance and testing of appliances wherein all testing is carried out in accordance with AS 3666 (as amended from time to time);
- Air-conditioning and refrigeration systems inspection and condition reports as directed by the City;

Additionally, Officers propose to include the ability for the contractor to undertake servicing, repair, alterations and additions to City's Building Management and control systems. The aim of including these works in the scope is to enable the contractor to work with Officers to standardise City's Building management systems and interface with mechanical systems.

It is proposed that the principle features will be:

- Contract commencement on 1 July 2020 subject to Council's endorsement of a successful tenderer;
- Works to be undertaken in accordance with relevant Australian Standards, Acts, Regulations and best industry practice;

- Adherence to all applicable Occupational Health and Safety legislation, standards policies and guidelines;
- Appropriate insurance provision;
- Performance indicators - Attendance requirements in accordance with priorities; and
- Schedules of rates, hourly rates, call out rates and mark up on materials, plant and equipment.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy CG-8 Significant Decision Making Policy, this matter is considered to be of low significance in terms of Council’s ability to perform its role.

COUNCILLOR/OFFICER CONSULTATION

No Councillor or Officer consultation is required.

COMMUNITY CONSULTATION

No community consultation is required.

STATUTORY IMPLICATIONS

Tenders are proposed to be called in accordance with Section 3.57 of the *Local Government Act 1995* and associated Regulations.

POLICY IMPLICATIONS

CG11 – Regional Price Preference and CG12 – Purchasing Policies are applicable.

It is proposed that the contract be for a term of two (2) years with two (2) x one (1) year extension options exercisable at the sole discretion of the City. The following tender criteria is proposed:

Criteria	Weighting
Key Personnel Skills and Relevant Experience	20%
Capacity to Deliver	15%
Demonstrated Understanding	15%
Price	50%

FINANCIAL IMPLICATIONS

Council has allocated \$500k across its facility accounts in the 2019/20 budget for current delivery of services. It is anticipated that expenditure associated with delivering services under this contract will be in accordance with Council’s budget allocations.

STRATEGIC IMPLICATIONS

This item is relevant to the Council’s approved Strategic Community Plan 2016-2026 and Corporate Business Plan 2016-2021. In particular, the Operational Plan 2019-2020 provided for this activity:

Programs/Services:	1.a.1.5	Building Maintenance Services
Projects/Actions:	1.a.1.5.a	Deliver buildings and structure renewals and refurbishment program

RISK MANAGEMENT CONSIDERATIONS

The level of risk to the City is considered to be as follows:

Category	Risk level	Comments
Health	Low	Excessive heat within facilities in the event of service interruption could cause discomfort and potentially health issues. Regular maintenance of air conditioning units ensures any potential for health risks are minimised.
Financial	Low	Expenditure to be monitored against approved budgets.
Service Interruption	Moderate	Lack of routine maintenance or poor responses to breakdowns could lead to service interruptions.
Environment	N/A	Nil
Reputation	Moderate	Failure to maintain current service levels at the City's facilities could lead to community feedback and complaints.
Compliance	N/A	Nil

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

RELEVANT PRECEDENTS

The City has historically tendered for Minor Works – Air Conditioning contracts under RFT 22-12/13 and RFT 25 -15/16. The current Air Conditioning contract under RFT 25-15/16 awarded to Burke Air Pty Ltd commenced on 1 July 2016 and now due to expire on 30 June 2020.

VOTING REQUIREMENTS

Simple Majority.

OPTIONS:Option 1

As per Officer's recommendation.

Option 2

That Council by SIMPLE Majority pursuant to Section 3.57 of the *Local Government Act 1995* RESOLVES to NOT call tenders for the Minor Works – Air Conditioning services at this time and PROCURE services on a case by case basis.

CONCLUSION

Council has in the past supported the calling of tenders and awarded contracts for Minor Works – Air Conditioning. Council are now requested to consider the proposed scope of works and tender evaluation selection criteria in order to progress the calling of tenders.

OFFICER’S RECOMMENDATION

That Council by SIMPLE Majority pursuant to Section 3.57 of the *Local Government Act 1995* RESOLVES to:

1. **INVITE tenders for Minor Works – Air Conditioning for the period of two (2) years with two (2) x one (1) year extension options, exercisable at the sole discretion of the City and in accordance with the scope of works as outlined in this report; and**
2. **ENDORSE the tender selection evaluation criteria as follows:**

Criteria	Weighting
Key Personnel Skills and Relevant Experience	20%
Capacity to Deliver	15%
Demonstrated Understanding	15%
Price	50%

- RAC has seen a 45% decrease from last month. This is most likely due to a large group of kids and adults that went out bush for several weeks for a traditional ceremonial.
- RAC ran a four week ‘swim for fruit’ program along with an event of the 27 Jan celebrating ‘A Day of Culture’ which saw a total of 128 attendees.

2.5 Indoor Play Centre

- Indoor Play Centre has had the highest monthly sales since opening, beating last year by \$740.
- We saw a total of 3,208 people come through the doors.
- 1,360 shots of coffee were provided.

PURPOSE

To provide Council with an update on the Tourism, Cultural and Library Service provided by Wawardu at the Ganalili Centre (Victoria Hotel).

BACKGROUND

Council resolved to enter into a Services Agreement with Wawardu (subsidiary of Juluwarlu Aboriginal Corporation) to provide co-located services to activate the ground floor of the redeveloped Victoria Hotel. The services agreement is in place until June 2020, with the option for a further 12 month extension.

On 7th September 2019, the Ganalili Centre was officially opened at a community event attended by approximately 1,500 people. Ganalili is the Yindjibarndi word for the light in the morning before the sun comes over the horizon. The Centre represents a new dawn for a positive, inclusive, culturally significant space for the whole community.

The Centre provides for a Yindjibarndi Cultural Centre, the City's Roebourne Library, Visitors Information Centre and Café on the ground floor. The top floor provides Conference Facilities and nine (9) office spaces. Since opening in September, all spaces within the Centre have been tenanted, with the exception of the Café.

Wawardu is required to report on a number of key measures for the services it is providing on behalf of the City. The data below covers the first three months of operations from September to November 2019.

Reporting Measure	Outcome	
1. Official opening	September 7 th 2019 at a community event	
2. Visitor numbers	Library: September: 1,398 October: 1,085 November: 1,005 TOTAL: 3,488	Centre: September: 1,678 October: 1,302 November: 1,206 TOTAL: 4,186
3. Key events/visitors to the centre	Since the opening, the Centre has hosted special guests including: <ul style="list-style-type: none"> • The Indigenous choir, Spinifex Gum; • Australia's Governor General; • The West Australian Governor; • The Australian Ambassador for Myanmar; • Various members of the West Australian parliament; • Delegates from the WA Regional Tourism Conference; and • Other state and local business and government group. 	

4. Opening hours	KPI's for opening hours have been met as below: 9am – 5pm Monday to Saturday 9am – 2pm Sunday
5. Staffing levels	The Centre currently employs five (5) local Indigenous staff members as Customer Service Officers who oversee the day-to-day management of the centre. The staff numbers are expected to grow during the 2020 tourist season.
6. Key milestones	<ul style="list-style-type: none"> • Completion of the Victoria Hotel on time and under budget; • Utilisation of local Indigenous and prison staff; • Completion of the central park providing a new public space with free BBQ's and open access; • Completion and fit-out of the Yindjibarndi cultural interactive space; • Community opening event with local and Indigenous performances; • Hosting dignitaries including the WA Governor, Mr Kim Beazley and the Australian Governor General, Mr David Hurley; • Recruiting, employing and training local Indigenous community members to be the face of the Centre; and • Delivering a brand new functional Indigenous cultural retail outlet in Roebourne.
7. Products	<p>The Centre currently manages:</p> <ul style="list-style-type: none"> • Conference Room bookings; and • Yindjibarndi Cultural Awareness Training Workshop bookings. <p>The Centre is also starting to generate an income from sales locally created items including:</p> <ul style="list-style-type: none"> • Indigenous Paintings; • Raffia baskets; • Jewellery; • Juluwarlu country mapping books and the DVD, Exile & The Kingdom; • Traditional artefacts made from local wood; and • Yindjibarndi country landscape and animal photographs on canvas and postcards; and cool drinks. <p>The Centre is also in the process of designing, creating and producing other uniquely Yindjibarndi products which will be ready for sale in the 2020 tourist season including t-shirts, tea towels, headwear, prints, magnets and other lines.</p>

The feedback received from official delegates and visitors to the centre has been overwhelmingly positive regarding the Centre, with many positive comments referencing the Cultural Centre specifically.

CONCLUSION

The opening of the Ganalili Centre represents a significant and positive step forward for the Roebourne community by providing an inclusive and culturally significant location for the whole community, as well as a place for tourists to visit and an additional local employment and economic generator. The results achieved for the first three months of operations are commendable, particularly the number of local Indigenous staff being employed and the number of locally-sourced products and services being developed for sale.

While it is early days, the results of the first three months of operations of the Ganalili Centre indicate that Council's investment in this project will be worthwhile and that the Ganalili Centre has the potential to help promote and grow the City's tourism industry.

14.7 2019 CITY TO SURF

File No: ED.2

Attachment(s) Post Event Report 2019

PURPOSE

For Council to note the evaluation of the 2019 City to Surf.

BACKGROUND

Council resolved to support the 2019 City to Surf in Karratha under the Major Events and Sponsorship and Attraction Program (MESAP). Council’s total contribution to the Karratha event was \$17,620.

The City to Surf was held in Karratha on 11th August 2019. The Karratha City to Surf event was the only event held outside of Perth. The City to Surf event raises funds for the Activ Foundation, which supports programs and services for thousands of people living with a disability.

Under the MESAP program, the City to Surf event was expected to deliver on a number of key objectives and outcomes for the City of Karratha as host city. The table below outlines how the initiative performed against key objectives:

Objective/KPI	Outcome
Attendance of approximately 400 participants	<ul style="list-style-type: none"> The event received a record number of participants with 511 people taking part in the event. This is a 31% increase compared to previous years.
Secure the return of the City to Surf event to Karratha in the future	<ul style="list-style-type: none"> Following the success of the event, Activ has expressed their intention to return to Karratha in the coming years; 85% of participants who attended the event in Karratha said they would likely participant again in 2020; and The Net Promoter Score for the Karratha event was 61, 21 points higher than the Perth event, demonstrating a strong level of advocacy for the regional event.
To obtain an understanding of the impacts of the event.	<ul style="list-style-type: none"> The majority of participants reside within the City of Karratha with an estimated 6% of participants travelling from outside of the City. The estimated total economic impact and activation of the City Centre from those traveling to participate is \$26,190.

According to event organisers, the 2019 events outperformed each of the four previous years with proceeds exceeding \$360,000 flowing through to over 200 charities and not-for-profits. Event organisers were happy with the record turn out and highlighted that support from the City of Karratha was instrumental in making the event a success.

Valuable feedback has been received from event organisers that could be used for future City to Surf events in Karratha.

CONCLUSION

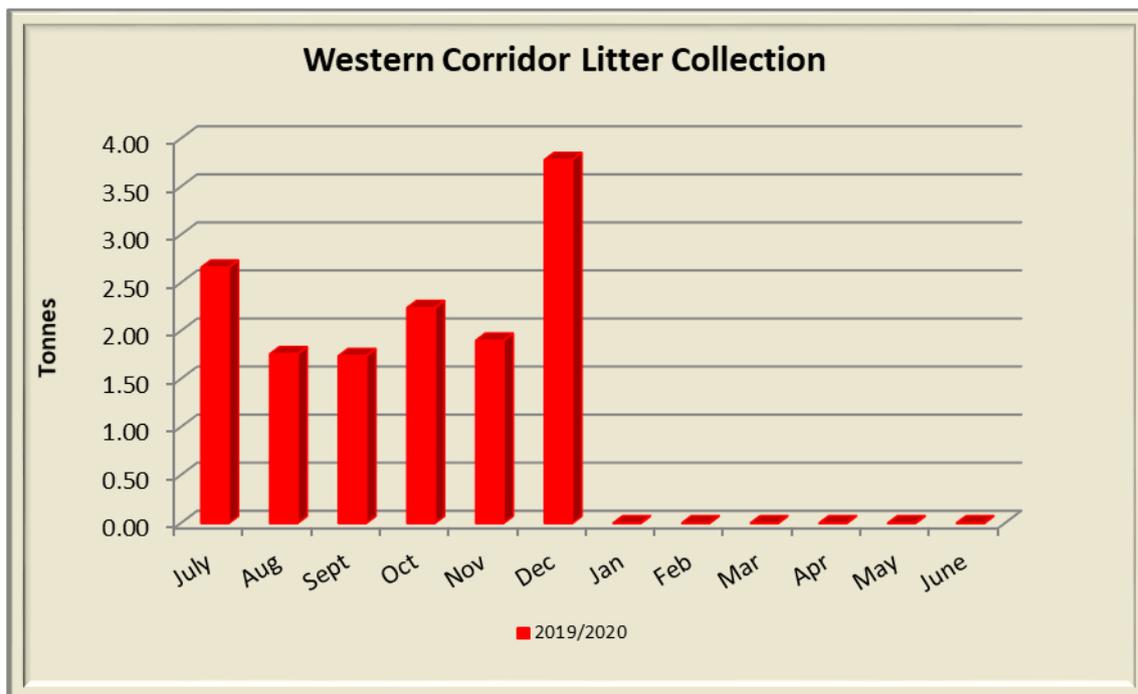

The 2019 Karratha City to Surf was a resounding success by all measures. This provides strong justification for continuing to support the event in 2020.

14.8 WASTE SERVICES DATA – FIRST QUARTER 2019/20

PURPOSE

To provide a quarterly update and illustration of Waste Services data for the 2019/20 year.

Street litter collected in Karratha and Dampier and delivered to the 7 Mile Waste Facility. Damel were awarded the new contract and commenced works 1 July 2019.

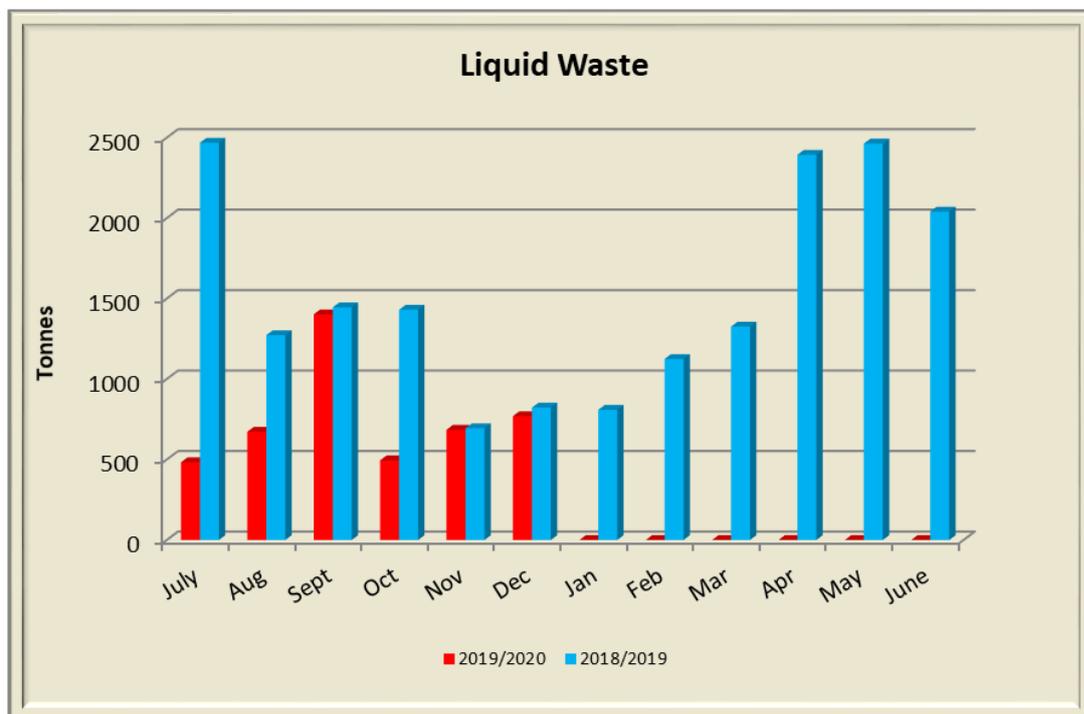

Point Samson and Wickham litter collection was not included in the new contract. This waste is now being delivered directly to the Wickham Transfer Station therefore comparison data from the previous year is not comparable.

Number of litter bags collected in Roebourne, Point Samson and Wickham delivered to the Wickham Transfer Station.

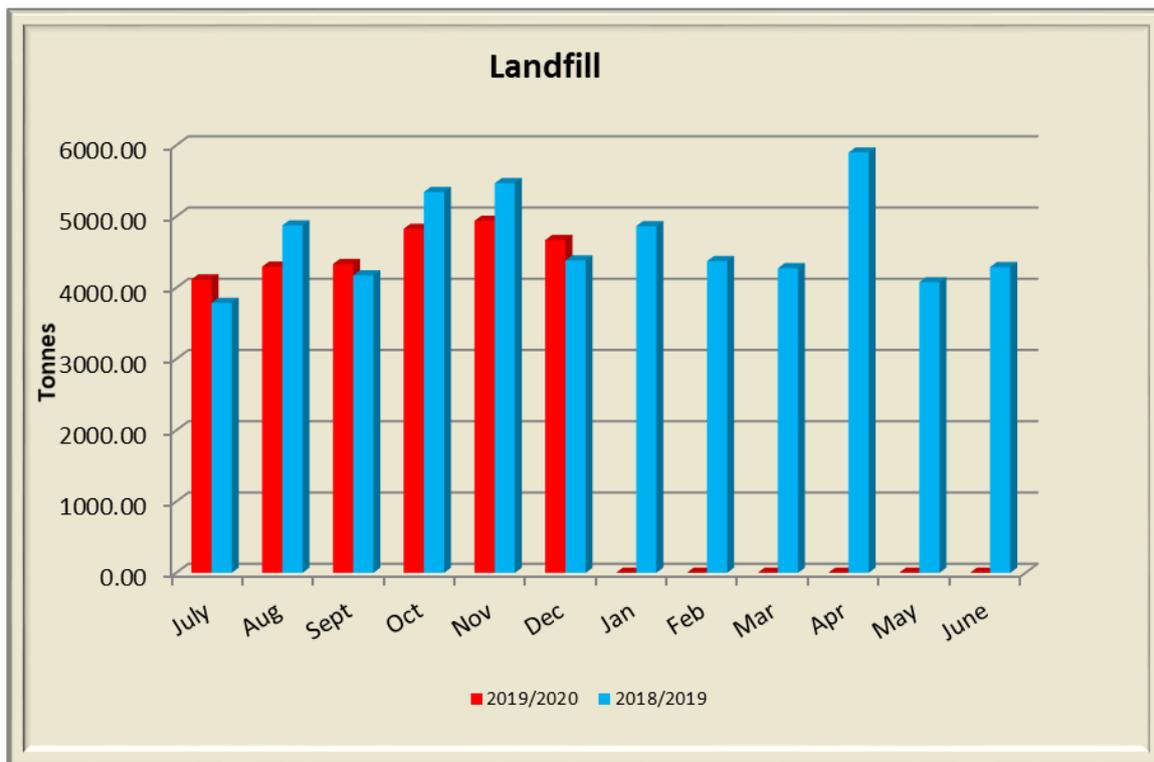

This area was serviced by Brida (Point Samson and Wickham) and NYFL (Roebourne) for the period of July to September. Brida has been awarded the new contract for all areas.

Comparison data from the previous year is not relevant due to the inclusion of the Point Samson and Wickham litter collection.

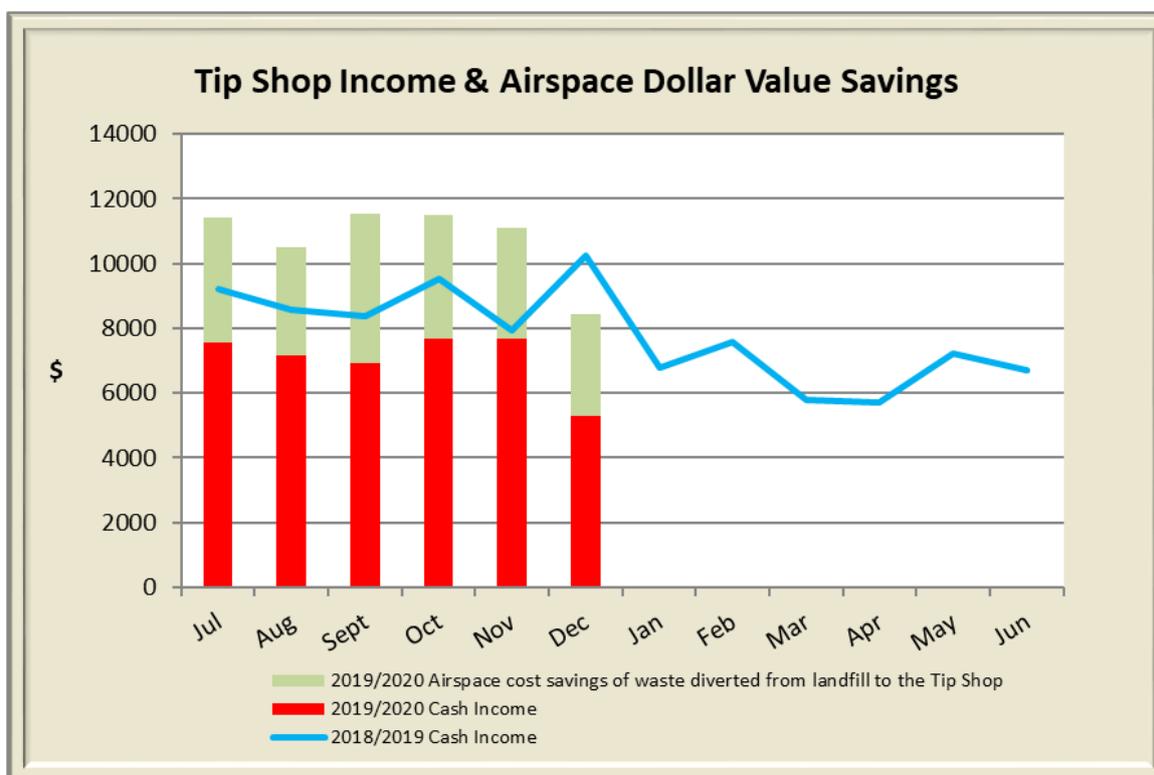

Liquid Waste delivered to the 7 Mile.

Ongoing local competition in the market space will eventually erode income in the Liquid Waste Disposal industry, however some bulk waste orders may be disposed of at 7 Mile Waste Disposal Facility (7MWDF) when competitors have reached holding capacity.

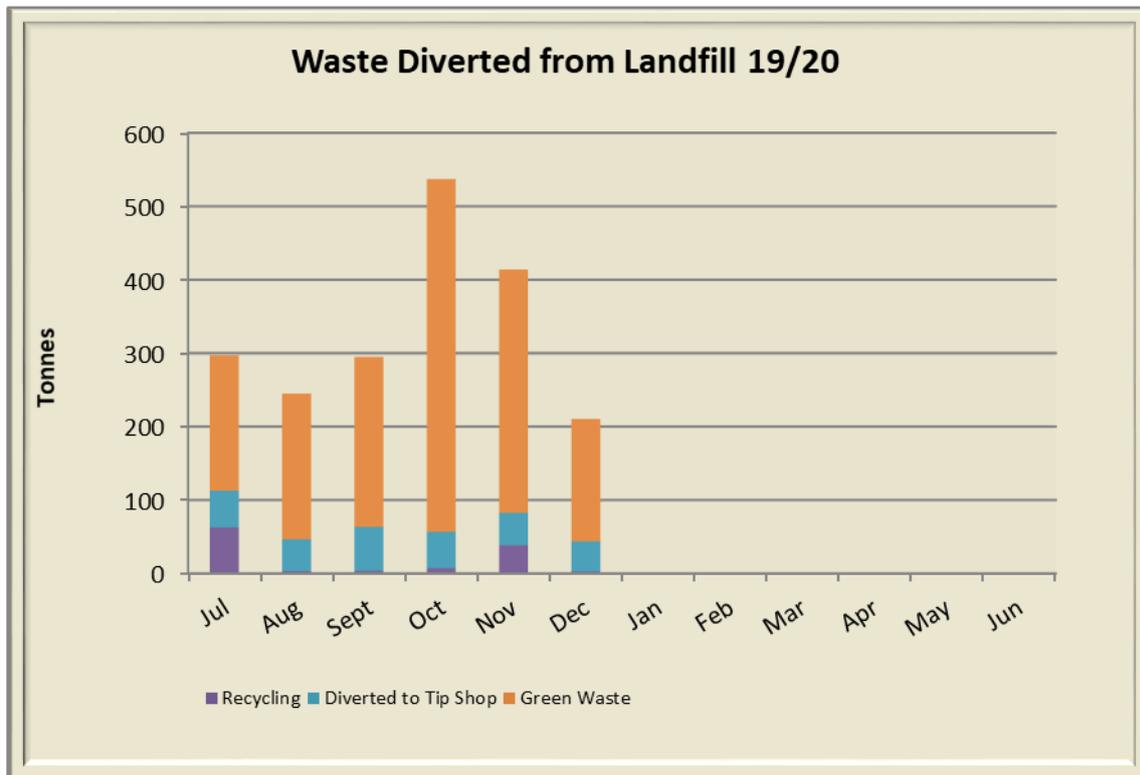

Total waste, excluding liquid and clean fill delivered to the 7MWDF.

The gradual increase of tonnages is spread across several waste types including construction and demolition waste (former Nickol Bay Hospital) and Class III Soil (1,119 tonnes delivered in November).

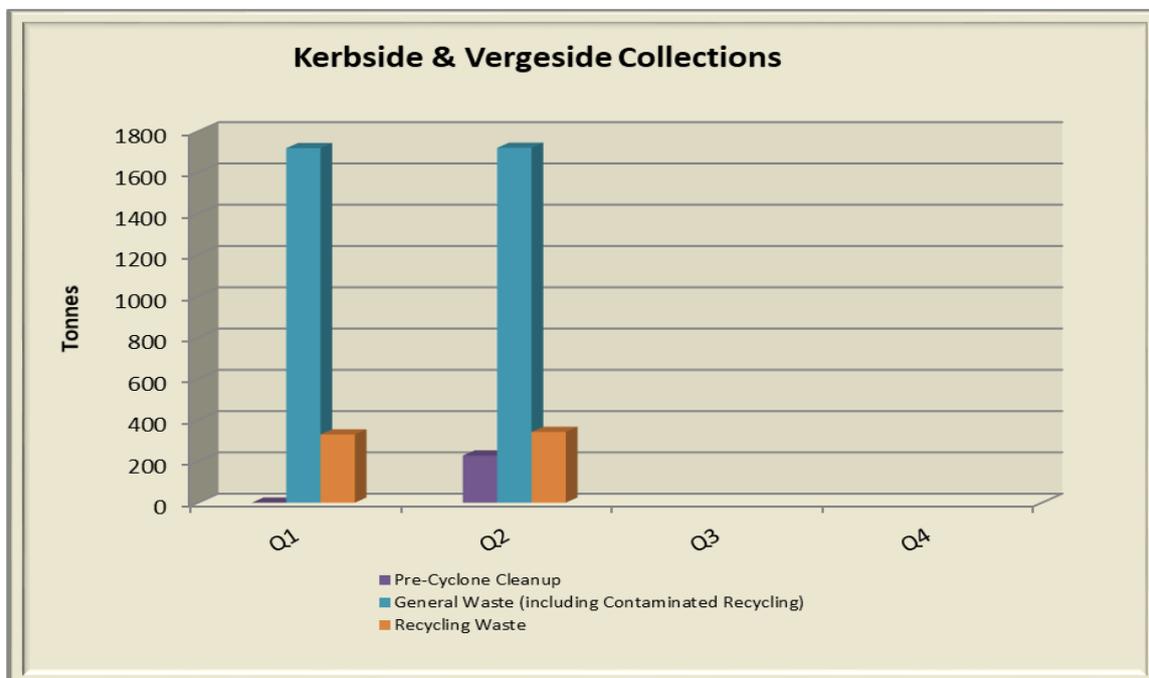

7 Mile Tip Shop income plus value of airspace 'savings' due to waste diverted from Landfill to the Tip shop.

The Tip Shop continues to be very popular with Friday 8am opening time very well attended. December's reduction in income was due to the lack of quality items to sell.

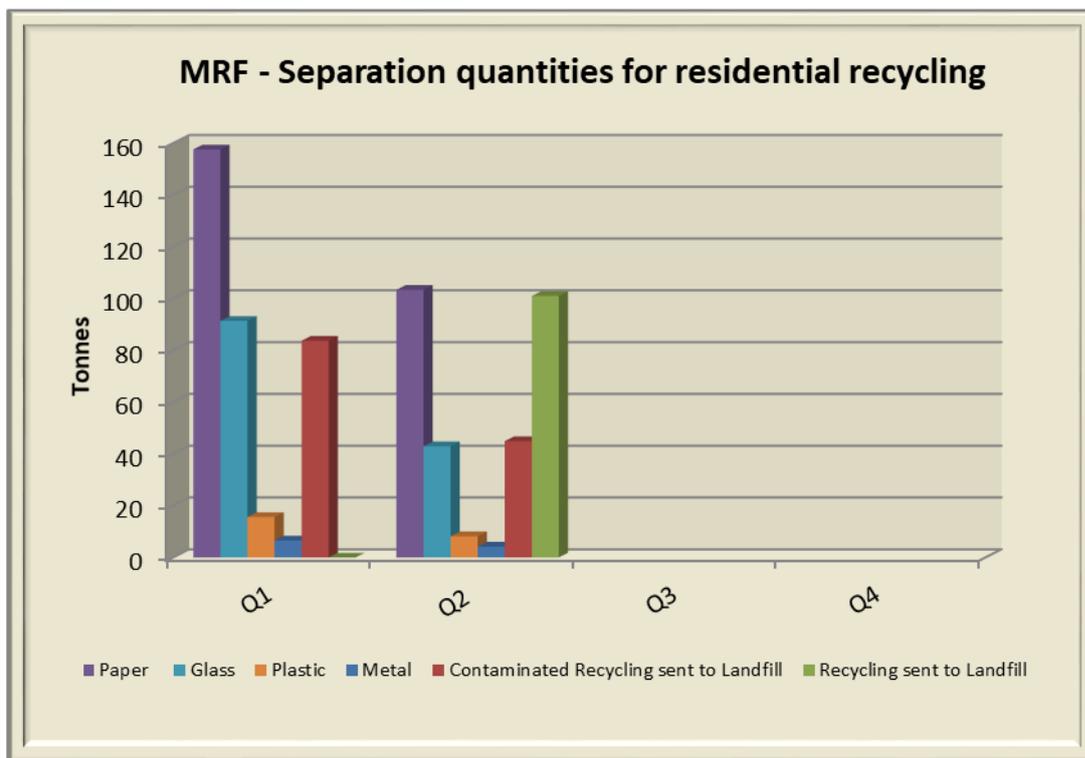

7MWDF and Wickham Transfer Station waste diverted from Landfill. Includes recycling of metal, paper, plastics, green waste, and re-usable items recovered for the 7 Mile Tip Shop. The spike in green waste is due to the Cyclone Clean-up program. Removal of scrap metal will recommence in February 2020.

Residential General waste and Recycling Kerbside Collections including contaminated recycling.

Pre-cyclone green waste verge side collection commenced 14 October 2019. 229 Tonnes of green waste was collected.

Cleanaway’s Perth processing facility was completely destroyed due to fire in early December. Q2 separation quantities only relate to October and November however it is likely that a large proportion of this waste was lost in the fire. 101 tonnes of the recycling housed at Cleanaway’s Karratha Depot was transferred to Dardanup Landfill in December. This practice will continue until the management of recycling is resolved.
