1. CITATION

This is a Local Planning Policy prepared under Schedule 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015*. This policy may be cited as Local Planning Policy DP-04: Home Occupation and Home Business.

2. OBJECTIVES

- (a) **Provide** guidelines in respect of applications for Home Occupations and Home Business approvals.
- (b) **Provide** for appropriately scaled small businesses, services or professions that are able to operate within residential areas.
- (c) **Encourage** the establishment and growth of local businesses, services and professions.
- (d) **Protect** the amenity and character of residential neighbourhoods.
- (e) **Maintain** an appropriate level of safety in residential streets.

3. APPLICATION OF THIS POLICY

Commercial activity undertaken at a dwelling is generally classified as either a 'Home Occupation', 'Home Business' or, for very small operations, a 'Home Office'. Development approval is not required for a 'Home Office' use. Permissibility for 'Home Occupation' and 'Home Business' is specified in the Scheme.

This Policy provides guidance on the matters that will be considered when assessing applications for a Home Occupation or Home Business, and when deciding whether a use falls within the definition for Home Office.

This Policy applies across the City's municipal area and should be read in conjunction with the Scheme and any other relevant local planning policy. To the extent of any inconsistency between the policy and the Scheme, the Scheme prevails.

4. POLICY PROVISIONS

Refer to Table 1 and Table 2 in Appendix A.

5. CONSULTATION

- (a) The City may require applicants to provide written evidence of support for an application from owners / occupiers of neighbouring properties before issuing a decision.
- (b) Regardless of whether written support is provided pursuant to (a) above, the City may advertise an application for public comment.
