1. OBJECTIVE

The Shire of Roebourne seeks to support and encourage an active and engaged community through the sponsorship of events and other sporting and/or cultural activities in an equitable and accountable way. The benefits sought from these sponsorships include increased community capacity, economic impact, profile raising and tourism development.

1.1 Introduction

In recognition of the important role that businesses, not-for-profits, community, sporting groups and organisations play in developing vibrant communities, Council is committed to encouraging creative partnerships that may include monetary, non-monetary, and other forms of support for its sporting and cultural events.

Shire Officers will evaluate each opportunity in line with this policy to determine whether it meets the Shire of Roebourne's criteria for sponsorship according to seven qualitative criteria; strategic fit, value for money, audience development/values of excellence & diversity, genre, venue suitability, production capability and timing.

2. FUNDING PROCESS

Council will allocate funds for the Major Events Sponsorship Scheme as part of the Shire of Roebourne's annual budget process.

2.1 Receiving Applications

Applications will be accepted all year, however as there is a finite amount of funding available, applicants are encouraged to submit their applications at the beginning of the financial year (June/July) to ensure they are considered while funding is still available.

Once received, applications will be assessed against an evaluation criteria and a recommendation made at the next Ordinary Council Meeting for endorsement by Council.

Once endorsed (or not), applicants will receive a Letter of Notification via post and email and a sponsorship contract forwarded for execution soon after.

2.2 Evaluation

Sponsorship proposals will be evaluated against a set of seven criteria as well as an assessment of the return benefits to the Shire in relation to economic impact, media impact and tourism activity.

STRATEGIC FIT

Does the event help us to achieve our vision and is reflective of our values? What is the Shire's role in the event – inspire & mobilise, facilitate & promote or actively engage? Does the event drive economic impact and profiling opportunity for the Shire?

VALUE FOR MONEY

Has the event been appropriately costed? Consideration to fees, marketing flights/accommodation for performers, production/technical requirements and staffing costs. Consideration also given to the percentage of the overall budget vs ticket revenue which can be generated. Does it represent value for money?

AUDIENCE DEVELOPMENT/VALUES OF EXCELLENCE & DIVERSITY

Does this event provide opportunities for long term, consistent programming with community interest in mind? Does the event provide an opportunity for community engagement, to build relationships with particular community segments not previously engaged? Are the values of excellence & diversity demonstrated through the presentation of this event?

GENRE

Will the event genre appeal to our audience? Does the genre provide a point of difference to events already held within the Shire?

VENUE SUITABILITY

Is there a venue or space within the Shire that will allow the event to be presented? Is there an impact on local user groups, maintenance of the facility/venue etc?

PRODUCTION CAPABILITY

Are there local suppliers who can deliver the level of technical and production support to stage the show? Will event management be sourced from within or outside the Shire?

TIMING

Does the proposed timing fit within the overall event schedule of the Shire? What other events are on at that time? Is it a suitable time of year?

2.3 Return Benefits to the Shire of Roebourne

Applicants will be required to outline return benefits to the Shire of Roebourne in respect to two areas of strategic focus:

ECONOMIC IMPACT

The estimated economic impact for an event incorporates the anticipated number of interstate and international participants, spectators, support teams and others, the length of their stay and their estimated daily expenditure. Additionally the total value of expenditure with local business should be identified. Where an event is being held for the first time, a credible estimate of its potential economic impact will be gauged through discussions with the applicant.

MEDIA IMPACT/EXPOSURE

The media plays a significant role in creating awareness of the Pilbara as a place to live, work and play. Events that can promote the Pilbara and specifically the Shire of Roebourne as an attractive destination using imagery and footage of the area in a unique context as well as creating new content about the region that can be used within media and marketing campaigns conducted by the Council will be favoured.

Furthermore the applicant will be required to acknowledge the Shire of Roebourne's support through a range of branding and leverage opportunities to be detailed within contracting documents inclusive of, but not limited to:

- Opportunity to speak to participants/audience of event
- Signage displayed at event
- Logo inclusion in all marketing collateral associated with event
- Complimentary tickets to attend or participate in the event
- Access to imagery and content generated by the event to be used by the Shire for it's own marketing purposes

2.4 Allocation of funds

Funding requests must not exceed 40% of the total event costs. A lower amount than what is requested may be offered. Applicants can apply for one, two or three year funding, however applicants requesting multi-year funding must provide a detailed budget and proposal for each year of the term. Multi-year agreements will provide the opportunity for the Shire to exit the agreement at the end of any year of the term.

Applicants must not be current recipients of funding from any other Shire of Roebourne funding rounds for the same event/project proposed.

On confirmation of a successful application, a sponsorship agreement will be prepared by the Shire of Roebourne for the purpose of detailing the obligations of both parties. Both parties are required to sign the contract and funding will be distributed according to the contract conditions. Funds will not be available until contract is signed (funds must be accessed within six months of the dated Letter of Acceptance as per below), milestone payments set out in the contract are met, conditions adhered to and a relevant tax invoice is received.
