

ORDINARY COUNCIL MEETING

AGENDA

**NOTICE IS HEREBY GIVEN that an
Ordinary Meeting of Council will be held
in the Council Chambers, Welcome Road, Karratha,
on Monday, 18 November 2013 at 6:30pm**

A handwritten signature in black ink, appearing to read 'Chris Adams', is positioned above a horizontal line.

**CHRIS ADAMS
CHIEF EXECUTIVE OFFICER**

No responsibility whatsoever is implied or accepted by the Shire of Roebourne for any act, omission or statement or intimation occurring during Council or Committee Meetings. The Shire of Roebourne disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement or intimation occurring during Council or Committee Meetings.

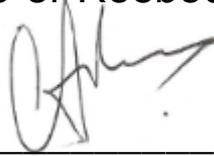

Any person or legal entity who acts or fails to act in reliance upon any statement, act or omission made in a Council or Committee Meeting does so at that persons or legal entity's own risk.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a license, any statement or intimation of approval made by any member or Officer of the Shire of Roebourne during the course of any meeting is not intended to be and is not taken as notice of approval from the Shire of Roebourne.

The Shire of Roebourne warns that anyone who has any application lodged with the Shire of Roebourne must obtain and should only rely on

WRITTEN CONFIRMATION

of the outcome of the application, and any conditions attaching to the decision made by the Shire of Roebourne in respect of the application.

Signed: 
Chris Adams - Chief Executive Officer

DECLARATION OF INTERESTS (NOTES FOR YOUR GUIDANCE) (updated 13 March 2000)

A member who has a **Financial Interest** in any matter to be discussed at a Council or Committee Meeting, which will be attended by the member, must disclose the nature of the interest:

- (a) In a written notice given to the Chief Executive Officer before the Meeting or;
- (b) At the Meeting, immediately before the matter is discussed.

A member, who makes a disclosure in respect to an interest, must not:

- (c) Preside at the part of the Meeting, relating to the matter or;
- (d) Participate in, or be present during any discussion or decision-making procedure relative to the matter, unless to the extent that the disclosing member is allowed to do so under Section 5.68 or Section 5.69 of the Local Government Act 1995.

NOTES ON FINANCIAL INTEREST (FOR YOUR GUIDANCE)

The following notes are a basic guide for Councillors when they are considering whether they have a **Financial Interest** in a matter. I intend to include these notes in each agenda for the time being so that Councillors may refresh their memory.

1. A Financial Interest requiring disclosure occurs when a Council decision might advantageously or detrimentally affect the Councillor or a person closely associated with the Councillor and is capable of being measure in money terms. There are exceptions in the Local Government Act 1995 but they should not be relied on without advice, unless the situation is very clear.
2. If a Councillor is a member of an Association (which is a Body Corporate) with not less than 10 members i.e. sporting, social, religious etc), and the Councillor is not a holder of office of profit or a guarantor, and has not leased land to or from the club, i.e., if the Councillor is an ordinary member of the Association, the Councillor has a common and not a financial interest in any matter to that Association.
3. If an interest is shared in common with a significant number of electors or ratepayers, then the obligation to disclose that interest does not arise. Each case needs to be considered.
4. If in doubt declare.
5. As stated in (b) above, if written notice disclosing the interest has not been given to the Chief Executive Officer before the meeting, then it **MUST** be given when the matter arises in the Agenda, and immediately before the matter is discussed.
6. Ordinarily the disclosing Councillor must leave the meeting room before discussion commences. The **only** exceptions are:
 - 6.1 Where the Councillor discloses the **extent** of the interest, and Council carries a motion under s.5.68(1)(b)(ii) or the Local Government Act; or
 - 6.2 Where the Minister allows the Councillor to participate under s5.69 (3) of the Local Government Act, with or without conditions.

INTERESTS AFFECTING IMPARTIALITY

DEFINITION: *An interest that would give rise to a reasonable belief that the impartiality of the person having the interest would be adversely affected, but does not include an interest as referred to in Section 5.60 of the 'Act'.*

A member who has an **Interest Affecting Impartiality** in any matter to be discussed at a Council or Committee Meeting, which will be attended by the member, must disclose the nature of the interest;

- (a) in a written notice given to the Chief Executive Officer before the Meeting; or
- (b) at the Meeting, immediately before the matter is discussed.

IMPACT OF AN IMPARTIALITY CLOSURE

There are very different outcomes resulting from disclosing an interest affecting impartiality compared to that of a financial interest. With the declaration of a financial interest, an elected member leaves the room and does not vote.

With the declaration of this new type of interest, the elected member stays in the room, participates in the debate and votes. In effect then, following disclosure of an interest affecting impartiality, the member's involvement in the Meeting continues as if no interest existed.

8 EXECUTIVE SERVICES

8.1 SISTER CITIES LETTER OF INTENT

File No:	ED.18
Responsible Executive Officer:	Chief Executive Officer
Reporting Author:	Manager Marketing and Communications
Date of Report:	5 November 2013
Applicant/Proponent:	Not applicable
Disclosure of Interest:	Nil
Attachment(s)	Letter from Qingdao Foreign Affairs Bureau

PURPOSE

To seek Council approval for a letter of intent to be sent to the Huangdao District in China as the first step in the potential establishment of a Sister City relationship.

BACKGROUND

Council has previously resolved to establish Sister City relationships to enable cultural, educational and business exchange with like minded local governments around the world. The Sister Cities Advisory group recommended that a Chinese Sister City was the highest priority and that a port city that received iron ore exported from the Shire of Roebourne would be the best fit. Council endorsed the International Relations Strategy that reflected this course of action at the October Council meeting.

Council officers have been working with the Consulate General of the People's Republic of China in Perth to identify potential cities and regions in China that would be appropriate for a Sister City relationship. Through discussion with Consular staff, the Huangdao District of Qingdao was been identified as a good match for the Shire of Roebourne, having a major iron ore port. Huangdao also has large manufacturing, services and agricultural industries. The district has a population of 1.7 million people and does not have any other Australian Sister Cities. It is serviced by the Qingdao Liuting International Airport. Huangdao District has many areas of mutual interest with the Shire of Roebourne with the potential for strong co-operation and a fruitful inter-city relationship.

The Consul-General has made representations to the Qingdao Foreign Affairs Bureau and Huangdao District Government on our behalf to gauge their interest in establishing a bilateral relationship. The Qingdao Foreign Affairs Bureau has indicated they are enthusiastic about commencing a bilateral relationship between Huangdao and the Shire of Roebourne. The first phase of investigating a Sister City relationship is a letter of intent to establish an official friendly relationship.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy *CE-8 Significant Decision Making Policy*, this matter is considered to be of low significance in terms of Council's ability to perform its role.

COUNCILLOR/OFFICER CONSULTATION

Consultation has taken place with the Sister Cities Advisory Group to establish the criteria for a Chinese Sister City. Further consultation will be undertaken once the letter of intent is endorsed by Council.

COMMUNITY CONSULTATION

No community consultation is required.

STATUTORY IMPLICATIONS

There are no statutory implications.

POLICY IMPLICATIONS

There are no policy implications.

FINANCIAL IMPLICATIONS

The budget for the establishment of a Sister City relationship will be managed in accordance with the International Relations Strategy 2013/14 previously endorsed by Council.

STRATEGIC IMPLICATIONS

This item is relevant with the Council's approved Strategic Community Plan 2012-2022 and Corporate Business Plan 2012-2016. In particular the Operational Plan 2013-2014 provided for this activity:

Our Program: 4.f.1.20 Continue to build the capacity of the organisation to deliver the City of the North Aspiration.

Our Services: 4.f.1.20.1 Participate in the development and implementation of the Shire's Economic Development Strategy.

RISK MANAGEMENT CONSIDERATIONS

There are no risk management considerations applicable.

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

RELEVANT PRECEDENTS

There are no relevant precedents related to this matter.

VOTING REQUIREMENTS

Simple Majority

OPTIONS:Option 1

As per Officer's recommendation.

Option 2

That Council by SIMPLE Majority pursuant to Section 5.8 of the *Local Government Act 1995* RESOLVES to CONTINUE discussions with the Consulate General of China in Perth to determine other options for a Sister City in China.

CONCLUSION

Huangdao District has been identified by the Consulate General of China as a good match for the Shire of Roebourne to potentially establish a Sister City relationship, fulfilling the criteria set out by the Sister City Advisory Group. Huangdao District has expressed an interest establishing a bilateral relationship and a letter of intent will commence this process.

OFFICER'S RECOMMENDATION

That Council by SIMPLE Majority pursuant to Section 5.8 of the *Local Government Act 1995* RESOLVES to SEND a letter of intent to the Qingdao Foreign Affairs Bureau as the first step in establishing a bilateral relationship with the Huangdao District.

8.2 OUTDOOR VARIABLE MESSAGE SIGNAGE

File No:	RD.75
Responsible Executive Officer:	Chief Executive Officer
Reporting Author:	Manager Marketing and Communications
Date of Report:	4 November 2013
Applicant/Proponent:	Councillors
Disclosure of Interest:	Nil
Attachment(s)	Nil

PURPOSE

For Council to consider the location and timing of the installation of an outdoor LED variable message sign to promote Shire events.

BACKGROUND

Council included an allocation of \$60,000 in the 2013/14 budget for the installation of a LED variable message sign outside the Shire offices on Welcome Road. The signage is to be used to promote Shire events to passing traffic and would be integrated into the Shire's general marketing and communication activities. Such signs are commonly used in high traffic areas by local governments to communicate with residents and visitors.

Officers have reviewed the planned signage from a marketing and communications perspective and while supportive of variable message signs as another communications tool, believe the Shire Offices are not the best site to maximise the value of the sign. It is expected that the re-opening of Sharpe Avenue as the main street of the CBD will reduce traffic on Welcome Road and Klenk Street. As such, the grounds of the Shire Administration Building is not the most desirable location a variable messaging sign.

The Cultural Precinct project provides a unique opportunity for the proposed LED sign to be integrated into a Shire facility with frontage onto Sharpe Avenue. The extra traffic on Sharpe Avenue will provide greater value for money for the sign than placing it on Welcome Road. Integrating the sign into a greenfield project will also allow for enhanced visual appeal rather than a potentially visually intrusive stand alone sign. Housing the sign in the Cultural Precinct also has the potential for interactive SMS based messaging features similar to the LED signs in Federation Square and other public spaces around the world. Many of the events advertised on the sign will take place at the Cultural Precinct providing further marketing value.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy *CE-8 Significant Decision Making Policy*, this matter is considered to be of low significance in terms of Council's ability to perform its role.

COUNCILLOR/OFFICER CONSULTATION

No Councillor or Officer consultation is required.

COMMUNITY CONSULTATION

No community consultation is required.

STATUTORY IMPLICATIONS

There are no statutory implications.

POLICY IMPLICATIONS

There are no policy implications.

FINANCIAL IMPLICATIONS

An allocation of \$60,000 has been made in the current financial year for the LED variable message sign. If the recommendation is approved, the funding for the sign would be added to the capital cost of the Cultural Precinct project.

STRATEGIC IMPLICATIONS

There are no strategic implications

RISK MANAGEMENT CONSIDERATIONS

There are no risk management considerations applicable.

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

RELEVANT PRECEDENTS

There are no relevant precedents related to this matter.

VOTING REQUIREMENTS

Simple Majority

OPTIONS:Option 1

As per Officer's recommendation.

Option 2

That Council by simple Majority pursuant to Section 5.8 of the *Local Government Act 1995* RESOLVES to PURCHASE and INSTALL a LED variable message sign outside the Shire Administration Building on Welcome Road as per the 2013/14 budget allocation.

CONCLUSION

A variable messaging sign will provide another tool for the Shire to communicate to residents about upcoming events. Locating the sign in the Cultural Precinct will provide greater utility and better value for money through higher traffic numbers, the ability to integrate the sign into a greenfield project and the potential for interactive features.

OFFICER'S RECOMMENDATION

That Council by SIMPLE Majority pursuant to Section 5.8 of the *Local Government Act 1995* RESOLVES to:

1. **INCLUDE LED variable message signage in the scope for the Cultural Precinct development and CANCEL the signage planned for the Shire Administration Building.**
2. **MAKE the appropriate adjustment through the budget review.**

9 CORPORATE SERVICES

9.1 FINANCIAL STATEMENT FOR PERIOD ENDING 30 SEPTEMBER 2013

File No:	FM.19
Responsible Executive Officer:	Director Corporate Services
Reporting Author:	Management Accountant
Date of Report:	4 November 2013
Applicant/Proponent:	Not applicable
Disclosure of Interest:	Nil
Attachment(s)	Nil

PURPOSE

To provide a summary of Council's financial position for the period ending 30th September 2013.

BACKGROUND

The following table is a summary of the Financial Activity Statement Report compared to the Budget as at 30th September 2013:

2013-2014	Original Budget	Year to Date Budget	Year To Date Actual	YTD Variance	Var. Ind
Operating Expense	(75,785,178)	(17,736,309)	(13,434,257)	4,302,052	▼
Operating Revenue (incl. Rates)	105,366,343	55,834,878	62,163,501	6,328,623	▲
Non Operating Exp	(51,031,459)	(14,285,388)	(8,100,500)	6,184,888	▼
Non Operating Rev	12,643,124	2,397,740	2,375,619	(22,121)	▼
Non Cash Items Included	8,153,389	872,786	1,191,868	319,082	▲
Estimated Surplus BFWD 12/13	653,781	653,781	772,714	118,933	▲
Surplus/(Deficit) 13/14	0	27,737,488	44,968,945	17,231,457	▲

This table shows that Council is currently in a surplus position \$17.2m above budget. Major variances are as follows:

Operating Revenue	Operating Expense	Non-operating Expense
<p>Over budget due to:</p> <ul style="list-style-type: none"> • \$2.5m grants for Karratha Leisureplex budgeted for the prior financial year being received in 2013/14; • \$1m contribution for the Dampier Community Hub not budgeted; • \$850K over budget in income from the Walkington Theatre and Karratha Leisureplex; • \$2.8m over budget in rates due to timing differences between budget and actual for interim rates issued. 	<p>Under budget in the following programs:</p> <ul style="list-style-type: none"> • \$1.4m in Transport; • \$1m in Recreation; • \$970k in Community Amenities; • \$670k in Finance and Borrowing. 	<p>Under budget in the following projects:</p> <ul style="list-style-type: none"> • 1.2m in Karratha Leisureplex expenses; • \$2m in works for the development of transfer station.

Further detail on these variances is included later in this report in the variance commentary by Program for the Rate Setting Statement. The 2012/13 end of financial year actual surplus/ (deficit) balances remain subject to adoption by Council.

FINANCIAL MANAGEMENT SUMMARY

Financial Ratios

Ratio	Description of Ratio/Indicative Target Ranges provided by Dept of Local Government	Original Budget 2013/14	YTD Budget 2013/14	YTD Actual Result	Variance Description
Operating Sustainability					
Operating Surplus Ratio	An indicator of the extent to which revenue raised not only covers operational expenses, but also provides for capital funding				This variance is due to low operating expenditure year to date. An Operating Surplus Ratio in excess of 15% indicates a strong financial position.
	Operating Surplus (excl. capital grants & contributions)/Own Source Revenue	21,962,770	32,853,549	38,759,146	
	Target between 0% and 15%	25.4%	68.5%	80.3%	
Asset Sustainability Ratio	An approximation of the extent to which assets managed by a local government are being replaced as these reach the end of their useful life	28,559,117	11,095,629	5,082,572	The Asset Sustainability Ratio is below the YTD budget due to Capital expenditure being behind budget YTD as well as depreciation being above budget due to depreciation adjustments relating to EOFY plant revaluations.
	Capital Renewal and Replacement Expenditure/Depreciation	8,075,504	867,828	1,191,868	
	Target - Greater than 0.90	3.54	12.79	4.26	
Own Source Revenue Ratio	An indicator of a local government's ability to cover its costs through its own tax and revenue efforts	86,644,765	47,980,092	48,240,935	This variance is due to operating expenses below YTD budget.
	Own Source Operating Revenue/Operating Expenses	75,785,178	17,736,309	13,434,257	
	Target - Greater than or equal to 0.40	1.14	2.71	3.59	
Liquidity Ratios					
Current Ratio	A measure of a local government's liquidity and its ability to meet its short term financial obligations from unrestricted current assets	9,569,996	Not	50,098,073	The current ratio is unable to be calculated on a YTD budgeted basis due to the nature of its components being budgeted on an annual basis.
	Current Assets less Restricted Assets/Current Liabilities less liabilities associated with Restricted assets	9,277,760	Applicable	5,715,589	
	Target - greater than or equal to 1	1.03		8.77	
Debt Ratios					
Debt Service Cover Ratio	An indicator of a local government's ability to generate sufficient cash to cover its debt payments	30,042,200	33,721,377	38,759,146	Original Budget results in a ratio in excess of 10 due to low level of debt resulting from early loan repayment programme undertaken in 2012/13. Council's sole outstanding debt is a Self Supporting Loan to the Chamber of Commerce.
	Operating surplus before interest expense and depreciation/Principal and interest Expense	6,858	3,429	0	
	Target - more than 2- The higher the better	>10	>10	<0	

Statement of Financial Position

	2013 Sep	2013 Aug	% change
Current			
Assets	93,491,219	96,526,539	-3.14%
Liabilities	8,396,019	9,529,219	-11.89%
Non Current			
Assets	264,662,557	262,826,282	0.70%
Liabilities	570,185	570,185	0.00%
Net Assets	349,187,572	349,253,417	

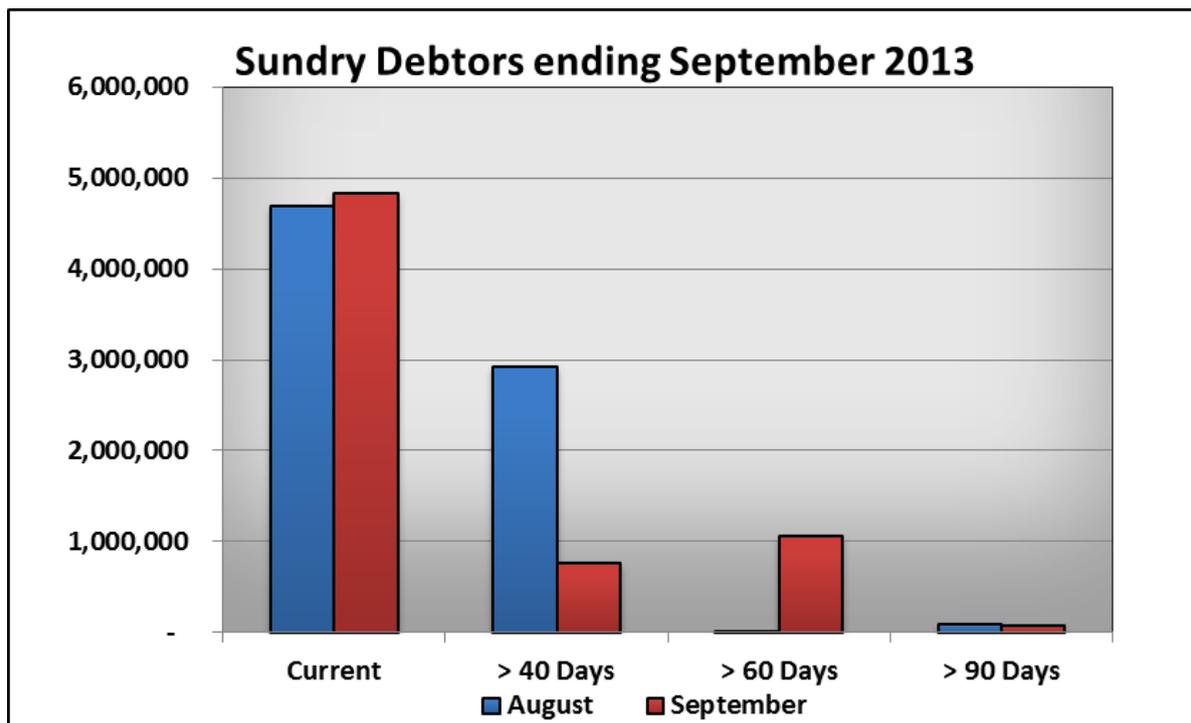

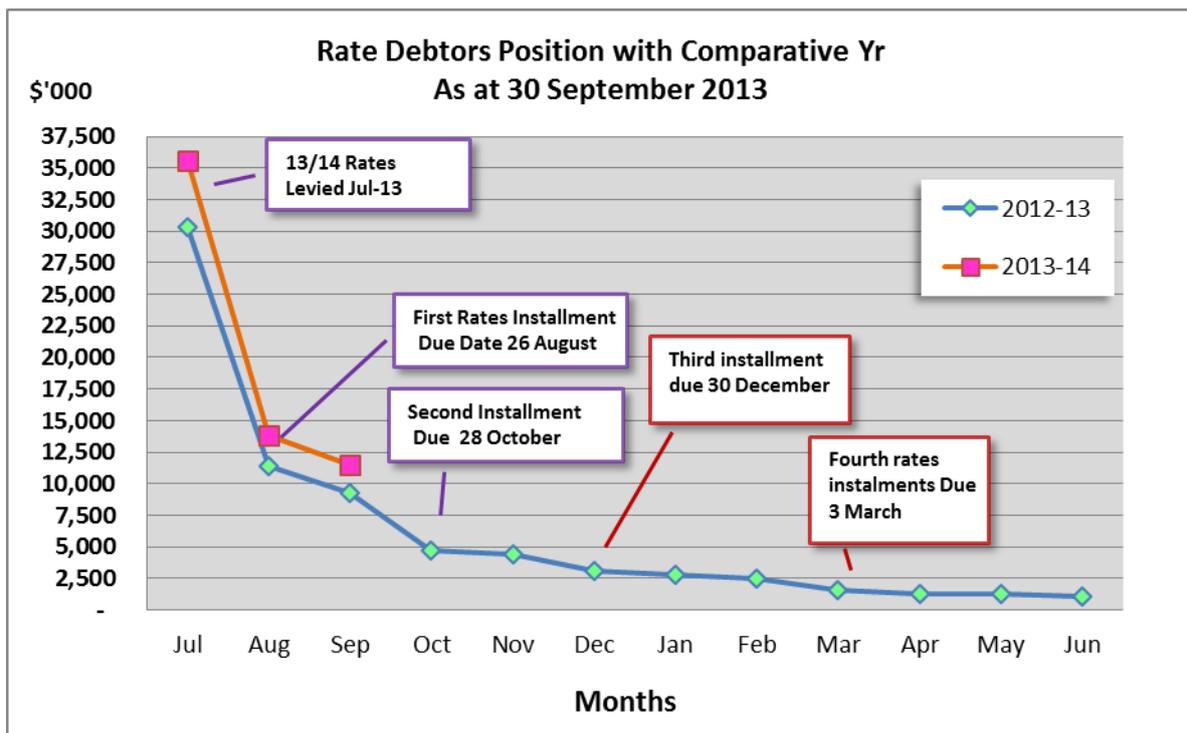

Total Current Assets decreased by 3.14% from August to September due to regular monthly invoicing. Current Liabilities have decreased by 11.89% from August to September due to payment of supplier invoices. Non current assets have increased 0.70% due to capital works commenced in the new financial year. Non Current Liabilities remained unchanged.

Debtors Schedule

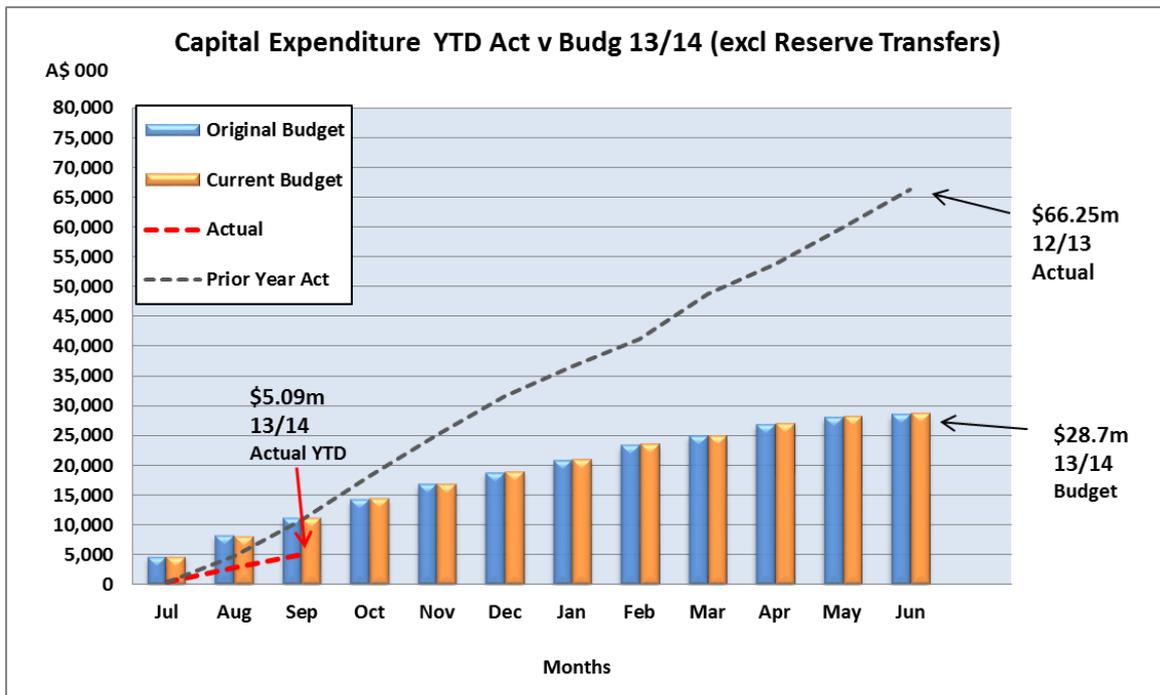

Total Trade Debtors decreased by 13% or \$996,140 in the period due to regular payment of invoices. Stringent debt collection on outstanding debts greater than 40 Days continued in line with Council policy. The following table shows outstanding balances for each aging period for balances in excess of \$5,000 as well as debtors with significant current balances held in excess of \$1 million.

Debtor	Total	Current	40 Days	60 Days	> 90 Days	Since paid (Y/N)	Comments
QANTASLINK/AIRLINK PTY LTD	\$352,249	\$238,489	\$16,885	\$93,268	\$3,608	No	Followed up payment
ALLIANCE AIRLINES PTY LTD	\$269,927	\$129,820	\$140,107	\$0	\$0	No	Current
Avis Australia	\$376,460	\$26,732	\$0	\$349,728	\$0	No	Under review
ATTORNEY GENERALS DEPT.	\$45,285	\$285	\$0	\$45,000	\$0	No	Followed up payment
Air BP	\$38,683	\$1,576	\$0	\$37,107	\$0	No	Under review
Capiteq Limited t/as Airnorth Regional	\$37,166	\$29,299	\$0	\$7,867	\$0	Yes	
Garuda Indonesia Airways	\$7,011	\$0	\$7,011	\$0	\$0	No	Current
Karratha Netball Association	\$12,221	\$7,054	\$5,196	\$0	-\$29	No	Current
Tox Free Australia Pty Ltd	\$620,005	\$613,455	\$21,341	-\$3,568	-\$11,222	No	Under review
KARRATHA COMMUNITY HOUSE INC.	\$12,076	\$4,829	\$0	\$0	\$7,247	No	Paying installments per arrangement with Manager Leisure Service
KARRATHA AIR LOGISTICS	\$16,592	\$0	\$0	\$0	\$16,592	No	At debt collectors
Karratha Flying Services (2008) Pty Ltd	\$30,126	\$13,857	\$0	\$16,268	\$0	No	Under review - meter to be checked
Landcorp (ABN: 34 868 192 835)	\$16,081	\$9,536	\$0	\$0	\$6,546	No	At debt collectors
QANTAS AIRWAYS LIMITED	\$2,826,772	\$1,779,757	\$542,199	\$495,640	\$9,176	No	Followed up payment

The outstanding rates balance has decreased by 16% or \$2,241,572 due to payment of overdue rates following notices issued for overdue rate payments.

Capital Expenditure

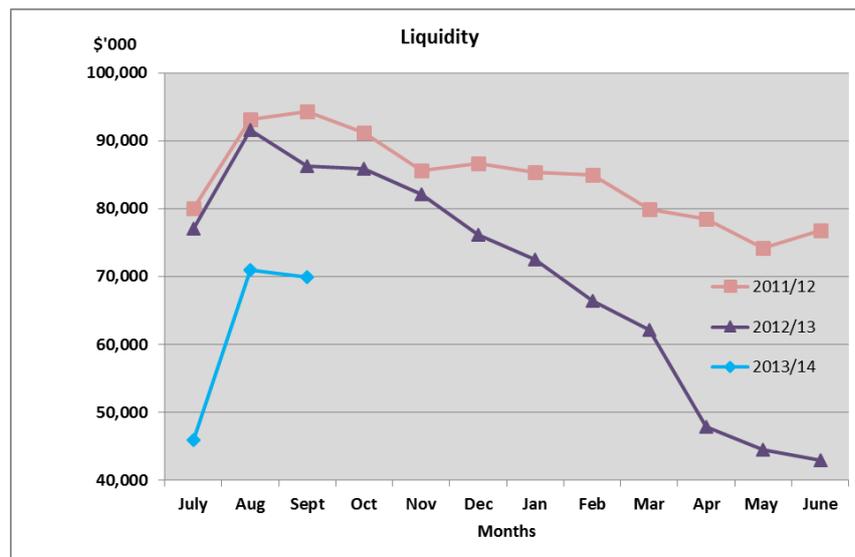

Asset Class	YTD			Annual	
	YTD Amended Budget	YTD Actual	Variance %	Annual Orig Budget	Annual Amend Budget
	30-Sep-13			30-Jun-14	
Land	0	0	0%	0	0
Artwork	0	0	0%	0	0
Buildings	7,014,811	2,230,297	-68%	14,359,126	14,510,298
Equipment	125,000	5,000	0%	288,000	288,000
Furn & Equip	85,700	39,751	-54%	644,800	644,800
Plant	333,290	56,994	0%	1,726,290	1,726,290
Infrastructure	3,536,828	2,756,229	-22%	11,540,901	11,540,901
Totals	11,095,629	5,088,271	-54%	28,559,117	28,710,289

The Shire’s 2013/14 Capital Expenditure budget is \$28.7 million. This represents a significant decrease in capital spend on the prior years actual spend of \$66.25 million. The majority of the budget is associated with major projects including Karratha Airport building and infrastructure and Karratha Leisureplex works.

The Reserve Bank cash rate (overnight money market interest rate) has remained at 2.5%, since the 25 basis point decrease in early August. During September, the remaining Royalties for Regions reserve funds invested with Western Australian Treasury Corporation (WATC) were fully expended with no remaining funds now held with WATC. Taking into account current cash flow requirements \$7 million of municipal funds were reinvested in September at 3.7% for a period of one month whilst \$7 million of municipal funds continued to be invested at 3.9% for 3 months to November. The Municipal funds held with Westpac Bank continued to earn 2.51% interest on balances between \$1,000,000 and \$5,000,000 in the everyday account and 3% on the Maxi-Direct Muni Account to maximise interest earnings.

The liquidity graph for 2013/14 demonstrates a normal local government position at the commencement of the new financial year, with the second rate instalment due date 28th October. This liquidity position is in contrast to prior financial years of significant grant funding used to fund major Community & Recreation building and infrastructure projects.

The financial statements for the reporting period are provided as an attachment in the form of:

- Rate Setting Statement;
- Operating Revenue and Expenses Variance Commentary by Nature & Type;
- Operating and Capital Variance Commentary by Programme Area;
- Net Current Asset Position;
- Statement of Financial Position (Balance Sheet);
- Cash and Cash Equivalent Note;
- Schedule of Divisional Financial Activity.

LEVEL OF SIGNIFICANCE

Financial integrity is essential to the operational viability of the Shire but also as the custodian of community assets and service provision. An ability to monitor and report on financial operations, activities and capital projects is imperative to ensure that financial risk is managed at acceptable levels of comfort.

The ability for the Shire of Roebourne to remain financially sustainable is a significant strategy for a region that is continually under pressure from the resources industry, private enterprise and State Government obligations for the ongoing development of infrastructure and services.

COUNCILLOR/OFFICER CONSULTATION

Executives and Management have been involved in monthly reviews of their operational and departmental budgets and notifying the Financial Services team of trends and variances arising from their operational areas.

COMMUNITY CONSULTATION

No community consultation is required.

STATUTORY IMPLICATIONS

In accordance with the *Local Government Act 1995* and *Local Government (Financial Management) Regulations 1996*, a Statement of Financial Activity is required to be presented to Council as a minimum requirement.

Section 6.4 of the *Local Government Act 1995* provides for the preparation of financial reports.

In accordance with Regulation 34 (5), a report must be compiled on variances greater than the materiality threshold adopted by Council of \$50,000 or 10% whichever is the greater. As this report is composed at a programme level, variance commentary considers the most significant items that comprise the variance.

POLICY IMPLICATIONS

The Shire's financial reporting is prepared in accordance with Accounting Policy CF1. This is reviewed periodically to ensure compliance with legislative and statutory obligations.

FINANCIAL IMPLICATIONS

The report represents the financial position of the Council at the end of September 2013 with a current full year balanced budget and actual surplus year to date reported of \$44,968,945 which is largely due to invoicing of rates in July and delays in commencement of 2013/14 projects.

STRATEGIC IMPLICATIONS

This item is relevant to the Council's approved Strategic Community Plan 2012-2022 and Corporate Business Plan 2012-2016. In particular the Operational Plan 2013-2014 provided for this activity:

- | | | |
|---------------|-----------|--|
| Our Program: | 4.d.1.3 | Provide transparent and accountable financial information required by the <i>Local Government Act</i> , Code of Accounting Practice, Australian Accounting Standards and Local Government regulations. |
| Our Services: | 4.d.1.3.2 | Prepare the monthly financial statements and reports to Council. |

RISK MANAGEMENT CONSIDERATIONS

Astute financial management backed by strong internal controls, policies and monitoring will ensure risks are assessed regularly and managed appropriately. Expenditure and revenue streams are monitored against approved budgets by management and the financial team with material variances being reported. It is incumbent on all managers that any perceived extraordinary variances that have, or likely to have, had occurred are escalated immediately for consideration by Executive and/or Council.

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

RELEVANT PRECEDENTS

This is a routine process alerting Council of the current financial position of the Shire of Roebourne.

VOTING REQUIREMENTS

Simple Majority

OPTIONS:Option 1

As per the Officer's recommendation.

Option 2

That Council by Simple Majority pursuant to Section 6.4 of the *Local Government Act 1995* and Regulation 34 of the *Local Government (Financial Administration) Regulations 1996* RESOLVES to:

1. RECEIVE the Financial Reports for the financial period ending 30 September 2013 and
2. APPROVE the following actions:
 - a. _____
 - b. _____

Option 3

That Council by Simple Majority pursuant to Section 6.4 of the *Local Government Act 1995* and Regulation 34 of the *Local Government (Financial Administration) Regulations 1996* RESOLVES to NOT RECEIVE the Financial Report for the financial period ending 30 September 2013.

CONCLUSION

Council is obliged to receive the monthly financial reports as per statutory requirements. Details in regards to the variances and the commentary provided are to be noted as part of the report.

OFFICERS RECOMMENDATION

That Council by **SIMPLE** Majority pursuant to Section 6.4 of the *Local Government Act 1995* and Regulation 34 of the *Local Government (Financial Administration) Regulations 1996* resolves to **RECEIVE** the Financial Reports for the financial period ending 30 September 2013.

9.2 LIST OF ACCOUNTS OCTOBER 2013

File No:	FM.19
Responsible Executive Officer:	Director Corporate Services
Reporting Author:	Creditors Officer
Date of Report:	31 October 2013
Applicant/Proponent:	Nil
Disclosure of Interest:	Nil
Attachment(s)	Nil

PURPOSE

To advise Council of payments made since the previous Ordinary Council Meeting.

BACKGROUND

Council has given delegated authority that allows the Chief Executive Officer to approve payments from Council's bank accounts either via cheque or through electronic lodgement.

LEVEL OF SIGNIFICANCE

The level of significance for this matter is very high in ensuring trade creditors are compensated for services they provide to the Shire. These services enable the Shire to meet the needs and expectations of the community.

COUNCILLOR/OFFICER CONSULTATION

Officers have been involved in the approvals of any requisitions, purchase orders, invoicing and reconciliation matters.

COMMUNITY CONSULTATION

No community consultation is required.

STATUTORY IMPLICATIONS

Payments are to be made in accordance with Part 6, Division 4 of the *Local Government Act 1995* and as per the *Local Government (Financial Management) Regulations 1996*. Payments are to be made through the municipal fund, trust fund or reserve funds. Payments are to be in accordance with approved systems as authorised by the CEO.

POLICY IMPLICATIONS

Staff are required to ensure that they comply under Council Policy CF6 – Purchasing Policy and CF5 - Regional Price Preference Policy (where applicable) and that budget provision is available for any expenditure commitments.

FINANCIAL IMPLICATIONS

Payments are made under delegated authority and are within defined and approved budgets. Payment is made within agreed trade terms and in a timely manner.

STRATEGIC IMPLICATIONS

This item is relevant to the Council's approved Strategic Community Plan 2012-2022 and Corporate Business Plan 2012-2016. In particular the Operational Plan 2013-2014 provided for this activity:

Our Program:	4.d.1.5	Ensure financial accountability
Our Services:	4.d.1.5.1	Assist compliance against purchasing delegations
	4.d.1.5.2	Ensuring timely recognition and collection of revenues and payment for goods and services

RISK MANAGEMENT CONSIDERATIONS

It is incumbent on the Shire to have good trade practices. As a leader in the community it is important that good governance structures and controls are established. Having poor terms of trade is likely to have increase risk of penalties, loss of quality services and contractors and increase in dissatisfaction amongst the community. The reverse is the case with good terms of trade.

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

RELEVANT PRECEDENTS

There are no relevant precedents related to this matter.

VOTING REQUIREMENTS

Simple Majority

OPTIONS:Option 1

As per Officer's recommendation.

Option 2

That Council by SIMPLE Majority pursuant to Sections 6.7 and 6.9 of the *Local Government Act 1995* RESOLVES to:

ACCEPT payments totalling \$12,607,399.64 submitted and checked with vouchers, being made up of:

- a. Trust Vouchers 204 to 216 (Inclusive),
- b. EFT24076 to EFT24654 (Inclusive),
- c. Cheque Vouchers 76345 to 76425 (Inclusive)

with the EXCEPTION OF (as listed)

CONCLUSION

It has been a customary practice that whilst being a leader in the community that we meet our terms of credit as established between suppliers and aspire to obtain discounts where practicable. Payments have been approved by authorised officers in accordance with agreed delegations and policy frameworks.

OFFICER'S RECOMMENDATION

That Council by SIMPLE Majority pursuant to Sections 6.7 and 6.9 of the *Local Government Act 1995* RESOLVES to:

9.3 CODE OF CONDUCT REVIEW

File No:	PE.153
Responsible Executive Officer:	Director, Corporate Services
Reporting Author:	Manager, Governance and Organisational Strategy
Date of Report:	30 October 2013
Applicant/Proponent:	Nil
Disclosure of Interest:	Nil
Attachment(s):	Draft Code of Conduct (2013)

PURPOSE

To consider the review of the Shire's Code of Conduct.

BACKGROUND

The Shire is required by legislation to have in place a code of conduct to be complied with by Members of Council, staff and members of public representing the Shire.

The code of conduct identifies appropriate behaviours expected to be met by all persons representing the Shire of Roebourne. The code addresses matters such as:

- roles and responsibilities of individuals;
- ensuring appropriate disclosures of conflict of interest are made in advance of any subsequent binding decisions;
- ensuring disclosures of any personal benefits received, inclusive of gifts, donations;
- restricting additional employment that conflicts with their substantive role with the Shire;
- use and custody of council property;
- confidentiality of in-house information;
- expected personal behaviours relating to harassment and discrimination;
- adherence to Council policies, values and practices;
- record keeping practices;
- limitations on communication of personal opinions with public and media;
- ensuring compliance to any lawful order given by those in authority;
- prevention and reporting of misconduct activity; and
- procedures to investigate complaints or breaches of the Act.

As a result of a review, grammatical and other changes have been made throughout the document including:

- a new section on "Application of the Code" and "Definitions" on page 5;
- redefining "Disclosures of Interest";
- review of the terms within "Additional Employment Interest";
- the option of discretionary disclosures where there is no impact on a Council decision within "1.7 The Decision to Disclose";
- redefining definitions within "2.4 Gifts" and incorporating the requirement to retain a gift register and the reference to the retention of an "electoral gift register"; and
- personal behaviour incorporating harassment and discrimination.

The Code of Conduct incorporates misconduct provisions that address issues highlighted by the WA Corruption and Crime Commission in its report “*Capability of Local Government in the Pilbara to Prevent, Identify and Deal with Misconduct*”.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy *CE-8 Significant Decision Making Policy*, this matter is considered to be of high significance in terms of Council’s ability to perform its role.

COUNCILLOR/OFFICER CONSULTATION

Consultation has taken place with staff in terms of ensuring the code adequately covers expected standards of behaviour.

COMMUNITY CONSULTATION

No community consultation is required.

STATUTORY IMPLICATIONS

There is a requirement under section 5.103 of the *Local Government Act 1995* whereby each local government is to adopt a code of conduct. The *Local Government (Rules of Conduct) Regulations 2007* provide broad principles to guide behaviours of Council members and staff.

POLICY IMPLICATIONS

There are no policy implications.

FINANCIAL IMPLICATIONS

There are no financial implications.

STRATEGIC IMPLICATIONS

This item is relevant to Council’s approved Strategic Community Plan 2012-2022 and Corporate Business Plan 2012-2016. In particular the Operational Plan 2013-2014 provided for this activity:

- Our Program: 4.c.1.1 Provide assistance to all departments across the Shire in complying with the legislative and statutory requirements.
- Our Services: 4.c1.1.3 Review and develop legal documents.

RISK MANAGEMENT CONSIDERATIONS

The level of risk is considered to be low to the Shire in terms of compliance.

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer’s recommendation.

RELEVANT PRECEDENTS

Council has maintained a Code of Conduct for a number of decades, possibly since the introduction of the current *Local Government Act in 1995*. Such a document needs to be reviewed routinely to ensure appropriateness to the current expected standards of behaviours.

VOTING REQUIREMENTS

Simple Majority

OPTIONS:Option 1

As per Officer’s recommendation.

Option 2

That Council by SIMPLE Majority pursuant to Section 5.103 of the *Local Government Act 1995* RESOLVES to ADOPT the revised Code of Conduct (2013) with the following amendments:

- (i) _____
- (ii) _____.

Option 3

That Council by SIMPLE Majority pursuant to Section 3.18 of the *Local Government Act 1995* RESOLVES to DEFER consideration of the Code of Conduct (2013).

CONCLUSION

The Code of Conduct has been updated to reflect current standards and practices that the Shire of Roebourne is expected to meet. A substantial part of the code is legislatively required to ensure appropriate conduct is displayed at all times by Council members, employees and members of the public who represent the Shire.

OFFICER'S RECOMMENDATION

That Council by SIMPLE Majority pursuant to Section 5.103 of the *Local Government Act 1995* RESOLVES to ADOPT the revised Code of Conduct (2013).

9.4 AUDIT AND ORGANISATIONAL RISK COMMITTEE

File No:	FM.1
Responsible Executive Officer:	Director Corporate Services
Reporting Author:	Manager Governance and Organisational Strategy
Date of Report:	4 November 2013
Applicant/Proponent:	Nil
Disclosure of Interest:	Nil
Attachment(s):	1. Minutes of AORC Meeting 1 November 2013 including: a) Audit Opinion for 2012/13 b) Annual Financial Report for the Year Ended 30 June 2013 c) Report to Audit Committee for the Year Ended 30 June 2013 2. Annual Report 2012/13

PURPOSE

The purpose of this report is to receive the Minutes of the meeting held on 1 November 2013 together with the Audit Opinion and Annual Financial Report for the Year Ended 30 June 2013.

BACKGROUND

The Audit and Organisational Risk Committee met on 1 November 2013 following the recent local government elections. Cr Smeathers was appointed as the chairperson of this Committee. The Committee considered the following matters:

- (a) **Audit Opinion and Annual Financial Report 2012/13**
Council's external auditor, Grant Thornton, provided an unqualified Audit Opinion for the 2013 financial year confirming that the financial affairs are a true and fair representation. In their report to the Committee, Grant Thornton provided observations regarding Council's internal control, highlighting no Material Weakness (critical areas that represent high risk); no Significant Deficiencies (important matters that represent medium risk); and only two Deficiencies (housekeeping or administrative matters that represent low risk). Responses have been put in place to address the two deficiencies.
- (b) **Frequency of Meetings**
It was agreed for the Committee to meet quarterly with the opportunity to hold special meetings if required.
- (c) **Projects**
Status reports were considered on a number of ongoing projects including risk management, business continuity, internal audits and the business improvement projects related to the Integrated Strategic Planning initiative.

The Annual Financial Report and Audit Opinion will now form part of the Annual Report 2012/13 which is attached for Council's consideration. This is to be discussed at the Annual Electors Meeting which has been previously scheduled by Council to be held on 16 December 2013.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy *CE-8 Significant Decision Making Policy*, this matter is considered to be of moderate significance in terms of Council's ability to perform its role.

COUNCILLOR/OFFICER CONSULTATION

No Councillor or Officer consultation is required.

COMMUNITY CONSULTATION

No community consultation is required.

STATUTORY IMPLICATIONS

Part 7 of the *Local Government Act 1995* reflects the requirements of the audit committee, purpose and conduct of the audit and the general scope of audit.

Section 5.27 of the *Act* provides a general meeting of electors is to be held once every financial year not more than 56 days after the local government accepts the annual report for the previous financial year.

Regulation 15 of the *Local Government (Administration) Regulations 1996* provides that the annual report is to be discussed at the Annual Electors Meeting.

POLICY IMPLICATIONS

There are no policy implications.

FINANCIAL IMPLICATIONS

There are no financial implications.

STRATEGIC IMPLICATIONS

This item is relevant to the Council's approved Strategic Community Plan 2012-2022 and Corporate Business Plan 2012-2016. In particular the Operational Plan 2013-2014 provides for this activity:

- | | | |
|---------------|-----------|---|
| Our Program: | 4.c.2.3 | Develop and or review Council policies, procedures and processes. |
| Our Services: | 4.c.2.3.1 | Undertake internal audits and reviews. |
| | 4.c.2.3.2 | Implement risk management culture through the organisation. |

RISK MANAGEMENT CONSIDERATIONS

All risks are managed with periodic reporting and audit to the Executive and to the Audit & Organisational Risk Committee.

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

RELEVANT PRECEDENTS

There are no relevant precedents related to this matter.

VOTING REQUIREMENTS

Simple Majority

OPTIONS:Option 1

As per Officer's recommendation.

Option 2

That Council by SIMPLE Majority pursuant to Section 5.54 and Part 7 of the *Local Government Act 1995* RESOLVES to DEFER consideration of the Audit & Organisational Risk Committee meeting, the Audit Opinion and Annual Financial Report for the Year Ended 30 June 2013.

CONCLUSION

The major focus of the 1 November 2013 Audit & Organisational Risk Committee was to consider the Audit Opinion and Annual Financial Report for the Year Ended 30 June 2013. As the Audit Opinion was unqualified and confirmed that the financial report provides a true and fair view of the Shire's financial position it is recommended that Council now receive the minutes of the Committee Meeting together with the Audit Opinion, Annual Financial Report for the Year Ended 30 June 2013 and Annual Report 2012/13 prior to the Annual Electors Meeting which is scheduled to be held on 16 December 2013.

OFFICER'S RECOMMENDATION

That Council by SIMPLE Majority pursuant to Section 5.54 and Part 7 of the *Local Government Act 1995* RESOLVES to:

1. **RECEIVE** the Minutes of the Audit and Organisational Risk Committee for the meeting held on 1 November 2013;
2. **RECEIVE** the Audit Opinion from Grant Thornton Audit for 2012/13;
3. **RECEIVE** the Annual Financial Report for the Year Ended 30 June 2013;
4. **RECEIVE** the Annual Report 2012/13;
5. **CONFIRM** the date of the Annual Electors Meeting for Monday 16 December 2013 at 6pm in the Council Chambers in Karratha.

9.5 COUNCIL MEETING DATES

File No:	GV.1
Responsible Executive Officer:	Director, Corporate Services
Reporting Author:	Manager, Governance and Organisational Strategy
Date of Report:	4 November 2013
Applicant/Proponent:	Nil
Disclosure of Interest:	Nil
Attachment(s)	Nil

PURPOSE

To consider the schedule of dates for Council meetings for 2014.

BACKGROUND

Council is required to publicise Ordinary Council meeting dates for each calendar year by way of public notice.

The issues that need to be considered by Council are:

1. Frequency of Ordinary Council Meetings
2. Ordinary Council Meeting dates, times and venues
3. Continuation of Briefing Sessions

In recent years Council has scheduled its Ordinary Council Meeting to be held on the third Monday of each calendar month. These meetings are conducted after business hours at 6.30pm to maximise opportunity for elected members to attend without impacting their own working commitments as well as ensuring members of the public who may have matters before Council are given the opportunity to hear the debate related to their matter.

In addition to the Ordinary Council Meetings, briefing sessions are also held each month to keep Council members informed of agenda matters or upcoming events whilst advisory group meetings are held on specific projects and issues.

In order to obtain a bigger public audience and to encourage public participation, the majority of ordinary Council meetings are scheduled in Karratha. Four times a year a Council meeting is convened in a different town within the Shire to encourage greater local community interest in our deliberative processes.

In 2013 Council trialled an Ordinary Council Meeting in January. This allowed major project works, town planning development applications and building approvals to be considered without undue delays. Should the January Council meeting be discontinued, there will be a 2 month break between the December 2013 Council Meeting and the February 2014 Council meeting.

The Council has previously considered different meeting frequencies. A balance has been struck between statutory obligations, customer service obligations to ratepayers and practical turnaround times from an administrative perspective in preparing and collating Council reports and the availability of elected members. The advantages and disadvantages of varying options are summarised in the tables below.

12 Monthly Meetings

This is the current status quo where meetings are held on the 3rd Monday of each month including January.

Advantages	Disadvantages
<ul style="list-style-type: none"> Minimum impact on Councillors in terms of time commitment to Council meetings. 	<ul style="list-style-type: none"> Applicants have to wait a minimum of 3 weeks before their applications can be considered by Council.
<ul style="list-style-type: none"> Costs of running Council meetings are reduced with less administration overhead and refreshments/meals; councillors travel 	<ul style="list-style-type: none"> Can be a long turnaround for some matters that require quick decisions.
<ul style="list-style-type: none"> January meeting avoids waiting 2 months for the February Meeting and reduces the need to push agenda items through in December. 	<ul style="list-style-type: none"> Large agenda are compiled due to the volume of work coming through the Shire, resulting in more reading time for Councillors in understanding the issues.
	<ul style="list-style-type: none"> Difficult to build a full agenda for the January meeting when there is a 10 day office closure period in the lead up to the Council meeting.

Fortnightly meetings

Some local governments, particularly those going through significant growth and development, elect to hold Council meetings twice per month. In this scenario, Council could consider holding a briefing session prior to the Council meeting, or disbanding the briefing sessions altogether.

Advantages	Disadvantages
<ul style="list-style-type: none"> Faster turnaround time for Council decision making, improving customer service. 	<ul style="list-style-type: none"> Additional time requirement for Councillors
<ul style="list-style-type: none"> Shorter Council agendas 	<ul style="list-style-type: none"> Additional administrative requirement to produce more frequent Agendas and Minutes.
<ul style="list-style-type: none"> Councillors currently attend Council and Briefing sessions. This option could substitute the Briefing Session for a Council meeting. 	<ul style="list-style-type: none"> Less opportunity for Council briefings and/or consideration of issues as meeting frequency allows less time for discussion/debate
<ul style="list-style-type: none"> Opportunity for Council to meet in neighbouring towns more often. 	

11 Monthly meetings

This option provides for meetings each month except January.

Advantages	Disadvantages
<ul style="list-style-type: none"> Reflects the fact that a number of staff and Council members take leave in January. 	<ul style="list-style-type: none"> 2 month for the February Meeting results in slower turnaround time for Council decisions.

Briefing Sessions

Currently briefing sessions are held the Thursday prior to the Council meeting where Councillors can be briefed on current activities, future initiatives, strategic issues and the forthcoming agenda. These sessions are considered extremely valuable in terms of allowing staff and external parties to brief Councillors and ensuring that Councillors have an opportunity for input early in the deliberative process.

LEVEL OF SIGNIFICANCE

This item is highly significant as it is required by legislation and is considered important for community awareness of scheduled meetings.

COUNCILLOR/OFFICER CONSULTATION

Discussion occurred at the November 2012 Council meeting amongst Council Members as to the alternative options. There were differing views on the proposal of a January meeting and debate on the option of two (2) Council meetings per month. With a new Council now in place, it is an opportunity to review meeting dates and frequency again.

COMMUNITY CONSULTATION

It will be necessary for the approved scheduled to be advertised in a local newspaper and on noticeboards and website so the community is aware of meeting times and dates.

STATUTORY IMPLICATIONS

Section 5.5 of the *Local Government Act 1995* requires local governments to hold no less than four Council meetings per year. 12 months local public notice is required in advance of the dates of the Council meeting by virtue of section 5.25 of the Act and regulation 12 of the *Local Government (Administration) Regulation 1996*.

POLICY IMPLICATIONS

There are no policy implications.

FINANCIAL IMPLICATIONS

At present the only costs associated with the running of a Council meeting would be the overtime provided to the Minute Secretary and catering for the meeting. Should the frequency of meetings increase, these costs are likely to increase in addition to any claims for travel or child care from Council members.

STRATEGIC IMPLICATIONS

There are no strategic implications.

RISK MANAGEMENT CONSIDERATIONS

The level of risk is considered to be low to the Shire in terms of compliance.

IMPACT ON CAPACITY

If the meeting frequency is to increase, this will have some impacts on the staff resourcing the Council meeting function, however this is not considered to be significant.

RELEVANT PRECEDENTS

In recent years Council has scheduled its Ordinary Council Meeting to be held on the third Monday of each calendar month commencing at 6.30pm.

VOTING REQUIREMENTS

Simple Majority

OPTIONS:

Option 1

As per Officer’s recommendation.

Option 2

That Council by Simple Majority pursuant to Section 5.25 of the *Local Government Act, 1995* and Regulation 12 of the *Local Government (Administration) Regulations 1996* RESOLVES to ENDORSE and ADVERTISE the following alternate meeting schedule for the 2014 Ordinary Council Meetings, noting meeting times will be _____ pm unless as otherwise advised:

Date	Meeting	Location
__ January 2014	Ordinary Council Meeting	
__ February 2014	Ordinary Council Meeting	
__ March 2014	Ordinary Council Meeting	
__ April 2014	Ordinary Council Meeting	
__ May 2014	Ordinary Council Meeting	
__ June 2014	Ordinary Council Meeting	
__ July 2014	Ordinary Council Meeting	
__ August 2014	Ordinary Council Meeting	
__ September 2014	Ordinary Council Meeting	
__ October 2014	Ordinary Council Meeting	
__ November 2014	Ordinary Council Meeting	
__ December 2014	Ordinary Council Meeting	

Option 3

That Council by Simple Majority pursuant to Section 5.25 of the *Local Government Act, 1995* and Regulation 12 of the *Local Government (Administration) Regulations 1996* RESOLVES to ENDORSE and ADVERTISE the following alternate meeting schedule for the 2014 Ordinary Council Meetings, being the first and third Monday of each month, noting meeting times will be 6.30pm pm unless as otherwise advised:

Date	Meeting	Location
28 January 2014	Ordinary Council Meeting	
3 February 2014	Ordinary Council Meeting	
17 February 2014	Ordinary Council Meeting	
4 March 2014 ^{*2}	Ordinary Council Meeting	
17 March 2014	Ordinary Council Meeting	
7 April 2014	Ordinary Council Meeting	
22 April 2014 ^{*3}	Ordinary Council Meeting	
5 May 2014	Ordinary Council Meeting	
19 May 2014	Ordinary Council Meeting	
3 June 2014 ^{*4}	Ordinary Council Meeting	
16 June 2014	Ordinary Council Meeting	
7 July 2014	Ordinary Council Meeting	
21 July 2014	Ordinary Council Meeting	
5 August 2014 ^{*5}	Ordinary Council Meeting	
18 August 2014	Ordinary Council Meeting	
1 September 2014	Ordinary Council Meeting	
15 September 2014	Ordinary Council Meeting	
6 October 2014	Ordinary Council Meeting	
20 October 2014	Ordinary Council Meeting	
3 November 2014	Ordinary Council Meeting	
17 November 2014	Ordinary Council Meeting	
1 December 2014	Ordinary Council Meeting	
15 December 2014	Ordinary Council Meeting	

^{*1} Tuesday 28 January replaces Monday 20 January (and 27 January which is the Australia Day public holiday).

^{*2} Tuesday 4 March replaces Monday 3 March which is the Labour Day public holiday.

^{*3} Tuesday 22 April replaces Monday 21 April which is the Easter Monday public holiday.

^{*4} Tuesday 3 June replaces Monday 2 June which is the Foundation Day (WA) public holiday.

^{*5} Tuesday 5 August replaces Monday 4 August which is the alternate Queen's Birthday public holiday.

CONCLUSION

In order to maintain a balance between timely decision making and the impact on resources, it is proposed to continue the existing arrangements whereby ordinary meetings of Council are held on the third Monday of each month at 6.30pm. A January Council meeting has been recommended as has holding four meetings during the year at other townships within the Shire.

OFFICER'S RECOMMENDATION

That Council by SIMPLE Majority pursuant to Section 5.25 of the *Local Government Act, 1995* and Regulation 12 of the *Local Government (Administration) Regulations 1996* RESOLVES to ENDORSE and ADVERTISE the following for the 2014 Ordinary Council meeting dates of the Shire of Roebourne, being the third Monday of each month, noting meeting times will be 6.30pm unless as otherwise advised:

Date	Meeting	Location
28 January 2014 ^{*1}	Ordinary Council Meeting	Council Chambers, Karratha
17 February 2014	Ordinary Council Meeting	Town Hall, Point Samson
17 March 2014	Ordinary Council Meeting	Council Chambers, Karratha
22 April 2014 ^{*2}	Ordinary Council Meeting	Peninsula Palms, Dampier
19 May 2014	Ordinary Council Meeting	Council Chambers, Karratha
16 June 2014	Ordinary Council Meeting	Council Chambers, Karratha
21 July 2014	Ordinary Council Meeting	Roebourne Hall
18 August 2014	Ordinary Council Meeting	Council Chambers, Karratha
15 September 2014	Ordinary Council Meeting	Council Chambers, Karratha
20 October 2014	Ordinary Council Meeting	Wickham Bistro Meeting Room
17 November 2014	Ordinary Council Meeting	Council Chambers, Karratha
15 December 2014	Ordinary Council Meeting	Council Chambers, Karratha

^{*1} Tuesday 28 January replaces Monday 20 January (and 27 January which is the Australia Day public holiday).

^{*2} Tuesday 22 April replaces Monday 21 April which is the Easter Monday public holiday.

9.6 OPERATIONAL PLAN 2013-2014 – QUARTER 1 PERFORMANCE REPORT

File No: CM.89
Responsible Executive Officer: Director Corporate Services
Reporting Author: Project Manager Integrated Strategic Planning
Date of Report: 30 October, 2013
Applicant/Proponent: Nil
Disclosure of Interest: Nil
Attachment(s): Operational Plan 2013-2014 – Quarter 1 Performance Report (copies will be available at the Briefing Session and the Council meeting)

PURPOSE

To provide Council with an update on implementation of the Operational Plan 2013-2014 – Quarter 1 (July 2013 – September 2013).

BACKGROUND

The Shire of Roebourne adopted its first ever suite of documents within the Integrated Strategic and Planning Framework on 17 December 2012. Overarching this suite of interrelated plans is the Strategic Community Plan 2012-2021 which identifies the aspirations of our communities. The Corporate Business Plan 2012-2016 is the key strategic planning document from which all other plans and programs within the Council flow. The Corporate Business Plan 2012-2016 is informed by the Strategic Community Plan 2012-2021 and prioritises the programs, projects and services Council will commit to provide during the five years. The Operational Plan 2013-2014 (an annual slice of the Corporate Business Plan 2012-2016) further builds on the foundation already provided through the first Operational Plan 2012-2013 continuing implementation of programs identified in the Corporate Business Plan in achieving the long term vision outlined in the Strategic Community Plan.

A snapshot of overall performance for Quarter 1 (July 2013 – September 2013) is included in this report. In this report, progress in meeting the community’s vision within the Operational Plan is illustrated by the traffic lights that represent the following benchmarks:

	Red	Either not commenced or needs remedial measures to bring the delivery of project or service back on track
	Amber	Slower than planned progress but remains on track to complete in 2013-2014
	Green	Either completed or on track to complete the project or service as planned in 2013-2014

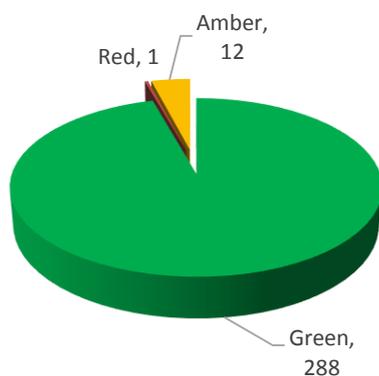

Overall Progress Snapshot

There are four strategic themes in the Strategic Community Plan 2012-2021, which are delivered through 125 Programs outlined in the Corporate Business Plan, which in turn are delivered through 301 ongoing services and projects measured by 505 performance measures.

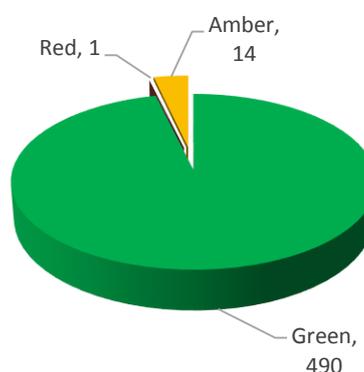

Each theme outlines a set of programs delivered through a number of projects and services as follows:

Strategic Theme	Programs	Services & Projects	Performance Measures
Our Community	54	146	268
Our Economy	7	9	10
Our Natural & Built Environment	5	25	36
Our Leadership	59	121	191

The overall performance for Quarter 1 in delivery of programs, projects and services outlined in the Operational Plan 2013-2014 is:

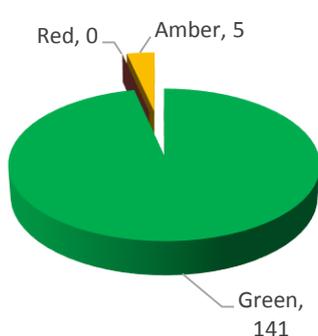

SERVICES

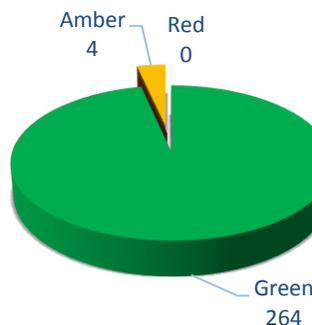

PERFORMANCE MEASURES

The progress for Quarter 1 in achievement of each theme is given below:

Theme One: Our Community – Diverse and Balanced

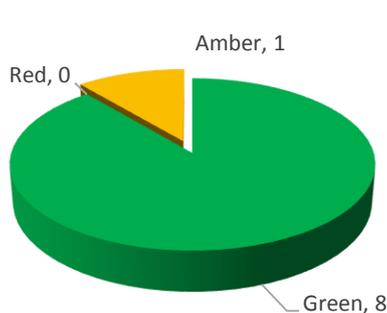

SERVICES

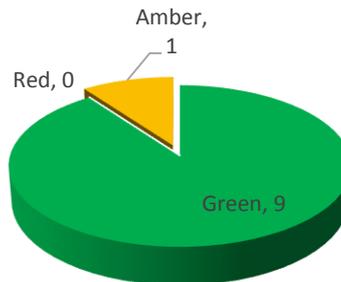

PERFORMANCE MEASURES

Theme Two: Our Economy – Well Managed and Diversified

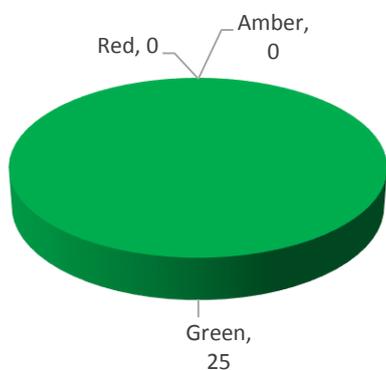

SERVICES

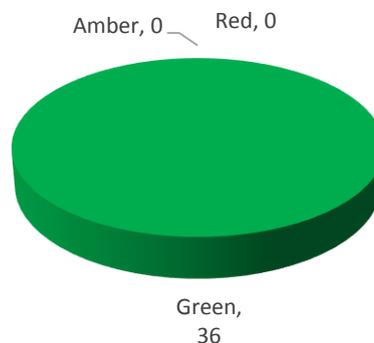

PERFORMANCE MEASURES

Theme Three: Our Natural and Built Environment – Thriving and Sustainable

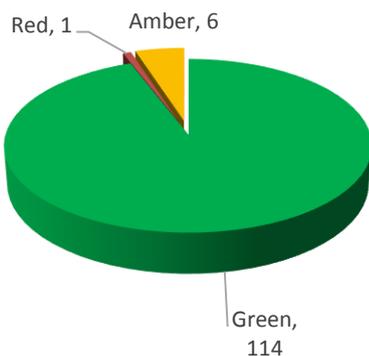

SERVICES

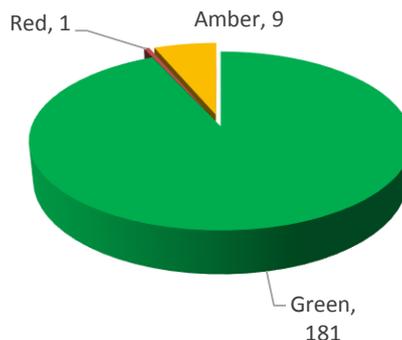

PERFORMANCE MEASURES

Theme Four: Our Leadership – Responsive and Accountable

SERVICES

PERFORMANCE MEASURES

Out of the total 505 performance measures included in the Operational Plan 2013-2014, only 1 performance measure (represented by red traffic light) was not commenced and 14 performance measures (represented by amber traffic light) were not completed in the first quarter and have been rolled over to the second quarter:

PROGRAM	PERFORMANCE MEASURE	STATUS	COMMENT
Deliver projects of strategic importance to the Shire	Deliver all projects on time and within budget	Ongoing	Karratha Airport Hydraulics Upgrade has encountered a number of issues delaying completion.
Provide contemporary, innovative family facilities that provide a variety of family oriented services	Improved ratings within community surveys	Ongoing	Leisureplex in particular a major drawcard for family activity.
Support sporting community groups to develop and grow	Coordinate club assessment and health check for all clubs	Ongoing	Club survey completed - 91 responses. Healthy checklist promoted and available online.
Liaise with key stakeholders including Landcorp, government agencies and developers for support in strategic community projects	Project Manage construction and defects liability period for Airport Hydraulics Upgrade	Ongoing	The defects period has not begun due a delay achieving Practical Completion of the project.
Inform SMEs of Shire plans and initiatives which will provide opportunities for small business development	Conduct quarterly business breakfast sessions	Ongoing	Q1 briefing postponed due to other agency functions such as KDCCI Pilbara Pulse and RDA Pilbara Leadership Forum.
Develop and/or review Council policies, procedures and processes	Adopt Risk Management Policy	Commenced	To be drafted and put to the Audit and Organisational Risk Committee for endorsement.
Ensure remuneration and benefits are competitive and financially sustainable	Reduce staff turnover	Ongoing	Staff turnover increased over last 6 months can be attributed to organisational restructure.
Develop a cross organisational team ethos	Facilitate annual planning days for all service units	Not Commenced	Planning days to commence in 2014.
	Number of social club members	Ongoing	2 new members joined the Social club this quarter.
	Number of functions	Ongoing	One sundowner held in October. Christmas function booked in for 14/12/13.
	Number of teams	Ongoing	Several new social/sporting teams created this quarter.
Deliver higher quality and consistent performance reviews	Increase in the number of performance reviews completed on time	Ongoing	HR staff sending reminders to manager on regular basis, improvement seen by HR staff.

Ongoing development of management and leadership capability	Identify potential successors	Ongoing	Emerging Leaders Program launched.
	Put in place professional development programs	Ongoing	Managers have new professional development clauses in contracts. Emerging Leaders program implemented.
	Develop succession plans for all critical positions identified in workforce Plan	Commenced	Discussion to be conducted with EMT regarding critical positions.
Continue improving recruitment resources	Investigate areas for outsourcing	Ongoing	Options for outsourcing under review.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy *CE-8 Significant Decision Making Policy*, this matter is considered to be of high significance in terms of Council’s ability to perform its role.

COUNCILLOR/OFFICER CONSULTATION

Consultation has taken place with all departments and relevant officers to ascertain and report on progress towards the desired performance measures within the Operational Plan 2013 – 2014.

COMMUNITY CONSULTATION

No community consultation is required.

STATUTORY IMPLICATIONS

Section 5.56(1) of the *Local Government Act 1995* requires local government authorities in Western Australia to plan for the future.

Section 5.56(1) of the *Local Government Act 1995*, and Regulation 19C and 19DA of the *Local Government (Administration) Regulations 1996* (the Regulations) establish requirements for Strategic Community Plans and Corporate Business Plans.

POLICY IMPLICATIONS

There are no policy implications.

FINANCIAL IMPLICATIONS

The budgetary allocations embedded within the Operational Plan 2013 - 2014 have drawn on Council's budget deliberations for the 2013/14 budget.

STRATEGIC IMPLICATIONS

This item is relevant to Council’s approved Strategic Community Plan 2012-2022 and Corporate Business Plan 2012-2016.

RISK MANAGEMENT CONSIDERATIONS

There are no risk management considerations applicable.

IMPACT ON CAPACITY

There will be substantial impact on capacity inherent in Council's commitment to meet targets and resources outlined in the Operational Plan. Consideration has been given to resourcing to implement the Operational Plan.

RELEVANT PRECEDENTS

There are no relevant precedents related to this matter.

VOTING REQUIREMENTS

Simple Majority

OPTIONS:Option 1

As per Officer's recommendation.

Option 2

That Council by Simple Majority pursuant to Section 5.56(1) of the *Local Government Act 1995* and Regulation 19DA of the *Local Government (Administration) Regulations 1996* RESOLVES to DEFER consideration of the Operational Plan 2013-2014 – Q1 Performance Report.

CONCLUSION

Under the Integrated Strategic Planning framework Council adopted a suite of documents including a five year focused Corporate Business Plan and annual Operational Plan 2013-14. The Regulations require that the Corporate Business Plan (of which the Operational Plan is a sub-plan) be reviewed yearly in order to deliver the annual budget. One of the supporting processes is quarterly reporting against the current year of the Corporate Business Plan to monitor performance and respond to changing priorities. The Operational Plan 2013-2014 – Q1 Performance Report confirms that 96% of the 301 services and projects are on track at 30 September 2013.

OFFICER'S RECOMMENDATION

That Council by **SIMPLE** Majority pursuant to Section 5.56(1) of the *Local Government Act 1995* and Regulation 19DA of the *Local Government (Administration) Regulations 1996* RESOLVES to RECEIVE the Operational Plan 2013-2014 – Q1 Performance Report.

9.7 TENDER 12-13/14 – PURCHASE OF STAFF HOUSING

File No: CP.183
Responsible Executive Officer: Director Corporate Services
Reporting Author: Manager Human Resources
Date of Report: 4 November 2013
Applicant/Proponent: Nil
Disclosure of Interest: Nil
Attachment(s): Confidential Evaluation Report

PURPOSE

To consider tenders received in response to Tender 12-13/14 - Purchase of Staff Housing and to review the approach to disposal of 190 and 212 Richardson Way, Bulgarra.

BACKGROUND

At the September 2013 Ordinary Meeting, Council resolved to call tenders for the purchase of up to three residential properties for staff housing (resolution number 152626).

Tenders for the Purchase of Staff Housing were advertised on Saturday 28 September 2013 and closed on Wednesday 16 October. The Tenders were to be submitted by qualified and competent builders, developers or their agents with an offer to purchase up to 3 residential properties within the Karratha residential area. The tender specified that properties must be new, near new or nearing completion and be either 2 or 3 bedrooms with 2 bathrooms.

Six tenders were received from the following by the closing date:

1. Chenin Grove (ABN Group)
2. Crawford Realty Karratha
3. Finbar Karratha
4. Uminex
5. Timik Developments
6. Ralph & Cherie Keller

Tenders were evaluated by a three person panel comprising:

- Chief Executive Officer
- Director Corporate Services
- Manager Human Resources

The tenders were first assessed for compliance with the tender documents. Three of the six tenders were assessed as non-compliant and the remaining three were then assessed against the weighted qualitative criteria. The criteria and associated weightings approved by Council were:

Criteria	Weighting
Cost	80%
Design features (including fittings, finishes, area and built form)	20%

A summary detailing the selection process and assessment of compliance and qualitative criteria is provided in the attached Confidential Evaluation Report.

At the completion of the evaluation process, a review of comparable properties on the open market was undertaken as a point of comparison to the tenders received. This review revealed the availability of a number of properties built in the last 5 years (including some until recently leased by Council for staff housing) that are considered to represent better value for money based on:

- pricing (3x2 properties priced from \$679,000 and 4x2 properties priced from \$700,000);
- no ongoing strata fees; and
- larger allotments than the tendered properties.

In light of this it is proposed to decline to accept any tender and instead purchase two properties from the open market.

In addition, given that Council's properties at 190 and 212 Richardson Way, Bulgarra have now been on the market for 8 months it is considered necessary to review the approach to disposal of these properties. Having budgeted approximately \$370,000 to refurbish these properties in the 2012/13 budget, Council resolved at the OCM on 19 November 2012 to discontinue proposed renovation works and seek an appropriately qualified agent to supply a confidential market valuation for the properties. As a result of the valuation, at the OCM on 17 December 2012 Council resolved to dispose of the properties by public tender or to engage a Real Estate Agent to dispose of the properties if the reserve price was not achieved through public tender.

Tender RFT 18-12/13 was published on 23 March 2013 and closed on Wednesday 10 April 2013. One tender was received for \$660,000 per property however the tenderer later withdrew this offer. Following a period of direct advertising resulting in only one enquiry, the contract to sell the properties was placed with Ray White Karratha. Having been listed for two months, the Managing Director/Licensee has now suggested that the Listing Price be reviewed.

In the alternative, given that the houses have received an Asset Condition Rating of Poor (deterioration severe, limited serviceability and maintenance costs high) and the properties back on to each other, it is proposed to demolish the houses and consolidate the two blocks with a view to increasing their value for development (potentially including staff housing). This proposal will be the subject of a further report to Council, however approval is sought to proceed with the demolition immediately.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy *CE-8 Significant Decision Making Policy*, this matter is considered to be of moderate significance in terms of economic issues and Council's ability to perform its role.

COUNCILLOR/OFFICER CONSULTATION

No Councillor or Officer consultation is required.

COMMUNITY CONSULTATION

No community consultation is required.

STATUTORY IMPLICATIONS

Tenders were called in accordance with section 3.57 of the *Local Government Act 1995*. Part 4 of the *Local Government (Functions and General) Regulations 1996* provides for the process to be followed when inviting tenders, rejecting tenders or accepting tenders.

Regulation 11 makes provision for supply of goods or services without a public tender process if the local government has good reason to believe that, because of the unique nature of the goods or services required or for any other reason, it is unlikely that there is more than one potential supplier.

POLICY IMPLICATIONS

Given the nature of the tender, Council approved the replacement of the standard evaluation criteria specified in Policy CE-13 *Tender Evaluation Criteria* with criteria more suitable to a tender of this nature.

FINANCIAL IMPLICATIONS

The 2013/14 budget includes \$1.5 million for the purchase of additional staff housing. The purchase of two properties from the open market and demolition of the houses at Richardson Way can be funded within budget.

STRATEGIC IMPLICATIONS

There are no strategic implications.

RISK MANAGEMENT CONSIDERATIONS

There are no risk management considerations applicable.

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

RELEVANT PRECEDENTS

There are no relevant precedents related to this matter.

VOTING REQUIREMENTS

Simple Majority

OPTIONS:

Option 1

As per Officer's recommendation.

Option 2

That Council by SIMPLE Majority pursuant to Regulation 18 of the *Local Government (Functions and General) Regulations 1996* RESOLVES to PURCHASE two 3 x 2 properties in accordance with the tender evaluation report.

Option 3

That Council by SIMPLE Majority pursuant to Section 18 of the *Local Government (Functions and General) Regulations 1996* RESOLVES to DEFER this matter pending a further report.

CONCLUSION

The Evaluation Panel considers that the purchase of two houses from the open market will provide Council better value for money having regard to pricing, design, ongoing costs and allotment size.

OFFICER'S RECOMMENDATION

That Council by **SIMPLE** Majority pursuant to Section 18 of the *Local Government (Functions and General) Regulations 1996* **RESOLVES** to:

1. **DECLINE** to accept any tender submitted for Tender 12-13/14 Purchase of Staff Housing on the basis that Council can obtain better value for money through an alternative process;
2. **AUTHORISE** the CEO to purchase two properties for staff housing from the open market for an amount not exceeding \$1.5M in total; and
3. **APPROVE** the demolition of Council owned houses at 190 and 212 Richardson Way, Bulgarra.

10 COMMUNITY SERVICES

10.1 JIM FARNWORTH LEASE AGREEMENT AT ROEBOURNE AIRSTRIP

File No:	TT.424
Responsible Executive Officer:	Director Community Services
Reporting Author:	Project Officer
Date of Report:	25 October 2013
Applicant/Proponent:	Jim Farnworth
Disclosure of Interest:	Nil
Attachment(s)	Site Location Map

PURPOSE

Council to consider and approve a past informal arrangement with Mr Jim Farnworth for the storage of his gyrocopter along Aerodrome Road , Roebourne Airstrip in the form of a lease agreement.

BACKGROUND

Council officers have been involved with current business at Roebourne Airstrip concerning Karratha Aeromodellers Club (KAC) request for relocation. During research into relocation options it was noted on a site visit that a lone shed (14m x 5m) was being used to store a gyrocopter. It is estimated that the Shed is 30+ years old.

Further investigation has revealed that the shed structure on a cement base is owned by the Shire of Roebourne (SoR) and an agreement exists between the SoR and Mr Farnworth. Mr Farnworth has advised the SoR that he had a letter in the form of an agreement indicating he may use the shed for the purpose of storing his gyrocopter and operating from Roebourne Airstrip. No SoR documentation has been found supporting his claim.

Mr Farnworth's current practice of flying his gyrocopter has involved take off and landing on the Roebourne Airstrip Aerodrome Road. Estimated usage of Mr Farnworth gyrocopter for his private use is once a month.

The market value required to determine an appropriate lease fee has been difficult to obtain and professional feedback has been that the value would be negligible, hence officers have consulted with Mr Farnworth to determine appropriate lease fee as well as taking into account relevant lease fee precedence across the Shire.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy *CE-8 Significant Decision Making Policy*, this matter is considered to be of low significance in terms of social issues / economic issues /environmental issues /cultural & wellbeing issues /parties affected issues/Council's ability to perform its role.

COUNCILLOR/OFFICER CONSULTATION

Consultation has taken place between Development, Corporate and Community Services regarding lease options.

COMMUNITY CONSULTATION

SoR officers have had telephone and email conversations with Mr Farnworth regarding the current and future situation with storage and usage of his gyrocopter at the site. SoR officers have sought KAC consultations regarding future safe procedures concerning the operation of the gyrocopter at the KAC new location.

STATUTORY IMPLICATIONS

Procedures under Section 3.58 of the *Local Government Act 1995* will need to be followed in terms of advertising Council's decision to lease land.

POLICY IMPLICATIONS

There are no policy implications.

FINANCIAL IMPLICATIONS

The current rental market is difficult to measure at Roebourne Airstrip. Recently a large depot work shed with water, power, ablutions and office space in Roebourne Light Industrial Area was rented for \$120psm. The shed (14m x 5m) at Roebourne Airstrip offers no infrastructure in an isolated area for the purpose of aircraft operations. Council's decision will provide precedent for future lease renewals it is recommended \$500 per annum for a two year lease with a two year option.

Historically not for profit organisations have been provided with peppercorn leases, Mr Farnworth however is utilising the shed for his personal use and SoR officers recommend consideration of a lease fee.

Once the lease has been granted Mr Farnworth shall be responsible for all capital and operational costs.

STRATEGIC IMPLICATIONS

This item is relevant with the Council's approved Strategic Community Plan 2012-2022 and Corporate Business Plan 2012-2016. In particular the Operational Plan 2013-2014 provided for this activity:

Our Program:	4.a.1.1	Manage and maintain corporate lease records on arrangements in place for use of public property either owned or vested with the Shire and/or property owned privately but leased by the Shire.
Our Services:	4.a.1.1.1	Establish and maintain lease register.

RISK MANAGEMENT CONSIDERATIONS

Risk management considerations have included current operations involving the gyrocopter and future safer options involving the KAC new leased area.

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

RELEVANT PRECEDENTS

The Roebourne Airstrip has 4 current enterprises operating at Roebourne Airstrip:

1. Wickham Skydivers Club on a peppercorn lease.
2. Private lease of land with the lessee's hangar approximately the same area as Mr Farnworth due to expire April 2015 \$10 per annum.
3. Karratha Aeromodellers Club awaiting approval for a peppercorn lease.

VOTING REQUIREMENTS

Simple Majority

OPTIONS:

Option 1

As per Officer’s recommendation.

Option 2

That Council by SIMPLE Majority pursuant to Section 3.58 of the *Local Government Act 1995* RESOLVES to:

1. REJECT a formal Lease with Jim Farnworth for the use of Shire shed at Roebourne Airstrip for the purpose of storing and operating his gyrocopter.
2. REQUEST Jim Farnworth at his expense to restore Shire shed area and peacefully surrender and return to the Shire the area/shed in a condition consistent prior to his use.
3. SURRENDER to the Shire all keys and security access devices and combination for locks providing access to shed area.

Option 3

That Council by SIMPLE Majority pursuant to Section 3.58 of the *Local Government Act 1995* RESOLVES to:

1. APPROVE the establishment of a lease upon Reserve Land Lot 17 on Deposited Plan 205908, reserved as Airport and under the management of the Shire of Roebourne with Jim Farnworth on the following alternative terms and conditions:
 - a) _____
 - b) _____
 - c) _____.

CONCLUSION

Mr Farnworth has stored and operated his gyrocopter from a Shire shed using the Aerodrome Road at the Roebourne Airstrip for a number of years by an informal agreement with the Shire. To rectify the current situation a lease agreement needs to be entered by both parties.

OFFICER’S RECOMMENDATION

That Council by SIMPLE Majority pursuant to Section 3.58 of the *Local Government Act 1995* RESOLVES to:

1. **APPROVE** a lease agreement with Jim Farnworth for the use of a Shire Shed at Roebourne Airstrip Reserve Land Lot 17 on Deposited Plan 205908, reserved as Airport and under the management of the Shire of Roebourne as per attachment 1 for the purpose of storing and operating his gyrocopter.
2. **APPROVE** Lease Agreement to **INCLUDE** the following items:
 - a) Fee term of \$500 per annum;
 - b) Term of a two year lease with a two year option by mutual agreement; and
 - c) Commitment to safe operating procedures.
 - d) All operational and capital costs associated with operations within lease area are the responsibility of the Lessee.
 - e) Lessee must obtain public liability insurance.
3. Authorise the CEO to finalise, sign and seal (if required) the lease agreement subject to no objections being received during the statutory advertising period.

10.2 KARRATHA AEROMODELLERS RELOCATION WITHIN ROEBOURNE AIRSTRIP

File No:	TT.423
Responsible Executive Officer:	Director Community Services
Reporting Author:	Project Officer
Date of Report:	28 October 2013
Applicant/Proponent:	Karratha Aeromodellers
Disclosure of Interest:	Nil
Attachment(s)	1. Site Location 2. Proposed Lease Area

PURPOSE

For Council to consider and approve:

1. The relocation of Karratha Aeromodellers Club from Roebourne Airstrip to the new proposed location 1.3 kilometres east from Roebourne Airstrip, refer to attachment 1; and
2. A peppercorn lease for Karratha Aeromodellers Club (KAC).

BACKGROUND

The Roebourne Airstrip was reopened in January 2013 following the completion of the asbestos remediation project with the site being reclassified for restricted use by Department of Health and Department of Environment and Conservation.

KAC has been located and has maintained Roebourne Airstrip for a number of years prior to the site being classified as contaminated. The Wickham Skydivers Club (WSC) moved to Roebourne Airstrip in March 2013 and the 2 groups have utilised areas of the Roebourne Airstrip. Initially, the 2 groups were harmoniously operating within close proximity to one another however a series of recent events has significantly impacted upon both operations. This has led to an investigation into safety implications of the operations occurring within close proximity of one another. There are additional safety practices recommended by Australian Parachuting Federation, that now impact upon the KAC operations and place a number of restrictions on:

- KAC airtime - removing themselves off airside prior to WSC using the taxi area and until the WSC plane has taken off (this could take 30 minutes or more). The same occurs as the jumpers are about to leave the plane. The KAC generally fly in the mornings when the conditions are right for their model aeroplanes, their window of opportunity has diminished considerably and is constantly disturbed; and
- WSC drop zone has been moved into the KAC landing strip zone due to the area being the only space that is not compacted, and cleared.

WSC popularity has them now placed as number one for the number of jumps made per month out of all Australian parachuting clubs.

Both clubs have offered to relocate, acknowledging the safety concerns and the need to be apart from one another. The logical relocation is KAC to move to where the Soaring Club (glider club) previously existed. This location is 1.3 kilometres east of WSC and still remains within the Reserve Land Lot 17 on Deposited Plan 205908, being the whole of the land comprised in Certificate of Title Volume 1381 Folio 810, reserved as Airport and under the management of the Shire of Roebourne, refer to attachment 1 and 2.

KAC has formally requested Council's support in relocating to a 150 metres squared land area and providing a peppercorn lease.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy *CE-8 Significant Decision Making Policy*, this matter is considered to be of low significance in terms of social issues / economic issues / environmental issues / cultural & wellbeing issues / parties affected issues / Council's ability to perform its role.

COUNCILLOR/OFFICER CONSULTATION

Consultation has taken place internally with the Development Services and Community Service's directorates regarding relocation sites.

COMMUNITY CONSULTATION

External consultation has taken place with KAC and WSC and 2 additional operators at Roebourne Airstrip, regarding the impacts of relocating KAC and current happenings at Roebourne Airstrip.

STATUTORY IMPLICATIONS

Procedures under Section 3.58 of the *Local Government Act 1995* will need to be followed in terms of advertising Council's decision to lease land.

POLICY IMPLICATIONS

There are no policy implications.

FINANCIAL IMPLICATIONS

There are no financial implications. KAC relocation is at their own expense with support from Rio Tinto. There are no other expenses due to the lease absolving all financial responsibility.

STRATEGIC IMPLICATIONS

This item is relevant with the Council's approved Strategic Community Plan 2012-2022 and Corporate Business Plan 2012-2016. In particular the Operational Plan 2013-2014 provided for this activity:

Our Program:	1.d.2.1	Support sporting community groups to develop and grow.
Our Services:	1.d.2.1.1	Deliver the Club Development Scheme.
Our Program:	4.a.1.1	Manage and maintain corporate lease records on arrangements in place for use of public property either owned or vested with the Shire and/or property owned privately but leased by the Shire.
Our Services:	4.a.1.1.1	Establish and maintain lease register.

RISK MANAGEMENT CONSIDERATIONS

There is a high level of risk associated with current operations with WSC and KAC at Roebourne Airstrip. In order to minimise the risk both groups require separation.

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer’s recommendation.

RELEVANT PRECEDENTS

There are no relevant precedents related to this matter.

VOTING REQUIREMENTS

Simple Majority

OPTIONS:

Option 1

As per Officer’s recommendation.

Option 2

Approve a new lease That Council by SIMPLE Majority pursuant to Section 3.58 of the *Local Government Act 1995* RESOLVES to:

1. APPROVE the establishment of a lease upon Reserve Land Lot 17 on Deposited Plan 205908, reserved as Airport and under the management of the Shire of Roebourne on the following alternative terms and conditions:
 - a) _____
 - b) _____
 - c) _____.

Option 3

That Council by SIMPLE Majority pursuant to Section 3.58 of the *Local Government Act 1995* RESOLVES to REJECT the application by Karratha Aeromodellers Club to relocate and provide a peppercorn lease.

CONCLUSION

Council’s support to Karratha Aeromodellers Club request to relocate will provide a safer operating environment for both Wickham Skydivers Club and Karratha Aeromodellers Club and the provision of a peppercorn lease.

OFFICER’S RECOMMENDATION

That Council by SIMPLE Majority pursuant to Section 3.58 of the *Local Government Act 1995* RESOLVES to:

1. APPROVE Karratha Aeromodellers Club relocation to a portion of Reserve Land Lot 17 on Deposited Plan 205908, with:
 - a) a five (5) year plus five (5) year term option; and
 - b) a peppercorn rental of \$10 per annum equivalent of \$50 for full period payable up front;
 with Council bearing no capital or ongoing costs with Karratha Aeromodellers relocation.
2. Authorise the CEO to advertise and, subject to no objections being received, finalise and sign peppercorn lease agreement.

10.3 CONSTRUCTION OF A WAR MEMORIAL IN ROEBOURNE

File No:	CS.4
Responsible Executive Officer:	Director Community Services
Reporting Author:	Community Development Officer
Date of Report:	4 October 2013
Applicant/Proponent:	Roebourne Advisory Group
Disclosure of Interest:	Nil
Attachment(s)	October 2013 Minutes Roebourne Advisory Group

PURPOSE

For Council to endorse the War Memorial sculpture project on Roe Street in Roebourne based upon the recommendation of the Roebourne Advisory Group.

BACKGROUND

The Roebourne Advisory Group has requested to erect a War Memorial commemorating the sacrifice and honour of Pilbara men and women who have served in our defence force. The proposed memorial will be permanently located next to the existing War Memorial Cenotaph on Roe Street, Roebourne.

The Shire has on behalf of the Roebourne Advisory Group, engaged Archipelago Arts to investigate the cost of a memorial artwork that is realistic in style and made of durable and hard wearing material such as bronze, steel or iron.

The Roebourne Advisory Group has budgeted a total of \$87,000 for the project through the Annual Community Association Grant Scheme. The Roebourne Advisory Group have the financial capacity to fund the project through their reserve funds from ACADS and Ex-gratia. It is envisaged that the War Memorial project management and delivery will be contracted out. All costs and management of the contract will be the responsibility of the Roebourne Advisory Group with support from the delegated Officer.

The estimated timeline for the project completion is 2015 ANZAC Day. The completion date coincides with the commemoration of the ANZAC Centenary.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy *CE-8 Significant Decision Making Policy*, this matter is considered to be of moderate significance in terms of cultural issues. The War Memorial will be a permanent commemorative sculpture that will remind the community of the sacrifice and honour of Pilbara men and women who have served in our defence forces.

COUNCILLOR/OFFICER CONSULTATION

Consultation has taken place between officers delegated as Shire representatives on the Roebourne Advisory Group. Three Councillors are members of the Roebourne Advisory Group. The war memorial public art has been identified as a potential project in February 2013 by the group members.

COMMUNITY CONSULTATION

The Roebourne Advisory Group has consulted with the Karratha & Districts Returned Services League (RSL) and the Pilbara Regiment. Advice provided by the representatives has been that the community should make the decision about the type of memorial they would like. The Pilbara Regiment representative has indicated an interest in providing advice to on the designs of the memorial public art, should it be required, to the Roebourne Advisory Group.

Further community consultation will occur should Council adopt the Officer's recommendation. The Roebourne Advisory Group will be responsible for engaging members of the Roebourne community through meetings and written communication as part of completing the community consultation process.

STATUTORY IMPLICATIONS

There are no statutory implications.

POLICY IMPLICATIONS

Policy CS-19 Annual Community Grant Schemes is impacted by this matter. The objective of this policy is to offer Community Associations based within the Shire of Roebourne financial assistance to coordinate high quality community programmes, events and services that provide a direct benefit to their associated community.

Policy CS-12 Public Art Policy is impacted by this matter. The objective of this policy is to promote public art within the Shire of Roebourne by incorporating it as part of future capital works projects.

FINANCIAL IMPLICATIONS

Funds for this project have been granted to the Roebourne Advisory Group via Birra Birra Ex Gratia payments. The total cost of the project is \$87,000 which includes the cost of engaging a contractor to administer the project and deliver the war memorial sculpture by ANZAC Day 2015.

STRATEGIC IMPLICATIONS

This item is relevant with the Council's approved Strategic Community Plan 2012-2022 and Corporate Business Plan 2012-2016. In particular the Operational Plan 2013-2014 provided for this activity:

Our Program:	1.f.4.2	Provide support to local community group and local service providers for community engagement events, projects, programs and activities.
Our Services:	1.f.4.2.5	Continue to provide and support a range of celebratory community events and services.

RISK MANAGEMENT CONSIDERATIONS

The level of risk is considered to be low to the Shire in terms of reputation. This is due to the implications on the reputation of the Shire and how they respond to requests from the community and community groups to use their resources.

IMPACT ON CAPACITY

There is considerable impact on capacity or resourcing to carry out the Officer's recommendation. This can be classified into increase in delegated Officers time spent on Roebourne Advisory Group project.

RELEVANT PRECEDENTS

There are no known relevant precedents related to this matter.

VOTING REQUIREMENTS

Simple Majority

OPTIONS:Option 1

As per Officer's recommendation.

Option 2

That Council by SIMPLE Majority pursuant to Section 3.18 of *the Local Government Act* RESOLVES to NOT ENDORSE the construction of a War Memorial sculpture on Roe Street in Roebourne.

CONCLUSION

This report has provided information regarding a proposed War Memorial sculpture in the town of Roebourne. It is estimate that the project costs amounts to \$87, 000. This amount has been budgeted for through the Roebourne Advisory Group's ACADS and ex-gratia funds. It is envisage that the project will be managed and delivered by the engaged contractor.

The recommendation made to Council is endorse the Roebourne Advisory Groups recommendation to construct a war memorial sculpture. This war memorial commemorates the sacrifice and honour of Pilbara men and women who have fought for Australia. It is envisaged that the project will be delivered by ANZAC day 2015 to commemorate the ANZAC centenary.

OFFICER'S RECOMMENDATION

That Council by SIMPLE Majority pursuant to Section 3.18 of the *Local Government Act 1995* RESOLVE to ENDORSE Roebourne Advisory Group's request to construct a War Memorial in Roebourne located on Roe St with all associated costs being borne by the Roebourne Advisory Group (using community grants and ex gratia payments) and management assistance being provided by the Shires Community Services Directorate.

10.4 ROEBOURNE RECREATIONAL PRECINCT

File No:	CP.233
Responsible Executive Officer:	Director Community Services
Reporting Author:	Leisure Planner
Date of Report:	24 October 2013
Applicant/Proponent:	Leisure Services
Disclosure of Interest:	Nil
Attachment(s)	1. Roebourne Recreational Precinct Site Map 2. Preliminary Opinion of Probable Costs (UDLA) 3. Roebourne Recreational Precinct Estimated Operational Costs

A full copy of the Roebourne Community & Education Precinct Engagement Report (UDLA) and the EMT Report Roebourne Recreation Precinct Options will be available at the briefing session and Council meeting

PURPOSE

For Council to consider and endorse future planning concepts for the Roebourne Recreational Precinct.

BACKGROUND

The Roebourne Recreational Precinct is depicted in attachment 1, and encompasses the Roebourne Community Aquatic Centre (RCAC), Roebourne Community Hall and surrounding spaces.

In early 2012, the Department of Health (DoH) undertook an assessment of RCAC and identified a number of compliance issues requiring immediate rectification. DoH officers noted that whilst the facilities continue to return acceptable biological water sample results, overall the facilities were at the end of their practical life and that a major upgrade was necessary. In response to the assessment, action was taken immediately by Shire officers to rectify the compliance issues. Shire officers advised that it desired to continue to operate the pool during the 2013/2014 summer season whilst direction is sought from Council as to its future vision for RCAC.

At the August 2013 ordinary council meeting, Council resolved to:

- Note the RCAC is not economically viable to repair in its present deteriorated state;
- Note the attempts to secure sufficient funding for the replacement of the RCAC have not been successful;
- Authorise the Chief Executive Officer to commence planning to seek alternative options for the redevelopment of the RCAC site and to develop a scope of works to inform future planning for Council's consideration; and

- Authorise the Chief Executive Officer to initiate negotiations with the Department of Lands and Regional Development and the Department of Education with the objective of consolidating the land required for the RCAC into the adjoining Civic Purpose Reserve R339095 Lot 760.

The Shire's Planning and Leisure teams have progressed their respective areas of responsibility in this space, utilising a collective and integrated design approach. To assist in the development of this integrated design approach and to ensure continuity external consultants Urban Design Landscape Architects (UDLA), who led the community consultations for the Planning team's Roebourne Structural Plan project took the lead role in facilitating community consultations. Representatives from the Shire's Leisure team attended all arranged community consultations sessions.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy *CE-8 Significant Decision Making Policy*, this matter is considered to be of high significance in terms of social, financial, cultural & wellbeing issues for the residents of Roebourne.

COUNCILLOR/OFFICER CONSULTATION

Councillor Garry Bailey (Roebourne/Pastoral Ward) has been consulted as part of the community consultation that occurred throughout September and October 2013 relating to the master planning for the Roebourne Recreation Precinct that aligns to the Community and Education Precinct within the Roebourne Structure Plan. All Councillors have previously been briefed on the issues associated with the RCAC and the structural deterioration through several previous reports to Council.

To date, only officers within the Shire Leisure Services and Planning Department have been consulted, to ensure consistency with the Roebourne Structure Plan.

COMMUNITY CONSULTATION

Throughout September and October 2013, in conjunction with Shire officers; UDLA led a phased community consultation program with local residents and stakeholders (report included as attachment 2). To manage community expectations the Shire's representative communicated the following key messages within each session:

- Council requested three (3) option/s be developed for their consideration at November 2013 meeting, these being;
 - Option with a Pool.
 - Option with an alternative aquatic element.
 - Option with no aquatic element.

*All options to include, skate spaces, community kitchen(s), gathering and meeting places, investigation of community hall replacement and greening of the site.

- Not a cost cutting exercise, but rather recognises there is significant costs required for the ageing RCAC and provides a timely opportunity to consider holistically the recreational precinct, as funds will stay in Roebourne.
- Councils 2013/2014 approved budget includes funding for a skate park (\$600,000) and outdoor kitchen (\$165,000) in Roebourne.
- All developed options would incorporate a phased implementation to allow a gentle build-up of a concept over time and council budget cycles i.e. short (1 - 3years); medium (3 - 6 years) and long term (6 - 10 years).
- Shire aims to assist Roebourne to retain its identity, and provide sustainable community infrastructure that meets community needs.

As a summary over 30 consultation sessions occurred with Indigenous corporations, private and government stakeholders and community groups. The Indigenous corporations were especially interested in possibilities to:

- Build local capacity;
- Retain benefits and identity; and
- Create additional opportunities within the Roebourne Township.

The community consultation approach included the following phases:

- *Opportunities and Direction Concept Phase* consisted of a series of seventeen (17) pre-arranged and several opportunistic community consultation sessions with Roebourne's key stakeholders and residents. Verbal and hard copy presentation outlined the context, site understanding, opportunities and directions, current and future proposed land use, known drainage, road network proposals and the known issues with the pool.
- *Design Scenarios Phase* was a valuable opportunity to discuss the findings and to ensure that they agreed and felt empowered that their input had been heard and understood. Verbal and hard copy presentation outlined the key themes and the use of precedent photos provided the chance to gather beneficial feedback on what types of aspects, may be appropriate for inclusion into the options to be developed.
- *Design Options Phase* considered the feedback gathered from earlier phases, analysed the key themes and researched aspects and reflected on prior learnings that may work to integrate the developed options that most closely aligned to community think. The design options include the positioning of aspects to determine appropriate integration of the precinct.

In conjunction to the UDLA consultation, officers conducted a peer review of facilities within the state. The outcomes of this investigation are available within Attachment 3.

It is anticipated that further community consultation will occur following Council's endorsement of a preferred option.

STATUTORY IMPLICATIONS

Section 3.18 of the *Local Government Act 1995*.

POLICY IMPLICATIONS

There are no policy implications.

FINANCIAL IMPLICATIONS

There are significant financial implications, however it is anticipated there would be a phased implementation (1 – 3 years, 3 – 6 years, 6 – 10 years) over a ten year period for the endorsed option to allow the spread of funding allocations.

A preliminary opinion of probable costs for each option is included as attachment 3. Furthermore, an estimated ongoing management (operational - labour and non labour) costing's have been included as attachment 4. As a summary, officers have attached the below table.

Options	Costs	1-3 years	4-6 years	7-10 years	Total	Comments
Option 1 (Pool)	Operational cost to Council per annum	\$323,247.00	\$375,275.00	\$427,247.00		Overwhelming community support. Potential to attract external support for operational and capital costs.
	Capital Cost	\$11,452,223.48	\$1,745,809.07	\$10,727,556.75	\$23,925,589.30	
Option 2 (Splashpad)	Operational cost to Council per annum	\$188,142.00	\$240,142.00	\$292,142.00		Limited ability to attract capital support and Council will absorb 100% of operational costs.
	Capital Cost	\$5,490,483.08	\$1,760,997.32	\$10,727,556.75	\$17,979,037.15	
Option 3 (No Pool)	Operational cost to Council per annum	\$52,000.00	\$104,000.00	\$156,000.00		Very low community support. Limited ability to attract capital support and Council will absorb 100% of operational costs.
	Capital Cost	\$3,780,557.55	\$1,723,113.32	\$10,504,271.25	\$16,007,942.12	

**Current nett cost for Council to operate the Roebourne Aquatic Centre is approximately \$260,000.00. With an annual visitation of approx. 8800 for 2012/13, resulting in a cost of approx. \$30 per visit.*

Preliminary discussions with the Ngarluma Aboriginal Corporation and the Ngarluma Yindjibarndi Foundation Ltd. have proven to be positive, with a strong interest to partner in the project and future management. These discussions have been on the guiding principle that Council continues its current support within Roebourne. Furthermore, the inclusion of the pool within the scope allows the operational funding with the Department of Education to continue.

Council has allocated \$600,000.00 within the 2013/14 year to progress the skate space portion of the precinct. These funds have come via the Roebourne Advisory Committee through the annual community association development scheme (ACADS). An Additional \$165,000.00 has been allocated towards the building of a community kitchen in Roebourne.

STRATEGIC IMPLICATIONS

This item is relevant with the Council's approved Strategic Community Plan 2012-2022 and Corporate Business Plan 2012-2016. In particular the Operational Plan 2013-2014 provided for this activity:

Our Program:	1.a.	Greater use of public spaces.
Our Services:	1.a.2.	Provide or partner to provide community facilities to meet the needs of the community.
	1.a.4	Ensure the built environment can respond to the needs of children, youth, singles, couples, families, retirees, the aged and visitors.
Our Program:	1.b.	Infrastructure, facilities, services, activities and programs that meet the needs of the Shire and allows for growth.
Our Services:	1.b.2.	Encourage the building of stable and diverse communities.
Our Program:	1.f.1.3.	Support young people to take ownership of places and spaces by delivering activities and programs for youth.
Our Services:	1.f.1.3.1	Roebourne Aquatic Centre site concept design.

RISK MANAGEMENT CONSIDERATIONS

The level of risk is considered to be high to the Shire in terms of financial and reputation. The ability to identify and engage funding partners will minimise the Shire's financial risk regarding the capital works and ongoing operational costs. Additionally the identification and engagement of appropriate funding partners may assist in enhancing the Shire's reputation through development of long term sustainable working relationships with local Aboriginal Corporations. Should Council resolve to consider no works on site, the risk would be high and involve the closure of the Roebourne Aquatic Centre and significant community backlash.

IMPACT ON CAPACITY

The impact on Officers is included within financial considerations (project management), and factored into future work plans from a Leisure Service perspective.

RELEVANT PRECEDENTS

Council has previously committed to the upgrade of Shire's ageing facilities. In 2012/13 the Karratha Aquatic and Karratha Entertainment Centre's were demolished to build a precinct that was suited to the community needs and future demands.

VOTING REQUIREMENTS

Simple Majority

OPTIONS:

Option 1

As per Officer's recommendation.

Option 2

That Council by SIMPLE Majority pursuant to Section 3.18 of the *Local Government Act 1995* RESOLVES to:

1. ENDORSE Option 2 of the UDLA Community Engagement Report for the Roebourne Recreational Precinct which includes the provision of a splash pad.
2. INSTRUCT the Chief Executive Officer to progress the detailed design and installation of facilities as per the 2013/14 budget.

Option 3

That Council by SIMPLE Majority pursuant to Section 3.18 of the *Local Government Act 1995* RESOLVES to:

1. ENDORSE Option 3 of the UDLA Community Engagement Report for the Roebourne Recreational Precinct which includes the provision of a central lawn space.
2. INSTRUCT the Chief Executive Officer to progress the detailed design and installation of facilities as per the 2013/14 budget.

Option 4

That Council by SIMPLE Majority pursuant to Section 3.18 of the *Local Government Act 1995* RESOLVES to REJECT redevelopment options presented within the UDLA Community Engagement Report for the Roebourne Recreational Precinct.

CONCLUSION

Throughout September and October 2013, in conjunction with Shire officers; UDLA led a phased community consultation program with local residents and stakeholders. In conjunction with UDLA, officers have developed three options for the RCAC site, each option to be phased in over 10 years. Overwhelming community support has been received for option 1 which includes the redevelopment of the Roebourne Aquatic Centre. Officers now seek the direction of Council to proceed with a preferred option.

OFFICER’S RECOMMENDATION

That Council by SIMPLE Majority pursuant to Section 3.18 of the *Local Government Act 1995* RESOLVES to:

1. ENDORSE Option 1 of the UDLA Community Engagement Report for the Roebourne Recreational Precinct which includes the following facilities developed over a 10yr period;

Phase 1 (1-3 years)	Skate Space, Community Kitchen, Yarning Circles, Landscaping and Plantings, Redevelopment of the Roebourne Aquatic Centre.
Phase 2 (4-6 years)	Extension of Skate Space, Community Kitchen, Yarning Circles, Landscaping and Plantings and investigation to redevelop the Roebourne Community Hall.
Phase 3 (7-10 years)	Extension of Skate Space, Community Kitchen, Yarning Circles, Landscaping and Plantings and redevelopment of the Roebourne Community Hall

2. INSTRUCT the Chief Executive Officer to progress partnership and funding negotiations with relevant stakeholders.
3. INSTRUCT the Chief Executive Officer to progress Option 1 of the UDLA Community Engagement Report for the Roebourne Recreational Precinct by utilizing existing funding within the 2013/14 year for the Roebourne Skate Park (\$600,000.00) and the Roebourne Community Kitchen (\$165,000.00).

11 DEVELOPMENT SERVICES

11.1 PROPOSED CHEEDITHA TWA ACCESS ROAD OVER RESERVE 611, ROEBOURNE

File No:	P3393
Responsible Executive Officer:	Director Development Services
Reporting Author:	Statutory Planner
Date of Report:	31 October 2013
Applicant/Proponent:	Portside Accommodation Enterprises (PAE)
Disclosure of Interest:	Nil
Attachment(s)	1. Proposed TWA (with Location Plan inset) 2. Proposed Access Arrangements

PURPOSE

For Council to consider whether it would support excision of vehicle access from Shire managed Reserve 611 for a Transient Workforce Accommodation (TWA) proposed by Portside Accommodation Enterprises (PAE). It should be noted that support for creating access does not indicate support for the development. It only allows the access to be created if the development is ever required.

BACKGROUND

On 30 August 2013 PAE submitted an Application for Planning Approval to the Shire for consideration by the Pilbara Joint Development Assessment Panel (PJDAP). PAE is a joint venture between National Lifestyle Villages (NLV), the Cheeditha Community Aboriginal Corporation (CGAC) and the Juluwaru Community Aboriginal Group (JCAG).

The application is for a 300 person TWA facility at Lot 48 North West Coastal Highway, Roebourne. Lot 48 contains the Cheeditha Community and is a freehold lot owned by the CGAC. The proposed TWA facility would be located in the north eastern corner of Lot 48, approximately 750m from the nearest dwellings in the Cheeditha Community (see Attachment 1). At the time of writing, Shire officers had expressed to the applicant their unwillingness to support such a TWA proposal if not tied to a construction project and/or a significant positive community benefit. Officers are preparing a report and recommendation to the PJDAP for consideration.

Notwithstanding, there is merit in putting in place arrangement for creating appropriate access for the TWA should such a facility become necessary in the future. It is important to note, however, that any support from the Council to creation of access across Reserve 611 is not an indication of support for the TWA application. It is recommended that any Council support to the proposed access be subject to a Planning Approval being granted for the TWA.

Correspondence from Main Roads WA (MRWA) indicates access for the proposed TWA from North West Coastal Highway would not be supported. The proposed TWA therefore relies upon a separate legal point of access from the Point Samson-Roebourne Road, across

Reserve 611. Reserve 611 (Lot 346) is managed by the Shire. The subject portion of Reserve 611 is zoned Rural under TPS8. Reserve 611 was created in the late 1800's for 'Common Extension' for residents of Roebourne to use for stock grazing, firewood collection, building materials etc. The Shire does not have the power to lease Reserve 611.

The subject strip of Reserve 611 is not currently being used for any purpose and is vacant, with some informal dirt tracks crossing it. The applicant has undertaken a heritage survey (with the assistance of Ngarluma heritage consultants) over the proposed access road as shown in the Concept Plan (Attachment 2). The survey states that the Department of Aboriginal Affairs registrar shows no sites in this land area and indicates that no sites or artefacts of any significance are located on the ground.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy *CE-8 Significant Decision Making Policy*, this matter is considered to be of moderate significance in terms of social, economic, environmental and cultural issues. This is because the proposed TWA relies upon access being provided across a Shire managed reserve for the Roebourne community.

COUNCILLOR/OFFICER CONSULTATION

The Planning Application (including the proposed access to the TWA) was referred to Infrastructure, Health and Community Services. No significant issues were raised. Infrastructure Services requests the TWA proponent bear the cost of creating, constructing, maintaining and rehabilitating any road and associated drainage. Planning Services agrees with this position.

COMMUNITY CONSULTATION

The proposed TWA development, including the proposed access, (P3393) was publicly advertised in accordance with TPS8 through an advertisement in the Pilbara News and placement on the Shire's website. The public advertising period ran for a minimum of 3 weeks. No public submissions were received. The advertised Planning Application provided sufficient public advertising of the proposed access route.

MRWA has no objection to the proposed connection with Point Samson-Roebourne Road but requires the intersection to be upgraded by the applicant at their cost.

STATUTORY IMPLICATIONS

The Department of Lands advises that as Reserve 611 is for the Purpose of 'Common Extension', any road access over the Reserve must be open to the public. If a road were created, the Shire would assume primary responsibility for it. As the Shire does not wish to assume responsibility for this road and as the applicant would prefer this road not be used by the public, the DoL has provided advice on the most appropriate alternative method for providing an access road to service the TWA development.

The DoL has suggested excision of the access road from the Reserve as a Crown lot leased to PAE from DoL for the purpose of vehicle access.

There are other methods to achieve this access (such as excising the land from the Reserve and creating another Reserve for the purpose of access), however, the DoL has indicated that the commercial nature of such access lends itself to a lease rather than a reserve. The DoL have also indicated that Native Title will not come into play if using this option. It is considered that the option of a lease is the most appropriate.

POLICY IMPLICATIONS

Nil.

FINANCIAL IMPLICATIONS

There are no financial implications.

STRATEGIC IMPLICATIONS

This item is relevant with the Council's approved Strategic Community Plan 2012-2022 and Corporate Business Plan 2012-2016. In particular the Operational Plan 2013-2014 provided for this activity:

Our Program:	3.a.1.3	Provide expert advice to Government agencies regarding matters relating to lands, including native vegetation, mining leases and land tenure.
Our Services:	3.a.1.3.1	Respond to requests for Shire advice and provide information on crown land, mining leases, environmental controls, encumbrances and related matters.

RISK MANAGEMENT CONSIDERATIONS

There are no risk management considerations applicable.

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

RELEVANT PRECEDENTS

There are no known relevant precedents related to this matter.

VOTING REQUIREMENTS

Simple Majority

OPTIONS:Option 1

As per Officer's recommendation.

Option 2

That Council by SIMPLE Majority pursuant to Section 3.18 of the *Local Government Act 1995* RESOLVES to REFUSE to support the proposal to gain access over land within Reserve 611 for the purpose of providing legal access to a proposed development currently being assessed under the Pilbara Joint Development Assessment Panel Application for Planning Approval No.DP13/00726.

CONCLUSION

There are concerns about supporting development of the subject TWA facility at this point in time. Circumstances may change in the future, however, and it is important that such a development can be put in place quickly if the need arises. The proposed TWA does not have secure access and the recommendation below will allow for access arrangements to be put in place quickly if required. It is recommended that Council resolve access issues for this development in the future.

OFFICER'S RECOMMENDATION

That Council by SIMPLE Majority:

1. Pursuant to Section 51 of the Land Administration Act 1997 Section 3.18 of the Local Government Act 1995 **RESOLVES** to **EXCISE** land from Reserve 611 as shown in the Concept Plan (Attachment 2 of this report) for the creation of a private access road across existing Reserve 611 (Lot 346) and the conversion of this land to a lot to be leased to Portside Accommodation Enterprises (PAE) for the purpose of 'vehicle access' subject to the following:
 - a) a Planning Approval being issued to Portside Accommodation Enterprises (PAE) by the Pilbara Joint Development Assessment Panel (PJDAP) for Application for Planning Approval No.DP13/00726.
 - b) any lease over a newly created lot is for a time period commensurate with any time period provided under conditions of approval that may be issued by the PJDAP for Application for Planning Approval No.DP13/00726 that relates to the lifespan of the proposed Transient Workers Accommodation, should approval be granted by the PJDAP.
 - c) at the expiry of any lease granted by DoL to PAE, the land originally excised from Reserve 611 is returned to the land area of Reserve 611.
 - d) any costs involved in the above actions under Part 1 of this resolution are to be at the cost of PAE.
2. Pursuant to Section 3.18 of the *Local Government Act 1995* **RESOLVES** to **ADVISE** the applicant that support for the excision of this land from Reserve 611 and the creation of a lot to be leased to PAE for the purpose of vehicle access is not an indication of support for the lodged PJDAP Application for Planning Approval No.DP13/00726 and as outlined above, such formalisation of vehicle access can only be undertaken upon the PJDAP issuing a Planning Approval to the PJDAP Application for Planning Approval No.DP13/00726.

11.2 REQUEST FOR AMENDMENTS TO THE KARRATHA CITY CENTRE ROAD LAYOUT PLAN

File No:	LP.110
Responsible Executive Officer:	Director Development Services
Reporting Author:	Lands Officer
Date of Report:	1 November 2013
Applicant/Proponent:	Landcorp
Disclosure of Interest:	Nil
Attachment(s)	1. Existing endorsed Karratha City Centre Road Layout Plan
	2. Proposed Amended Karratha City Centre Road Layout Plan

PURPOSE

For the Council to consider endorsing the proposed amendments to the Karratha City Centre Road Layout Plan.

BACKGROUND

Karratha City of the North (KCN) was adopted in June 2010. KCN includes a City Centre Master Plan (CCMP). The CCMP proposes the formation of a new network and hierarchy of streets. The Karratha City Centre Road Layout Plan was prepared to better define changes to be made to the road network. The Council at its 24 October 2011 Ordinary Meeting resolved (Resolution No. 151868) to:

1. *ENDORSE the Karratha City Centre Road Layout Plan which will establish:*
 - a) *Sharpe Avenue as the main street and key pedestrian spine so that it facilitates change in the nature of the built form on adjacent land parcels to create a quality pedestrian environment and improvement of access to the city centre for both pedestrians and vehicular traffic;*
 - b) *A network and hierarchy of streets that provides permeability and legibility and creates an accessible and legible city centre destination; and*
 - c) *An integrated and functional movement network that ensures the safe and pleasant movement of pedestrians and cyclists with suitable facilities, and vehicles.*

The currently endorsed Karratha City Centre Road Layout Plan is Attachment 1.

Subsequent to the endorsement of the Karratha City Centre Road Layout Plan, the following amendments have been proposed, considered and generally agreed:

Action/Activity/Project	Details
Southern realignment of Road 2	The proposed amendments to the alignment of Road 2 (proposed Nickol Bay Road) brings the new City Centre northern boundary road back from more storm surge risk and Aboriginal heritage areas and will reduce the cost of fill to build the road.
Deletion of Nelson Court extension to Balmoral Rd	The extension of Nelson Court through to Balmoral Road is not required.
Realignment of De Grey Place to remain as a cul-de-sac and not connect with Searipple Road.	This deletion has been proposed in part to create the St. Johns Ambulance site.
Widening of Balmoral Road at Dampier Road Intersection	As a result of MRWA requirements.
Deletion of the extension of Crane Circle behind Pelago	This was deleted to ensure that the road did not interfere with existing land ownership
Realignment of Road 1	This was completed to ensure the road did not interfere with the existing Lotteries West Building
Provision of new laneway between Best Western Hotel and LandCorp / Mirvac site	This amendment has been included to create access to the proposed hotel site and existing Best Western.
Extension of Crane Circle behind Pelago	Currently private road to become gazetted by the Shire

In addition to these amendments some minor modifications to road alignments have occurred throughout the progression of the construction phase to ensure a safe, efficient and usable road network whilst minimising the impact upon adjoining landowners, and to reflect discussions with Shire officers, other government agencies such as Main Roads WA, landowners and other key stakeholders.

The amended Karratha City Centre Road Layout Plan is Attachment 2.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy *CE-8 Significant Decision Making Policy*, this matter is considered to be of moderate significance in terms of social and economic issues as the Karratha City Centre Road Layout Plan forms part of the vision for the Karratha City Centre.

COUNCILLOR/OFFICER CONSULTATION

Landcorp's KCCIW Project Team has presented these proposed changes to the KCCIW Place Team and to Councillors as part of its monthly Councillor briefing, presentations and updates. The Place Team includes representation from Planning Services, Infrastructure Services, Community Services, Strategic Projects and Communications. The Place Team supports the amended City Centre Road Layout Plan.

COMMUNITY CONSULTATION

Extensive community consultation has been undertaken since release of the KCN Plan. There are regular community updates regarding the KCCIW Project in various forms of media such as newspaper and radio. City Centre Traders can also attend regular meetings to hear about and discuss implementation of the CCMP. LandCorp consults closely with key City Centre landowners whose landholdings will be impacted upon by the realignment of existing roads and/or the creation of new roads.

Landcorp advises that it will continue community consultation in accordance with the KCCIW Project Communications Plan. Formal newspaper notice is required under the *Local Government Act* plus direct mail outs will be recommended for the proposed road closures. This would be subject to a separate Council report to enable this report that just seeks support for the amendments to the Karratha City Centre Road Layout Plan.

STATUTORY IMPLICATIONS

There are no statutory implications.

POLICY IMPLICATIONS

Future policies prepared by the Shire will need to have regard for the Karratha City Centre Road Layout Plan.

FINANCIAL IMPLICATIONS

The implementation of the KCCIW Project will be funded by the State Government through the Royalties for Regions program. The funding allocated for the initial two Works Packages A & B will be in the order of \$65 million. Additional funding requests of \$30 million and \$80 million have also subsequently been approved.

The KCCIW Project funding includes an allowance for minor boundary adjustments and replacement of improvements caused as a result of the proposed road realignments. Any shortfalls in this allowance will be subject to future funding submissions once the magnitude of these has been fully determined in consultation with the affected landowners.

The KCCIW Project has no allowance for the acquisition of whole lots/sites. Should a negotiation require the acquisition of a whole lot/site then such an outcome would be subject to a separate funding submission to the State Government.

STRATEGIC IMPLICATIONS

This item is relevant with the Council's approved Strategic Community Plan 2012-2022 and Corporate Business Plan 2012-2016. In particular the Operational Plan 2013-2014 provided for this activity:

Our Program:	1.d.3.1	Liaise with key stakeholders including Landcorp and Government agencies for implementation of Karratha City Centre Master Plan and Infrastructure Works Program
Our Services:	1.d.3.1.1	Liaise with Landcorp to finalise Planning Scheme amendments and land assembly for Karratha City Centre Master Plan (KCCMP) and infrastructure Works Program

RISK MANAGEMENT CONSIDERATIONS

There are no risk management considerations applicable.

IMPACT ON CAPACITY

There are no significant impacts on the Shire's capacity to implement the recommendation.

RELEVANT PRECEDENTS

The proposed changes are only minor changes to the currently endorsed Karratha City Centre Road Layout Plan.

VOTING REQUIREMENTS

Simple Majority

OPTIONS:Option 1

As per Officer's recommendation.

Option 2

That Council by Simple Majority pursuant to section 3.18 of the *Local Government Act 1995* RESOLVES to REFUSE to endorse the revised Karratha City Centre Road Layout Plan.

Option 3

That Council by Simple Majority pursuant to section 3.18 of the *Local Government Act 1995* RESOLVES to REQUEST the revised Karratha City Centre Road Layout Plan be amended to demonstrate a revised road layout as determined by Council.

CONCLUSION

The currently endorsed Karratha City Centre Road Layout Plan is consistent with the Council endorsed KCN and has been prepared through a consultative approach. All proposed amendments to the road layout have come about as a result of further discussions with stakeholders and landowners, more detailed consideration and/or state government requirements. These amendments have been raised and discussed with the Shire's Place Team and at Councillor briefings and still implement the CCMP vision and achieve appropriate road alignments, ensuring a safe, efficient and usable road network. It is therefore recommended that the amended City Centre Road Layout Plan be endorsed.

OFFICER'S RECOMMENDATION

That Council by **SIMPLE** Majority pursuant to **Section 3.18** of the *Local Government Act 1995* RESOLVES to **ENDORSE** the amended Karratha City Centre Road Layout Plan dated 2 October 2013.

**11.3 PROPOSED CHANGE OF USE FROM ‘ENTERTAINMENT VENUE’ TO ‘TAVERN’
– UNIT 119, LOT 555 SHARPE AVENUE (PELAGO WEST), KARRATHA**

File No:	P3397
Responsible Executive Officer:	Director Development Services
Reporting Author:	Senior Statutory Planner
Date of Report:	22 October 2013
Applicant/Proponent:	Bart Parsons
Disclosure of Interest:	Nil
Attachment(s)	1. Floor Plan 2. Acoustic Assessment Report 3. Schedule of Submissions 4. Harm Minimisation Plan: a) Code of Conduct b) House Management Policy c) Management Plan - Blanche Bar

PURPOSE

For Council to consider an application for a Change of Use from ‘Entertainment Venue’ to ‘Tavern’ for the Blanche Bar, Unit 119, Lot 555 Sharpe Avenue (Pelago West), Karratha.

BACKGROUNDLocation

The tenancy is located on the corner of Warambie Road and the new extension of Sharpe Avenue, which runs between the Pelago towers.

Previous Approvals

- On 11 March 2011 Planning Approval (P2302) was issued under delegated authority for the Pelago Mixed Use development; and
- On 16 April 2012 Council approved (Res No: 151984) an application (P2783) for a Change of Use from ‘Restaurant’ to ‘Entertainment Venue’.
- The Blanche Bar currently has a Small Bar licence (Licence No. 634014437) issued by the Department of Gaming, Racing and Liquor (DGRL). This Licence limits the number of patrons to 120.

Proposed Development

The proprietor of the Blanche Bar, has submitted an Application for Planning Approval for a Change of Use from an ‘Entertainment Venue’ to ‘Tavern’. The Change of Use to ‘Tavern’ will allow the applicant to apply for a Tavern Restricted Licence from DGRL to permit 200 patrons on the premises at any one time.

The remaining key elements listed below remain unchanged:

- Operating hours are proposed to be 6am to midnight Monday to Saturday and 10am to 10pm on Sunday;

- Food will be available during operating hours up until 1 hour before close;
- The sale of packaged liquor for consumption off-site is prohibited; and
- No increase in the internal or alfresco floor area (Refer Attachment 1).

LEVEL OF SIGNIFICANCE

In accordance with Council Policy *CE-8 Significant Decision Making Policy*, this matter is considered to be of medium significance because it involves land use conflict between noise generating inner City activities and inner City living and raises questions about whether those conflicts can be adequately managed or need to be separated.

OFFICER CONSULTATION

The application was referred to Environmental Health with the following comments provided:

- Separate to planning approval considerations, the Blanche Bar has a Public Building occupancy capacity of 126 people within the building. The entire premises (including alfresco) must not to exceed 197 people in total;
- The existing toilet facilities on site permit up to 200 people to be on site at one time;
- The existing Small Bar licence (Licence No. 634014437) issued by the Department of Gaming, Racing and Liquor (DGRL) currently limits patronage to 120; and
- DGRL approval includes a condition that the proponent must demonstrate how compliance with the assigned noise levels of the *Environmental Protection (Noise) Regulations (1997)* will be achieved.

The Blanche Bar has been the subject of noise complaints in regard to both music and patrons. During July 2013 noise measurements showed the noise limits were being exceeded and the levels of noise were mostly due to patrons in the alfresco area. Further noise measurements taken on 20 September 2013 (from a residential unit) also exceeded the assigned limits as per the regulations. On 30 September 2013 a Noise Abatement Direction (NAD) was served on the proponent. On 4 October 2013 a further noise measurement was carried out at the same residential unit. The assigned noise limits were still being exceeded, albeit at a reduced level. This complainant and the applicant have reached a negotiated outcome and on 17 October 2013 the complaint was withdrawn.

Should further complaints be received and upon the Shire monitoring, noise levels are confirmed to exceed the assigned levels, the Shire may serve an Environmental Protection Notice. Failure to comply with the assigned noise levels after serving of the Notice may result in prosecution. Environmental Health Services consider an increase in the number of patrons from 120 to 200 is expected to result in an increase of noise levels.

In response to the above comments the proponent has advised the following mitigation measures will be implemented:

- *The outside ring of tables in the licensed alfresco area will be cleared and its use not permitted after 9.30pm;*
- *Music will not be played in the alfresco area after 9.30pm;*
- *All measures in the Acoustic Assessment Report (dated 19 July 2012) will be adhered to at all times (Refer Attachment 2);*
- *A noise limiter to be placed (if required) on the sound system to ensure the venue meets the Environmental Protection Act guidelines at all times.*

Section 4.7 (g) of the Acoustic Assessment Report states:

“It is highlighted that although not considered a part of the entertainment aspect of the Venue, the sound of voices from patrons in the alfresco area, particularly raised voices is likely at times during the day and evening to generate excessive noise levels at some apartments in proximity to the venue. The Venue must develop a Management Plan Strategy to effectively deal with any such occurrences.”

Should the application be approved it is recommended the following condition be included:

- A Management Plan Strategy be endorsed by the Shire's Planning Services prior to the issuance of the Certificate of Local Planning Authority – Section 40.

COMMUNITY CONSULTATION

Community Consultation was carried out between the 16th and 30th September 2013 with 13 submissions received, four objecting and nine in support of the proposal. In addition a petition with 39 signatures in support of the application was received.

All submissions are fully addressed in the Submissions Table (Refer Attachment 3). The four objections to the application relate to a potential increase in noise, anti-social behaviour and the demand for parking. The remaining submissions and the petition support the expansion of the Blanche Bar as an entertainment option in Karratha.

STATUTORY IMPLICATIONS

The application has been considered in relation to Town Planning Scheme No 8 (TPS 8) and the relevant provisions relating to the 'City Centre – Precinct 2 Commercial' zone. A 'Tavern' may be approved at the discretion of Council in the zone.

Scheme Objectives

The objectives of the City Centre include:

- b) *“to create a vibrant and safe City Centre with diversity of land uses including residential, commercial, retail and civic uses”*

The specific objective of the Commercial Precinct is:

“To promote a diversity of development in the Commercial Precinct with active ground floor uses facing the street. Whilst the predominant use is envisaged to be offices, other tenancies with a gross floor area of less than 1,000m² comprising retail, showrooms and other commercial uses are also encouraged. Multiple Dwellings are encouraged on upper levels and may be permitted to face secondary streets where Council considers active commercial uses are not required.”

Planning Approval P2302 for the overall Pelago Mixed Use development contains numerous office tenancies at ground level and the Council approved Change of Use to Small Bar was considered an appropriate commercial use that meets the objectives of the precinct. It was considered the location of the Small Bar was suitable given the broader context of the site in the City Centre. It is located on the periphery of the Entertainment Precinct and also within a signature building, Pelago, which may be considered a focal point in the transformation of the Karratha City Centre.

POLICY IMPLICATIONS

Shire of Roebourne DP 1 – Karratha City Centre Development Requirements

The application has been assessed having regard to the Shire’s DP1 Policy – *City Centre Development Requirements (Draft)*. The policy predominantly relates to ensuring suitable built form outcomes are achieved in the City Centre and only includes minor considerations in relation to proposed land uses beyond the broader objectives set out in TPS 8 for the City Centre precincts. The relevant matters are considered below.

Impacts on Sensitive Land Uses

The policy includes the following relevant consideration:

When considering applications for accommodation or potentially noise generating activities in close proximity to sensitive land uses, Development Services will assess the suitability of the proposal in relation to the subject site’s use and the adjoining use(s) or potential uses of adjoining land. Dependent on the above assessment, an acoustic consultant may be required to undertake a noise impact assessment and submit a report to accompany the development application. Noise attenuation measures may be required (including the location and construction materials) with respect to acceptable noise levels as determined by the Environmental Protection (Noise) Regulations 1997. Costs associated with this exercise will need to be borne by the applicant.

The Blanche Bar is located below apartments within the Pelago Towers and has had an impact on the amenity of residences as detailed in the Officer Consultation and Community Consultation Sections of this report. The Acoustic Assessment Report submitted by the applicant only addresses noise levels generated internally, not noise levels generated from the alfresco area.

Shire of Roebourne DP 18 – Karratha City Centre Parking Policy

The Table below shows the requirements for car parking bays for ‘Tavern’ under DP18 – *Karratha City Centre Parking Policy* approved by Council on 18th March 2013.

USE	REQUIRED MIN BAYS	REQUIRED MAX BAYS
Tavern	1 per 4.4m ² bar floor area. = 2.1	1 per 2.2m ² bar floor area. = 4.2
	1 per 8.8m ² lounge floor area. = 12	1 per 4.4m ² lounge floor area. = 24
	1 per 13.4m ² of outdoor entertainment area. = 5.7	1 per 6.7m ² of outdoor entertainment area. = 11.49
Total	19.8	39.69

Under DP 18, a minimum of 20 bays and a maximum (target) of 40 bays are required.

The table below summarises the change in parking requirements between the previous ‘Restaurant’ use, the approved ‘Entertainment Venue’ and the proposed use of ‘Tavern’. It should be noted that previous approvals were assessed under Appendix 4 of TPS 8, not the current DP 18.

Land Use	Parking Requirement set out in Appendix 4 of TPS8	Required No. Bays		Bays provided on-site	Shortfall
Restaurant (previous Approval)	One per 6m2 of dining space	17.25		17	Nil
Entertainment Venue (previous Approval)	One per three square meters of entertainment area	39		17	22
Tavern (Restricted)	‘As above – DP18’	Min – 20	Max- 40	17	23

The number of bays provided and approved for both the previous Restaurant and the current Entertainment Venue use is 17. This was well below the required 39 bays for the Entertainment Venue use and is well below the target under DP 18 for the proposed Tavern use. It does not even meet the minimum requirement of 20 bays under DP 18. Under DP 18, the intention is to not go below the minimum number of bays. The change of use to Tavern should not be approved without requiring the applicant to prepare a Parking Management Plan that addresses the shortfall of bays below the target rate and achieves the minimum number of bays required under DP 18.

FINANCIAL IMPLICATIONS

There are no financial implications.

STRATEGIC IMPLICATIONS

This item is relevant with the Council’s approved Strategic Community Plan 2012-2022 and Corporate Business Plan 2012-2016.

Community Goal - Create aesthetically attractive and liveable towns.

Our Outcome: 1.e Planned towns and city that responds to the environmental, social, economic, and cultural conditions and aspirations of the Pilbara.

Our Response: 1.e.1 Create aesthetically attractive and vibrant towns.

RISK MANAGEMENT CONSIDERATIONS

A decision to refuse this application could be subject of an application for review by the applicant to the State Administrative Tribunal.

Public liability has been addressed through the imposition of a condition on the previous approval requiring the applicant to obtain public liability insurance to cover both the operator of the Small Bar and the Shire or Roebourne in regard to use of the public domain for alfresco dining.

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation. If Council approves this change of use, the Shire will bear responsibility for responding to complaints, monitoring, regulating and prosecuting noise that exceeds the *Environmental Protection (Noise) Regulations 1997*.

RELEVANT PRECEDENTS

On 17 September 2012 Council resolved (Res No: 152243) to approve a Change of Use from 'Restaurant' to 'Tavern' on Lot 2609 (No 1) Sharpe Avenue, Karratha (Icon Restaurant). There are no residential uses in the vicinity of that premises. Car parking was an issue in relation to that proposal.

VOTING REQUIREMENTS

Simple Majority

OPTIONS:Option 1

As per Officer's recommendation.

Option 2

That Council by SIMPLE Majority pursuant to clause 4.5 of the Shire of Roebourne Town Planning Scheme No. 8, RESOLVES to APPROVE Application for Planning Approval P3397 for a Change of Use from 'Entertainment Venue' to 'Tavern' – Unit 119, Lot 555 Sharpe Avenue (Pelago West), Karratha, subject to the following conditions:

1. The Change of Use hereby permitted taking place in accordance with the approved plan stamp dated 3 September 2013.
2. Prior to the issuance of the Certificate of Local Planning Authority – Section 40, the applicant shall submit a Management Plan Strategy for endorsement by Planning Services. The Management Plan Strategy shall include but not be limited to the following noise mitigation measures for the alfresco area:
 - The outside ring of tables in the licensed alfresco area will be cleared and its use not permitted after 9.30pm;
 - Music will not be played in the alfresco area after 9.30pm;
 - All measures in the Acoustic Assessment Report (dated 19 July 2012) will be adhered to at all times; and
 - A noise limiter to be placed (if required) on the sound system to ensure the venue meets the *Environmental Protection Act* guidelines at all times.
 - Once endorsed the Management Plan Strategy shall form part of this approval.
3. A Parking Management Plan being prepared and endorsed by the Shire's Planning Services that addresses the shortfall of parking bays below the target rate and achieves the minimum number of parking bays required under DP 18.

Advice Notes

- I. This decision to approve will expire if the development has not substantially commenced and is in continuation within two [2] years of the date of this decision. Planning Services will consider extensions to the approval period for up to two [2] years provided a written request is received no later than the original or extended date of expiry.
- II. Noise generated by the operation of the Tavern use, including the alfresco area, is required at all times to comply with the *Environmental Protection (Noise) Regulations 1997 (WA)* or such equivalent regulations as might replace them.
- III. Should the approval holder be aggrieved by this decision, or any of the conditions imposed, there is a right of review under the *Planning and Development Act 2005*. An application for review must be submitted in accordance with Part XIV of the *Planning and Development Act 2005* within 28 days of the date of this decision to: the State Administrative Tribunal, GPO Box U1991, Perth, WA 6845. Further information regarding this right of review is available on the SAT website www.sat.justice.wa.gov.au or by phoning 1300 306 017.

CONCLUSION

The proposal would result in an additional 80 patrons being permitted at this venue. There have been a number of submissions and a petition received in support of the increase. There have also been submissions of objection received on grounds of noise, anti-social behaviour and parking.

If approved the proposed change of use would provide added vibrancy in the City Centre. This is considered to be in line with the objectives of Karratha City of the North and the City Centre zone.

However, the Blanche Bar has been the subject of a number of noise complaints in regard to noise levels from both music and patrons in the alfresco area. Noise measurements taken by Environmental Health Services have on each occasion exceeded prescribed noise levels under the *Environmental Protection (Noise) Regulations 1997 (WA)*. It is considered that the increase in the number of patrons from 120 to 200, as a result of a change of DRGL Licence from Small Bar to Tavern Restricted will result in increased noise levels.

The applicant has put forward mitigation measures to reduce the level of noise from the alfresco area. While this is commendable it relies on self regulation from the operator. The risk to the Shire in approving this change of use is ongoing land use conflict and issue resolution. It is therefore recommended that the application be refused.

OFFICER'S RECOMMENDATION

That Council by SIMPLE Majority pursuant to clause 4.5 of the Shire of Roebourne Town Planning Scheme No. 8, RESOLVES to REFUSE to approve the application for Planning Approval for a Change of Use from 'Entertainment Venue' to 'Tavern' - Unit 119, Lot 555 Sharpe Avenue (Pelago West), Karratha for the following reasons:

1. As a result of a number of complaints from owners and tenants of units in this building, the Shire has been required to monitor noise levels from this venue on numerous occasions. Noise levels measured by the Shire from the current approved use (Entertainment Venue – 120 patrons) have exceeded noise levels prescribed by the *Environmental Protection (Noise) Regulations 1997 (WA)*. If the use of this premises changes to Tavern, then the number of patrons permitted under a Tavern Restricted licence would increase to 200 patrons. Council is not prepared to support such an increase in the number of patrons given noise levels measured from the current approved use, the number of additional patrons that would result from the proposed use and the land use conflict that would result.
2. The proposal is inconsistent with the orderly and proper planning of the locality.

11.4 ROAD DEDICATION OF ACCESS INTO KARRATHA LEISUREPLEX

File No:	CP.534
Responsible Executive Officer:	Director Development Services
Reporting Author:	Lands Officer
Date of Report:	November 2013
Applicant/Proponent:	Shire of Roebourne
Disclosure of Interest:	Nil
Attachment(s)	1. Road dedication sketch 2. Survey plan showing road dedication

PURPOSE

The purpose of this report is to follow through on Council resolution 152413 from the 18 February 2013 Ordinary Council Meeting Minutes to allow for road dedication into the Karratha Leisureplex under S56 of the *Land Administration Act 1997*.

BACKGROUND

At the 18 February 2013 Council Meeting, Council resolved in Resolution 152413 as follows:

1. That Council by ABSOLUTE Majority pursuant to Section 3.18 of the *Local Government Act 1995* DELEGATE AUTHORITY to the CEO to undertake all things necessary to formally create the new public access roadway from Dampier Hwy. to the Karratha Leisureplex site through the following process:
 - a) Advise the Department of Training and Workforce Development that, based on their advice, Council seeks formal approval to create a new road reserve from Dampier Highway on the southern side of the Broadhurst Intersection extension to create a public access to the Karratha Leisureplex, the Karratha High School and Pilbara Institute within Lot 520 under the control of the Department of Training and Workforce Development.
 - b) As a result of the above road reserve creation the Shire of Roebourne -
 - i. will be seeking formal approval from the Department of Training and Workforce Development to re-vest the section of remaining Lot 520 on the eastern side of the proposed road reserve as an amalgamation within the Shire's Lot 521 (Karratha Leisureplex site)
 - ii. Will agree to pay all associated cost for the formal changes to reserves and titles and shared costs with the Department of Education in the construction modifications of this section of the joint access road.
 - iii. Will bear all future operational costs for the maintenance and liabilities of the section of road reserve created and the section of reserve re-vested into Lot 521. Such liability shall commence from the notice of formal agreement of the Department to permit public access on this section of road for all public users to all three agency sites until formal dedication is finalised through the Department of Regional Development and Lands

- c) When formal agreement is obtained from the Department of Training and Workforce Development on the above provisions the Shire of Roebourne will commence the formal process of dedication and naming of the Road Reserve and section of reserve transfer through the statutory provisions of the Local Government Act and *Land Administration Act*
2. That Council by SIMPLE Majority receive the advice from MRWA on the planned road safety improvements to the pedestrian and cyclist crossing points on Dampier Highway on the east and west sides of Broadhurst Road

The Department of Lands has now advised that S3.18 of the *Local Government Act 1995* does not meet the its needs for road dedication purposes and requires a resolution to explicitly reference section 56 of the *Land Administration Act 1997*. Council has already resolved at its 16 September 2013 Ordinary Council Meeting (resolution 152621) to name the new section a continuation of Broadhurst Road but did not at that point address dedication of the road under S56 of the *Land Administration Act 1997*. Shire officers attempted to rectify this minor matter by letter and negotiation with the Department of Lands rather than another Council resolution. This was not possible and the Department of Lands has requested another formal resolution.

Another important point to note is that the Department of Training and Workforce Development has advised by letter dated 3 April 2013 that they acknowledge the resolution above and agree to a 5345m² redundant portion of Lot 520 being transferred to Shire of Roebourne for drainage purposes. Attachments 1 and 2 show the proposed alignments in sketch and survey plans.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy *CE-8 Significant Decision Making Policy*, this matter is considered to be of low significance in terms of Council's ability to perform its role.

COUNCILLOR/OFFICER CONSULTATION

Officer consultation has taken place with the Department of Lands who are satisfied with the resolution contained in this report.

COMMUNITY CONSULTATION

No community consultation is required.

STATUTORY IMPLICATIONS

Council resolutions relating to road dedication must explicitly reference section 56 of the *Land Administration Act 1997 for the road dedication*.

POLICY IMPLICATIONS

There are no policy implications.

FINANCIAL IMPLICATIONS

There are no financial implications.

STRATEGIC IMPLICATIONS

There are no strategic implications

RISK MANAGEMENT CONSIDERATIONS

There are no risk management considerations applicable.

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

RELEVANT PRECEDENTS

There are no relevant precedents related to this matter.

VOTING REQUIREMENTS

Simple majority

OPTIONS:Option 1

As per Officer's recommendation.

CONCLUSION

For the Broadhurst Road extension into the Leisureplex to be dedicated formally, the Department of Lands has advised that a new resolution is required that formally seeks dedication under section 56 of the *Land Administration Act 1997 and the Land Administration Regulations 1998*. Accordingly, it is recommended Council resolve to dedicate the road extension in a manner consistent with that requested by the Department of Lands request.

OFFICER'S RECOMMENDATION

That Council by SIMPLE Majority pursuant to Section 3.18 of the *Local Government Act 1995* and Section 56 of the *Land Administration Act 1997 and Land Administration Regulations 1998* RESOLVES to:

1. **DEDICATE** as a Road under Section 56 of the *Land Administration Act 1997* the access into the Karratha Leisureplex.
2. **WRITE** to the Department of Lands formally requesting the dedication of the road into the Karratha Leisureplex under Section 56 of the *Land Administration Act 1997*.
3. **SUPPLY** the Department of Lands all items necessary for them to action and pursue the road dedication including survey plans, details of consultation process and any objections, copies of correspondence to public utility service providers and correspondence from them confirming their agreement to the dedication and indemnity in favour of the Minister for Lands against any claims for compensation and costs.
4. **NOTE** that the future Road is to be named Broadhurst Road upon formal dedication/creation as has been previously resolved.
5. **ACTION** the Department of Training and Workforce Developments written consent to:
 - a) cede part of its reserve to create a common access road off Dampier Highway for the Karratha Leisureplex, New High School Site, Pilbara Institute (TAFE)
 - b) excise a 5345m² redundant portion of Lot 520 and **AGREE** to amalgamate it with Shire of Roebourne Lot 521 for Drainage purposes.

11.5 SEALING AND REALIGNMENT OF HEARSON COVE ROAD, BURRUP PENINSULA

File No:	P3385
Responsible Executive Officer:	Director Development Services
Reporting Author:	Land Officer
Date of Report:	October 2013
Applicant/Proponent:	Nil
Disclosure of Interest:	Nil
Attachment(s)	Aerial Hearson Cove Road showing current alignment, road dedication and Site F

PURPOSE

The purpose of this report is to present to Council a recommendation to get Hearson Cove Road 'shovel ready' for hard sealing in the future to save on ongoing maintenance/ grading costs and improve access to Hearson Cove Beach and the recently created Murujuga National Park for locals and tourists. This report does not recommend sealing of the road, only initiating the necessary Crown land processes so the road can be sealed in the future.

BACKGROUND

Hearson Cove Road is currently partly sealed for a small section approaching the beach and also at the intersection with the Burrup Road. The Shire spends a significant amount each year grading the middle gravel sections of the road which is heavily used by people visiting Hearson Cove Beach and Murujuga National Park. There would be future road maintenance cost savings and tourism benefits in sealing the road for the entire length. Before the road can be sealed, however, a Crown land anomaly needs to be resolved. The Hearson Cove road alignment as currently constructed departs from its dedicated reserve alignment from near the intersection with Burrup Road through Site F. (Attachment 1)

The Shire has consulted stakeholders (See community consultation section) seeking comment on a proposal to realign the reserve so it matches the current road alignment and to close the unused portion of reserve.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy *CE-8 Significant Decision Making Policy*, this matter is considered to be of moderate significance because it provides access to a popular recreational and cultural area and is of interest to industry stakeholders.

COUNCILLOR/OFFICER CONSULTATION

Consultation has taken place with members of the Executive Management Team, Technical Services and Development and Regulatory Services. It has been agreed that the Shire should facilitate a lands solution to the incorrect alignment issue after stakeholder consultation.

COMMUNITY CONSULTATION

The Shire consulted with the following stakeholders: Department of State Development, Department of Parks and Wildlife on behalf of Murujuga National Park, Department of Lands, Landcorp, Dampier Port Authority, Water Corporation, Main Roads, Yara Pilbara Nitrates.

Landcorp, Department of State Development and Dampier Port Authority all raised a similar issue, consenting to the sealing of the road but acknowledging that the existing dedicated road reserve and intersection is the most suitable alignment for Hearson Cove Road as it allows the maximum development potential for Site F Lot 537 DP 221363 that has been earmarked for future industrial development.

These stakeholders however acknowledge the high costs associated with realigning Hearson Cove Road and upgrading the Burrup Road intersection to fit within the dedicated alignment and concede this will not occur until a suitable proponent utilises Site F and funds these upgrades. Therefore they support sealing upgrades to the presently used alignment however does not support its dedication through Site F or the closure of the road through the desired costly route.

A solution has been put forward by these stakeholders whereby a licence or easement be granted over the currently constructed road through Site F to allow for sealing of the currently constructed road alignment whilst safeguarding Site F optimal development potential and safeguarding the desired and already formally dedicated route that can be constructed when a developer emerges.

The Shire's engineers agree that it would be cost neutral to apply a hard coat seal over a temporary road measure like an easement and agree that this solution provides flexibility to attract a developer to Site F whilst sealing the road in the interim.

A response was also received from Water Corporation. The Corporation wishes to be consulted during the detailed engineering design phase to ensure the steel main asset in the vicinity of the works is protected in the interest of maintaining customer water supply. The Department of Parks and Wildlife commented that the current undedicated alignment is preferred as it has less impact upon the park. The Shire has conveyed to the Department the view of other stakeholders. The Department of Parks and Wildlife wishes to be consulted concerning any vegetation removal in the area and supports cooperative measures to improve visitor services at Hearson Cove and adjacent areas within the boundary of the park.

STATUTORY IMPLICATIONS

Land Administration Act 1997.

POLICY IMPLICATIONS

The Shire of Roebourne Planning Scheme No. 8 contains Burrup Peninsula objectives to retain an appropriate balance between the Burrup's recreational, industrial, environmental and heritage assets.

Another policy consideration is the Burrup Maitland Industrial Estates Agreement that means there are no native title implications to consider as this has already been determined by the agreement, though heritage surveys may be required at any future detailed engineering stages. However as the road is already constructed the site has already been previously disturbed so the likelihood of heritage sites is low. Another related policy matter is the newly created Murujuga National Park and its Management Plan the Shire will work together in consultation with the Department of Parks and Wildlife to meet shared objectives and cost savings where possible.

FINANCIAL IMPLICATIONS

Any future sealing of the road would save on annual road maintenance costs. A developer of site F will be required to fund future construction of Hearson Cove Road along the dedicated reserve alignment, including upgrading intersection treatment works. The only financial implications of the Officer's recommendation would be any surveying and/or legal costs associated with creating the easement.

STRATEGIC IMPLICATIONS

This item is relevant with the Council's approved Strategic Community Plan 2012-2022 and Corporate Business Plan 2012-2016. In particular the Operational Plan 2013-2014 provided for this activity:

Our Program: 3.a.1.3	Provide expert advice to Government Agencies regarding matters relating to lands including native vegetation, mining leases and land tenures
Our Services: 3.a.1.3.1	Respond to requests for Shire position and provide information on crown land and related matters

RISK MANAGEMENT CONSIDERATIONS

There are no risk management considerations applicable other than Department of Lands not approving the proposal.

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

RELEVANT PRECEDENTS

There are no relevant precedents related to this matter.

VOTING REQUIREMENTS

Simple Majority

OPTIONS:Option 1

As per Officer's recommendation.

Option 2

That Council by SIMPLE Majority pursuant to Section 3.18 of the *Local Government Act 1995* RESOLVES NOT to SEEK the Department of Lands approval for a right of way easement or licence over necessary land parcels to formalise the current constructed alignment of Hearson Cove Road because Council is satisfied with current access arrangements.

CONCLUSION

The long term objective of sealing Hearson Cove Road would provide road maintenance savings and tourism benefits to the Shire. Prior to this occurring, however, the road needs to be given formal status.

Stakeholder consultation indicated support for sealing of the constructed road in its current alignment but not closure of the already dedicated road alignment. The stakeholders have suggested a temporary solution such as an easement or licence through Site F that could be sealed and lifted when a developer for Site F emerged, who would be required to fund construction of the road and intersection upgrades, lifting of the easement and remediating hard surfaces. This approach allows for the Shire to provide sealed road access to Hearson Cove in the short-term and transfers responsibility for any future road alignment modifications and upgrades to the future developer of Site F. Detailed design stages will factor in stakeholder interests such as Water Corporation assets and shared initiatives with the Department of Parks and Wildlife and Burrup industries to improve Hearson Cove, including constructed road access.

OFFICER'S RECOMMENDATION

1. That Council by **SIMPLE** Majority pursuant to Section 3.18 of the *Local Government Act 1995* **RESOLVES** to:
 - a) **ACCEPT** the option of an easement or licence over existing Hearson Cove Road alignment on the basis that future construction in the dedicated road reserve will be at the cost of the future developer of Site F.
 - b) **SEEK** the Department of Lands approval for a right of way easement under Section 144 of the *Land Administration Act 1997* or licence under Section 91 of the *Land Administration Act 1997* over necessary land parcels to formalise the current constructed alignment of Hearson Cove Road.
 - c) **ADVISE** Landcorp and Department of State Development and Department of Lands that future removal of the easement or licence encumbrances and any future hard surfaces on the land at Lot 537 (Site F) shall be at the cost of the developer at the time of, and in connection with construction of the alternative road in the dedicated road reserve by the developer, including intersection upgrade works.
 - d) **NOTE** that Burrup industry stakeholders and the Department of Parks and Wildlife will be consulted prior to road construction regarding opportunities for cost sharing to deliver road/ tourism infrastructure.
2. That Council by **ABSOLUTE** Majority pursuant to Section 5.42 of the *Local Government Act 1995* **RESOLVES** to **DELEGATE** to the CEO the power to undertake all necessary actions to create an easement under Section 144 of the *Land Administration Act 1997* or licence under Section 91 of the *Land Administration Act 1997* for the existing alignment of Hearson Cove Road.

11.6 ROEBOURNE STRUCTURE PLAN

File No:	LP.153
Responsible Executive Officer:	Director Development, Services
Reporting Author:	Senior Strategic Planner
Date of Report:	4 November 2013
Applicant/Proponent:	Shire of Roebourne
Disclosure of Interest:	Nil
Attachment	1. Draft Roebourne Structure Plan Precinct Plan and Summary of Key Elements

Councillors will be briefed on the draft structure plan and a full copy of the draft document will be available at the briefing session and Council meeting

PURPOSE

For Council to adopt the Roebourne Structure Plan as a non-statutory district-level structure plan for the purposes of public advertising.

BACKGROUND

Shire of Roebourne *Strategic Community Plan* recognises the town of Roebourne as having “a strong heritage flavour with a range of tourism attractions and community amenities. With a current population of 950, predominantly indigenous, Roebourne is one of the smaller towns within the Pilbara, but with revitalisation plans being developed and the growth of nature and cultural tourism it has significant potential.”

The Roebourne Structure Plan has been prepared to provide an overarching framework for the revitalisation and future development of Roebourne.

The Structure Plan describes the geographical context of the town, highlighting key environmental, social and economic aspects that require consideration by the planning system. It addresses broad land use and infrastructure matters, and establishes general principles and a design layout that will guide future development over the short, medium and longer term.

The structure plan has been prepared on the basis of a comprehensive analysis of base information and landscape elements, overlain by demographic, environmental, infrastructure and community information. The process has enabled the identification of challenges, aspirations considerations to guide the development of the Structure Plan.

Key base information studies that underpin the structure plan are:

- Roebourne Townsite Stormwater and Flood Management Plan
 - Roebourne Townsite Environmental Strategy
 - Roebourne Townsite Local Water Management Strategy
 - Roebourne Geotechnical Soil and Groundwater Investigation (draft)
 - Roebourne Water and Wastewater Services Capacity Assessment, Future Service Capacity Report
-

- Roebourne town centre structure plan traffic report
- Commercial and Retail Property Analysis of Roebourne Town

The Department of Planning funded preparation of this document through the Northern Towns Planning Program. While the content of the document will remain largely the same, the placement of the document in the WA planning framework and the implications for processing have been topics of interests (ie. whether the document should be a townsite strategy or a structure plan). Latest advice from the Department of Planning is that the WAPC's preference is for the document to be endorsed as a non-statutory district-level structure plan. To avoid major changes when the document is submitted to the WAPC for endorsement, it is important that the document aligns with the WAPC's view of where it fits in the WA planning framework. In any case, the Structure Plan will inform the Shire of Roebourne Local Planning Strategy and ultimately the Scheme review, and will guide future land use and development in and around Roebourne.

The Structure Plan can also help inform decisions regarding infrastructure investment, asset management and community services as part of reviewing Business Plans and Operational Plans, not just for the Shire but for other organisations that have a stake in Roebourne's future development.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy *CE-8 Significant Decision Making Policy*, this matter is considered to be of high significance in terms of social, cultural and environmental issues and values as it assists in bringing together a community vision for Roebourne and establishing a plan for achieving that vision, primarily through decisions on land use and development.

COUNCILLOR/OFFICER CONSULTATION

Officer consultation has occurred throughout the development of the Roebourne Structure Plan. Further consultation will occur during the public advertising period.

COMMUNITY CONSULTATION

The Structure Plan has been developed through a comprehensive process of community consultation. In accordance with the Shire's policy *CE-9 Consultation*, the Shire has collaborated with the community on this project. This process included site visits, workshops and meetings with both the community and key stakeholders to develop a number of options for the future of the Roebourne townsite and then refine these options to develop the Plan.

The Shire engaged an experienced specialist in indigenous consultation and wider stakeholder consultation to lead, drive and engage with the Roebourne community, Government agencies, elected members and other stakeholders via a clearly defined and managed consultation process to deliver a structure plan supported by all key stakeholders. This process developed a strong community vision for the town, known as Yirramagardu (Ngarluma), focussing on the town's sense of place and informed by its rich history and strong traditional and contemporary culture.

Consultation to date has been focused on contributing to development of the Structure Plan. Once a Structure Plan document is adopted, the document should be publicly advertised to give people the opportunity to view and comment on the outcome of that work. The Structure Plan will be presented back to Council following public advertising to consider any submissions before being forwarded to the WAPC for endorsement.

STATUTORY IMPLICATIONS

While the Roebourne Structure Plan itself will be a non-statutory structure plan, it will provide an important input for the Local Planning Strategy, which is currently being prepared, and planning scheme review process which is likely to begin early 2014/15.

POLICY IMPLICATIONS

The Roebourne Structure Plan makes recommendations for the preparation of Local Planning Policies for individual precincts that carry forward the key design recommendations of the structure plan for each of those precincts. The Shire has already commenced preparation of a precinct plan for the Community & Education Precinct (also on this agenda).

FINANCIAL IMPLICATIONS

There are no financial implications at this stage. Financial implications will be considered in more detail when the Structure Plan is presented back to Council for final adoption in terms of how it influences the Shire's future infrastructure investment, asset management and community service delivery through review of Business and Operational Plans.

STRATEGIC IMPLICATIONS

This item is relevant to the Council's approved Strategic Community Plan 2012-2022 and Corporate Business Plan 2012-2016. In particular the Operational Plan 2013-2014 provided for this activity to be delivered in 2014:

- | | | |
|--------------|-----------|---|
| Our Projects | 1.a.4.1.1 | Roebourne Structure Plan - Complete the Roebourne Structure Plan by June 2014. |
| | 1.e.1.1.1 | Roebourne Structure Plan - Progress development of Structure Plans for Roebourne, Point Samson, and Dampier by June 2014. |

Other linked programs and services are:

- | | | |
|---------------|-----------|---|
| Our Programs: | 1.a.4.1 | Plan for provision of natural, active and passive open spaces in urban areas. |
| | 1.e.1.1 | Prepare structure plans for all urban areas in the Shire. |
| Our Services: | 1.a.4.1.1 | Incorporate best practice principle for open space provision into the Local Planning Strategy, Structure and Development Plans.- Complete the Roebourne Structure Plan. |
| | 1.e.1.1.1 | Prepare and review structure plans for suburbs and growth areas - Progress development of Structure Plans for Roebourne, Point Samson, Dampier and Mulataga. |

RISK MANAGEMENT CONSIDERATIONS

Storm surge and flood risk has been investigated and this provides a better understanding of risks based on current information and has resulted in amendments to the Scheme being prepared to set more appropriate development standards than currently exist.

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation. Resources will be allocated as part of budgetary planning processes.

RELEVANT PRECEDENTS

Karratha City of the North (KCN) is a similar non-statutory planning document endorsed by the WAPC. The Vision from KCN as well as the Vision and many other components of the Roebourne Structure Plan will provide valuable input for the Shire of Roebourne Local Planning Strategy and Scheme review.

VOTING REQUIREMENTS

Simple Majority

OPTIONS:

Option 1

As per Officer’s recommendation.

Option 2

That Council by SIMPLE Majority pursuant to Section 3.18 of the *Local Government Act 1995* RESOLVES to NOT ADOPT the Roebourne Structure Plan for the following reasons:

- a. _____; and
- b. _____.

CONCLUSION

The need to revitalise the town of Roebourne has been recognised in a number of the Shire’s strategic documents. The Roebourne Structure Plan supports implementation of the Local Planning Strategy by providing a greater level of detail to guide investment and planning within the townsite. The Structure Plan also provides important input for the Scheme review.

The Structure Plan is based on detailed technical investigations and current environmental, cultural, social and economic information relevant to the future revitalisation of the town. The Structure Plan has been prepared in collaboration with key stakeholders and the community. It represents a vision for the town that is supported by the community. Implementing this vision will require shared commitment from the Shire and other key stakeholders.

The Roebourne Structure Plan should be adopted for public advertising for a minimum period of 28 days.

OFFICER’S RECOMMENDATION

That Council by SIMPLE Majority pursuant to Section 3.18 of the *Local Government Act 1995* RESOLVES to ADOPT the Roebourne Structure Plan for public advertising for a minimum period of 28 days, closing 3 January 2014.

11.7 AMENDMENTS TO DELEGATED AUTHORITIES FOR BUILDING SERVICES

File No:	CM.112
Responsible Executive Officer:	Director Development Services
Reporting Author:	Manager Regulatory Services
Date of Report:	30 October 2013
Applicant/Proponent:	Nil
Disclosure of Interest:	Nil
Attachment(s)	Nil

PURPOSE

For council to amend the delegated authority register to reflect changes in the structure of Building Services.

BACKGROUND

At its August 2013 meeting, Council determined that it would amend the structure of the Building Service unit to reflect the change in level of service whereby the Shire would only provide a certification service for Class 1 and 10 buildings (these being residential housing and associated structures).

As part of the change of structure, the position of Manager Building Services was amalgamated into the current Manager Regulatory Services position, and the new position of Building Application Administrator created. The current delegated authority register therefore needs to be amended to reflect these changes. In the case of the Building Application Administrator, the delegations are required to enable them to perform their role.

The following delegations require amendment to replace the position “Manager Building Services” with “Building Application Administrator”, and include “Manager Regulatory Services” where there is no existing delegation to this position.

Delegation Number	Delegation Type	Delegation title
3	Authorisation from the Local Govt.	Caravan Parks and <i>Camping Grounds Act 1995</i> – Authorised persons
4	Authorisation from the Local Govt.	Service of infringement notices under the <i>Caravan Parks and Camping Grounds Act 1995</i> – Authorised persons
10	Authorisation from the Local Govt.	<i>Building Act 2011</i> – Authorised persons (including those appointed for the inspection of swimming pools)
11	Authorisation from the Local Govt.	Service of infringement notices under the <i>Building Act 2011</i> – Authorised Officers
6	Authorisation from CEO	Local Laws – Authorised persons and service of infringement notices
17	Delegation	Functions of local government under local laws
18	Delegation	<i>Local Government Act 1995</i> – Power to enter land, premises or thing with notice or in an emergency

Delegation Number	Delegation Type	Delegation title
19	Delegation	Local Government Act 1995 – Power to require certain things to be done by owner/occupier of land/power to do things on land not owned by local government
27	Delegation	Building Permits under the <i>Building Act 2011</i>
28	Delegation	Demolition Permits under the <i>Building Act 2011</i>
29	Delegation	Occupancy Permits and Building Approval Certificates under the <i>Building Act 2011</i>

LEVEL OF SIGNIFICANCE

In accordance with Council Policy *CE-8 Significant Decision Making Policy*, this matter is considered to be of high significance in terms of Council's ability to perform its role.

COUNCILLOR/OFFICER CONSULTATION

No Councillor or Officer consultation is required.

COMMUNITY CONSULTATION

No community consultation is required.

STATUTORY IMPLICATIONS

To enable the Shire's Building Approvals Administrator to undertake the role to which they have been employed, several Acts and Regulations require that this person be authorised or provided with delegated authority to conduct these works.

POLICY IMPLICATIONS

There are no policy implications.

FINANCIAL IMPLICATIONS

There are no financial implications.

STRATEGIC IMPLICATIONS

This item is relevant with the Council's approved Strategic Community Plan 2012-2022 and Corporate Business Plan 2012-2016. In particular the Operational Plan 2013-2014 provided for this activity:

- | | | |
|---------------|-----------|--|
| Our Program: | 4.b.1.4 | Conduct assessments of all building, health and ranger related applications and issue permits and approvals in accordance with legislative requirements. |
| Our Services: | 4.b.1.4.1 | Assess all applications within statutory timeframes. |

RISK MANAGEMENT CONSIDERATIONS

There are no risk management considerations applicable.

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

RELEVANT PRECEDENTS

There are no relevant precedents related to this matter, however the Shire regularly reviews and updates the Delegated Authority register.

VOTING REQUIREMENTS

Absolute Majority

OPTIONS:Option 1

As per Officer's recommendation.

Option 2

That Council by ABSOLUTE Majority pursuant to Section 5.16, 5.42 and 5.46 of the *Local Government Act 1995* RESOLVES to amend the Delegated Authority Register, replacing the position "Manager Building Services" with "Building Assessment Administrator", where the Manager Building Services currently has delegation or authorisation.

Option 3

That Council by ABSOLUTE Majority pursuant to Section 5.46 of the *Local Government Act 1995* RESOLVES to retain the delegated Authority register in its current form.

CONCLUSION

Modifications to the structure and levels of service of the Building Service unit have necessitated amendments to the Delegated Authority Register. Failure to do so will result in the newly appointed Building Assessment Administrator being unable to fulfil the role they have been employed for.

OFFICER’S RECOMMENDATION

That Council by ABSOLUTE Majority pursuant to Section 5.16, 5.42 and 5.46 of the *Local Government Act 1995* RESOLVES to:

1. AMEND the Delegated Authority Register, replacing the position “Manager Building Services” with the position “Building Assessment Administrator” in the following:-

Delegation Number	Delegation Type	Delegation title
3	Authorisation from the Local Govt.	<i>Caravan Parks and Camping Grounds Act 1995 – Authorised persons</i>
4	Authorisation from the Local Govt.	Service of infringement notices under the <i>Caravan Parks and Camping Grounds Act 1995 – Authorised persons</i>
10	Authorisation from the Local Govt.	<i>Building Act 2011 – Authorised persons (including those appointed for the inspection of swimming pools)</i>
11	Authorisation from the Local Govt.	Service of infringement notices under the <i>Building Act 2011 – Authorised Officers</i>
6	Authorisation from CEO	Local Laws – Authorised persons and service of infringement notices
17	Delegation	Functions of local government under local laws
18	Delegation	<i>Local Government Act 1995 – Power to enter land, premises or thing with notice or in an emergency</i>
19	Delegation	<i>Local Government Act 1995 – Power to require certain things to be done by owner/occupier of land/power to do things on land not owned by local government</i>
27	Delegation	Building Permits under the <i>Building Act 2011</i>
28	Delegation	Demolition Permits under the <i>Building Act 2011</i>
29	Delegation	Occupancy Permits and Building Approval Certificates under the <i>Building Act 2011</i>

2. AMEND the Delegated Authority Register as listed to include the Manager Regulatory Services, where the Manager Regulatory Services is not currently included (Delegation Numbers 10, 11, 27, 28, 29).

12 STRATEGIC PROJECTS & INFRASTRUCTURE

12.1 AUSTRALIA POST ISSUES AT BAYNTON WEST

File No:	GR.69
Responsible Executive Officer:	Director Strategic Projects & Infrastructure
Reporting Author:	Manager Infrastructure
Date of Report:	15 October 2013
Applicant/Proponent:	Nil
Disclosure of Interest:	Nil
Attachment(s)	Nil

PURPOSE

To advise Council of the outcome of the public survey regarding options to remedy safety issues identified with mail deliveries to houses in Baynton West and to consider recommendations for remediation works.

BACKGROUND

In September 2013 an information report was presented to Council regarding safety issues raised by Australian Post in relation to mail deliveries to particular addresses in Baynton West.

In summary on 1 July 2013 a meeting was held with Mr David Coburn of Australia Post and Council representative Martin Waddington to discuss safety issues identified with mail deliveries to houses in the following:

- Tharnda Road
- Warrida Street
- Marniyarra Loop
- Balyarra Parkway West
- Balyarra Parkway South
- Wagari Drive
- Bettong Bend

Houses in these areas have no linkages from the roadway to the letterboxes as all driveway access is via the rear laneway. Consequently the approach to the majority of letterboxes has a loose gravel mulch type verge enhancement and Australia Post has identified this treatment as being unsafe to traverse with the “postie” style motorbike. Australia Post has also indicated they would prefer the type of kerbing be changed from high semi mountable to a low mountable as an ingress and egress access point either end of the affected roads and the surface of the verge turned to some sort of hard rideable surface.

Australia Post indicated its preferred solution would be to reshape the kerbing, remove gravel style mulch as appropriate and install a clear hardstand pathway adjacent to dwellings on each affected road. Following a meeting with members of the Executive Management Team, the following course of action had been determined:

1. Council Officers will obtain quotes to:
 - a) Remove gravel style mulch and replace with compacted type material
 - b) Remove gravel style mulch as appropriate and installing concrete footpath to affected roads

2. Prepare correspondence providing details of both options for owners of properties affected, requesting they complete a preference survey online.
3. Report survey results back to Council with a view to implementing the preferred option.

The public survey closed on 30 September 2013 and results have now been collated. Of the 19 responses received, all choose Option 1.b to remove gravel style mulch as appropriate and install concrete footpath to affected roads.

Council Officers have estimated the cost of implementing this option is \$360K as per the table below.

Location	Length (m)	Cost
Marniyarra Loop	217	44,672.50
Bettong Bend	187	40,397.50
Balyarra Parkway West	145	36,412.50
Balyarra Parkway South	243	52,127.50
Tharnda Road	384	77,900.00
Wagari Drive	186	40,705.00
Warrida Street	168	36,140.00
Contingency		31,645
Total	1530	360,000.00

Taking into consideration LandCorp have offered to contribute 50%, reducing the net cost for Council to \$180K.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy CE-8 Significant Decision Making Policy, this matter is considered to be of low significance in terms of Council's ability to perform its role.

COUNCILLOR/OFFICER CONSULTATION

Councillors are requested to consider outcome of community survey.

COMMUNITY CONSULTATION

Consultation has taken place between Australia Post, LandCorp, Property Owners and Council Officers.

STATUTORY IMPLICATIONS

There are no statutory implications.

POLICY IMPLICATIONS

There are no policy implications.

FINANCIAL IMPLICATIONS

Council Officer estimates a total of \$360K is required to complete the preferred option. LandCorp will contribute 50% to the total cost. Council is considering a budget allocation in a further report in this Agenda. Subject to outcome of that decision, a budget amendment may or may not be required.

STRATEGIC IMPLICATIONS

This item is relevant with the Shire's approved Strategic Community Plan 2012 - 2022 and Corporate Business Plan 2012 - 2016. In particular the Operational Plan 2012-2013 provides for this activity:

Our Program:	1.a.2.4	Maintain Shire infrastructure necessary to meet the community needs.
Our Services:	1.a.2.4.1	Maintain and renew road and pathway infrastructure

RISK MANAGEMENT CONSIDERATIONS

There are no risk management considerations applicable.

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

RELEVANT PRECEDENTS

There are no relevant precedents related to this matter.

VOTING REQUIREMENTS

Simple Majority

OPTIONS:Option 1

As per Officer's recommendation.

Option 2

That Council by Simple Majority pursuant to Section 3.18 of the *Local Government Act 1995* RESOLVES to NOT ENDORSE implementation of the preferred Option 1.b as indicated by property owners.

CONCLUSION

Having regard to the safety issues raised by Australia Post in relation to mail deliveries to these properties and to ensure the continuity of services, it is recommended that Council support the preferred option as indicated by property owners. It is further recommended that Council support funding of these works through the 2013/14 budget review process.

OFFICER'S RECOMMENDATION

That Council by SIMPLE Majority pursuant to Section 3.18 of the *Local Government Act 1995* RESOLVES to:

- 1. ENDORSE implementation of the preferred option to remove gravel style mulch as appropriate and install concrete footpaths to affected roads in the following locations in Baynton West:**
 - Marniyarra Loop
 - Bettong Bend
 - Balyarra Parkway West
 - Balyarra Parkway South
 - Tharnda Road
 - Wagari Drive
 - Warrida Street
- 2. CONSIDER a budget allocation of \$360k towards these works.**

12.2 KARRATHA AIRPORT - EXPRESSION OF INTEREST FOR LEASE OF CONCESSION SPACES

File No: TT.410

Responsible Executive Officer: Director Strategic Projects & Infrastructure

Reporting Author: Airport Commercial Coordinator

Date of Report: 18 November 2013

Applicant/Proponent: Nil

Disclosure of Interest: Nil

Attachment(s) A copy of the Draft Expression of Interest: Lease of Concession Spaces will be tabled at the Council Briefing Session

PURPOSE

This report seeks Council’s endorsement to call for Expressions of Interest (EOI) to Lease the five (5) Concession sites at the upgraded Karratha Airport Terminal.

BACKGROUND

The upgrade of the Karratha Airport Terminal is part of an integrated redevelopment strategy for Karratha Airport previously approved by Council at the June 2013 Council Meeting, and consistent with the 2013-2033 Airport Master Plan and Land Use Plan.

As a result of the upgrade, five (5) new Concession spaces for retail, food and beverage outlets will be created as below:

- Café / News / Gift - 297.83m²
- Fast Food outlet - 91.55m² and 14.37m²
- Bar - 14.12m² and 6.6m²
- Duty Free - 13.92m²
- Grab and Go - 33.96m²

The proposed EOI is aimed at identifying suitable Proponents to progress for invitation to tender for these Concessions.

In order to assess the EOI, the following evaluation criteria is proposed:

	Criteria	Weighting
1.	Consideration Offered (<i>based on Minimum Guaranteed Rent and Percentage Turnover</i>) as well as the projected Tenant’s Sales and the substantiation of projections	20%
2.	Sustainability, quality and relevance of the brand/offer	20%
3.	Quality and relevance of the Concept, Concept Design and delivery	15%
4.	Quality and relevance of the Business Plan	15%
5.	Evidence of financial capability	15%
6.	Demonstrated experience in a relevant food and beverage or retail outlet(s)	15%

LEVEL OF SIGNIFICANCE

In accordance with Council Policy CE-8 Significant Decision Making Policy, this matter is considered to be of low significance in terms of Council's ability to perform its role. Once the EOI progresses to a Tender process, the matter is likely to be considered of high significance in terms of the potential to enter into partnership with the private sector to carry out significant activities at the Karratha Airport.

COUNCILLOR/OFFICER CONSULTATION

The EOI Assessment Panel to include:

- Karratha Airport General Manager
- Airport Commercial Coordinator
- Tien Tsin Inne Supervisor

COMMUNITY CONSULTATION

No community consultation is required.

STATUTORY IMPLICATIONS

The proposed Lease will be required to comply with the *Local Government Act 1995*, Section 3.58 Disposal of Property and under the management order for the site, it is a requirement that all leases are endorsed by the Minister of Lands. Advertising to dispose of the property is required.

POLICY IMPLICATIONS

Policy CE-13 Tender Evaluation criteria is applicable. Proposed criteria is not consistent with the policy and hence requires Council consideration. The proposed criteria is designed to shortlist capable organisations to delivery quality service and commercial outcomes to the airport.

FINANCIAL IMPLICATIONS

In responding to the EOI, Proponents are asked to identify their financial return to the Shire of Roebourne on the basis of a minimum guaranteed rent and percentage turnover.

STRATEGIC IMPLICATIONS

The Concession spaces to be leased are integral to the immediate foreseeable Terminal Upgrade.

This item is relevant with the Council's approved Strategic Community Plan 2012-2022 and Corporate Business Plan 2012-2016. In particular the Operational Plan 2013-2014 provided for this activity:

Our Program:	1.a.2.2	Operate Karratha Airport to achieve a Commercial outcome.
Our Services:	1.a.2.3	Provide strategic planning for the Airport

RISK MANAGEMENT CONSIDERATIONS

There are no risk management considerations applicable.

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

RELEVANT PRECEDENTS

Council has previously gone to the Market for EOI to determine levels of commercial interest in the provision of goods and services.

VOTING REQUIREMENTS

Simple Majority

OPTIONS:

Option 1

As per Officers recommendation.

Option 2

That Council by SIMPLE Majority pursuant to Section 3.58 of the *Local Government Act 1995* RESOLVES NOT to ENDORSE the calling for Expressions of Interest to Lease the five (5) Concession sites at the upgraded Karratha Airport Terminal.

CONCLUSION

An EOI for outsourcing the provision of Food, Beverage and Retail Concessions at Karratha Airport will enable a shortlist for Tender to be compiled, consistent with the 2013-2033 Airport Master Plan and Land Use Plan.

If endorsed, recommendations arising from the assessment of submissions received will be presented to Council seeking approval for Selection of Tenderer.

OFFICERS RECOMMENDATION

That Council by SIMPLE Majority pursuant to Section 3.58 of the *Local Government Act, 1995* RESOLVES to:

1. ENDORSE calling for Expressions of Interest seeking Proponents to Lease the five (5) Concession sites at the upgraded Karratha Airport Terminal; and
2. ENDORSE the Expressions of Interest Selection Criteria as follows:

	Criteria	Weighting
1.	Consideration Offered (<i>based on Minimum Guaranteed Rent and Percentage Turnover</i>) as well as the projected Tenant’s Sales and the substantiation of projections	20%
2.	Sustainability, quality and relevance of the brand/offer	20%
3.	Quality and relevance of the Concept, Concept Design and delivery	15%
4.	Quality and relevance of the Business Plan	15%
5.	Evidence of financial capability	15%
6.	Demonstrated experience in a relevant food and beverage or retail outlet(s)	15%

12.3 KARRATHA AIRPORT - LEASES FOR RENTAL CAR STORAGE

File No:	TT.410
Responsible Executive Officer:	Director Strategic Projects & Infrastructure
Reporting Author:	Airport Commercial Coordinator
Date of Report:	18 November 2013
Applicant/Proponent:	Rental Car Companies
Disclosure of Interest:	Nil
Attachment(s)	Aerial View of Proposed Lease Areas

PURPOSE

To seek Council's approval to Lease vacant land areas for storage/parking of rental vehicles in order to increase revenue and improve public parking availability.

BACKGROUND

In previous years, Rental Car companies had been storing their vehicles on surplus land leased by BP Australia Pty Ltd (Air BP) i.e. Lot 16 (LA16) at Karratha Airport. Negotiations are underway for the portion of unused BP land to be relinquished to the Shire of Roebourne as approved by Council.

Currently, Rental Car companies utilise the existing Long Term B Public Car Park under a rolling month-by-month leasing arrangement for rental car storage. Historically this causes congestion over the busy Christmas New Year period and reduces parking availability for the general public.

At the November 2012 Ordinary Council meeting, Council resolved, in part to:

1. APPROVE the offering of licences to Rental Car companies for areas of the airport currently vacant, surplus and including part area of Lot 16 (after it is relinquished by Air BP) noting that:
 - a) The proposed licence(s) be limited to a maximum of 1 year in duration and then on a month to month basis; and
 - b) The land portions be offered in their current unimproved state.

It is the intention of this report to seek approval to relocate these rental vehicles to other parcels of land on a Lease arrangement with the Rental Car companies.

Airport staff have identified seven (7) parcels of land of approx. 2,500m² that would be suitable for use (see Attachment 1). It is proposed to use this vacant land for Rental Car storage on Leases and at commercial rates. The proposed Leases would be medium term e.g. initial term of one year to two years, then on a year by year basis, so as not to impede future land development consistent with the 2013-2033 Airport Master Plan and Land Use Plan.

It is proposed the land be made available in its current unimproved state (graded earth) and not be further developed e.g. no seal; however fencing will be required at the Lessee's expense to restrict access to these unsecured land portions.

The offer to lease this vacant land will be limited to only rental car companies that operate under a rental car agreements in the current or newly upgraded Karratha Airport Terminal. The current rental car companies operating under agreement at Karratha Airport have expressed demand for stacked and overflow parking and it is anticipated that these Leases will be readily taken up.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy CE-8 Significant Decision Making Policy, this matter is considered to be of low significance in terms of Council's ability to perform its role.

COUNCILLOR/OFFICER CONSULTATION

Previous consultation on this matter occurred with the Airport Advisory Group at the meeting held on 1 December 2011.

COMMUNITY CONSULTATION

No community consultation is required.

It is noted however, that in accordance with the OCM resolution (Dec 2011) the Shire has been negotiating with Air BP and Rental Car companies. Air BP has confirmed their intention to surrender part of their leased area and Rental Car companies have confirmed their requirements for storage/parking areas for returned and stored vehicles.

STATUTORY IMPLICATIONS

There are no statutory implications.

POLICY IMPLICATIONS

There are no policy implications.

FINANCIAL IMPLICATIONS

It is anticipated that the financial return to the Shire will be increased through the establishment of this commercial arrangement with Rental Car companies, subject to Council approval.

Subject to negotiations with the prospective Lessees, the Shire proposes to target achieving a rate in excess of \$30per square metre per annum for seven (7) existing vacant parcels of land. These areas are approx. 2,500m² and will be subject to survey.

The rate per square metre per annum has been established on comparable rental rates for vacant land on the airport. For example, St Johns has agreed to establish their lease at \$35per square meter per annum noting the added benefit of their site is its airside connectivity. This airside landside benefit is considered to provide the uplift of \$5 per square metre per annum.

STRATEGIC IMPLICATIONS

Being able to offer Leased land for Rental Car vehicle storage increases commercial fixed term revenue, and decreases demand on valuable public parking areas.

Guidelines will be established ensuring minimum standards for fencing and security to ensure only authorised Rental Car vehicles and staff can access the leased areas.

This item is relevant with the Council's approved Strategic Community Plan 2012-2022 and Corporate Business Plan 2012-2016. In particular the Operational Plan 2013-2014 provided for this activity:

Our Program:	1.a.2.2	Operate Karratha Airport to achieve a Commercial outcome.
Our Services:	1.a.2.3	Provide strategic planning for the Airport

RISK MANAGEMENT CONSIDERATIONS

There are no risk management considerations applicable.

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

RELEVANT PRECEDENTS

Previously provided for in Long Term A and B, which has restricted some community use in the past during busy periods.

DELEGATED AUTHORITY

It is proposed to delegate authority to the CEO to negotiate leases with rental car companies.

VOTING REQUIREMENTS

Absolute Majority

OPTIONS:Option 1

As per Officers recommendation.

Option 2

That Council by Absolute Majority pursuant to Section 3.58 and 6.12 of the *Local Government Act, 1995* RESOLVES to NOT APPROVE the offering of Leases to Rental Car companies for areas of the airport currently vacant, surplus and part area of Lot 16;

CONCLUSION

It is recommended that rental car companies that have a rental car agreements in the current or newly upgraded Karratha Airport Terminal be offered commercially viable Leases for storage parking at commercial rates on currently vacant and surplus airport land.

OFFICERS RECOMMENDATION

That Council by **ABSOLUTE** Majority pursuant to Section 3.58 and 6.12 of the *Local Government Act, 1995* RESOLVES to:

- APPROVE** the offering of Leases to Rental Car companies for areas of the airport identified in the attachment and including part area of Lot 16 (after it is relinquished by Air BP) noting that:
 - The proposed Lease(s) be limited to a maximum of 2 years in duration and then on a year by year basis; and
 - The land portions be offered in their current unimproved state;
 - The lease fee be set at a minimum \$30 per square metre.
- ENDORSE** establishment of the above proposed Leases to the party or parties, at the negotiated rate or rates, in accordance with Council policies; and
- DELEGATE AUTHORITY** to the Chief Executive Officer to execute the Lease(s) documents upon closure of the advertising period subject to no objections being received.

12.4 DAMPIER COMMUNITY HUB CONCEPT PLAN

File No:	CP.329; CP.338
Responsible Executive Officer:	Director Strategic Projects & Infrastructure
Reporting Author:	Project Manager
Date of Report:	28 October 2013
Applicant/Proponent:	Nil
Disclosure of Interest:	Nil
Attachment(s)	1. Dampier Community Hub Concept Plan 2. Confidential – Detailed Project Budget

PURPOSE

To inform Council of the Dampier Community Hub Concept Plan drawings and to seek endorsement of future action required.

BACKGROUND

On 20 May 2013, Council endorsed the scope for the Dampier Community Hub and the Project Architect selection criteria to proceed to tender via resolution 152488, in part:

1. That Council by SIMPLE Majority pursuant to Section 3.18 of the *Local Government Act 1995* RESOLVES to:
 - a. ENDORSE the scope for the Dampier Community Hub as detailed;
2. That Council by SIMPLE Majority pursuant to Section 3.57 of the *Local Government Act 1995* RESOLVES to:
 - a. ENDORSE the Project Architect Selection Criteria as detailed below:
 - b. AUTHORISES the calling of tenders for the appointment of a Project Architect for the Dampier Community Hub project and NOTES a tender report will be brought forward to the August meeting of Council for consideration;
 - c. NOTES the insertion of project STOP/GO points in the Project Architect, Cost Manager and Independent Licenced Building Surveyor Consultancy briefs at the conclusion of the Concept Design, Pre tender and Tender Closure stages of the Dampier Community Hub project;

Subsequently, Gresley Abas Architects was appointed as Project Architect for the Dampier Community Hub.

The original program specified in the Consultancy brief for the project, called for the concept design to be submitted by 3 October 2013 and the Concept design report by 10 October to enable a review by administration, public and stakeholder consultation and report to Council at its October 2013 Council meeting.

The concept plans were presented on 3 October 2013 by the Project Architect and the Concept Design report received on 10 October 2013.

Following a review of the concept plan by the Project Reference Group (PRG), it was determined that a more comprehensive community consultation process be undertaken at the concept stage of the project with the concept plan to be submitted at the November Council meeting.

Following the first phase of consultation, the project scope was further refined and subsequently the concept plan was revised in accordance with the amendments. Based on the feedback provided on the initial concept plan, Gresley Abas have developed and presented the revised concept plan (submitted as Attachment 1) for consideration.

Project Scope Amendments

Throughout the consultation process, the project scope endorsed by Council at its 20 May 2013 meeting was refined. The following information was provided to the architects as amendments to the scope to be included in the concept planning:

The inclusion of a Coffee Hut (up to 18m²):

To facilitate the 'activation' of the Dampier Community Hub, it was strongly voiced through consultation with the Dampier Community Association and general public that a place to purchase a coffee/beverage be included within the hub.

The coffee hut has been briefed as being suitable to operate as a self service facility, or operated by the Library and/or DCA staff, or will have the potential in the longer term to operate commercially if warranted.

The coffee hut is to be located so as to have a visual presence in the hub precinct.

Ticket Office

Through ongoing discussion on the potential use of the ticket office as identified within the initial design brief, it was determined that a 'pop up' ticketing area would be more appropriate than a purpose built facility and could be stored and located within the existing community hall facility.

This also reduces the requirement to provide additional service connections.

Combining Library and DCA/Not for Profit Spaces

Following a review of the first concept which included 5 separate buildings, the option to combine the library with the multipurpose/DCA and not for profit spaces into one building was requested to reduce capital build cost and provide greater options for facility management going forward.

Deletion of meeting Rooms

Upon review of the initial designs, a meeting room (dividable into 2 meeting areas) was deleted from the scope of works. The relocation of the playgroup from the existing community hall smaller room to the new multipurpose area will free up this smaller room to enable meetings and other activities to be held there. With the provision of 2 multipurpose rooms in the scope of the project, the rationalisation of meeting spaces was deemed appropriate.

An increase in size of the DCA office of up to 10m² was subsequently included to provide for DCA related meetings.

General Feedback

Greater provision of soft landscaping of outdoor spaces.

Vehicle access required to facilities for service and delivery vehicles.

Concept Plan

The concept design has been developed following a site visit by the architects, project initiation meeting with the PRG and a briefing workshop session with the members of the PRG, Technical Representatives from Rio Tinto, the Architects and their sub consultant team. The workshop identified constraints and opportunities of the site and confirmed the objectives of the project. The Dampier Community Hub concept provides for the following:

- 70 place Early Learning Centre;
- Refurbishment of the existing community hall, including air-conditioning, kitchen and services upgrade, replacement toilet and change rooms and some general aesthetic improvements;
- New 160m² Library to replace existing;
- Multipurpose community meeting and activity spaces to cater for existing and additional user groups;
- Offices for the Dampier Community Association and other community and/or commercial groups;
- A Coffee Hut;
- Inclusion of a centralised 'hub' component that provides for formalised and incidental meeting spaces that can be used for local events and festivals.

The facility will be required to cater for users of existing facilities as well as provide for new functions. The architects were asked to design facilities that respond to existing site conditions and take advantage of existing views on the site. To complement the built form, the creation of outdoor spaces to enhance community access and use of the facilities was required.

The concept plan has been reviewed by the client group and has been subject to further community consultation. It is considered to meet the requirements of the design brief.

Return Brief

Gresley Abas has submitted a Draft Return Brief which is inclusive of the specialist sub-consultants input into required services for the project. The Draft Report has been reviewed by the project team and has been deemed suitable for this stage of the project.

The Return Brief has outlined the approach to design and points to several key design elements:

Key Design Criteria

A briefing workshop was held by the architects with project representatives from the Shire of Roebourne and Rio Tinto to confirm the direction and vision for the project, and to ascertain specific technical considerations.

The key design criteria outlined in the project design brief was reiterated in the return brief with the built form required to respond to existing site conditions and take advantage of the existing views, weather patterns and topography. The building should recognise the strategic vision for the future of Dampier and be designed for a 50 year lifespan. The design should minimise ongoing maintenance cost and provide sufficient documentation to ensure ease of operation.

Site issues/constraints

The key constraint of the site is the available area of developable land in consideration of the existing car park, hall and rocky outcrop. These features identify a band of existing developable land that runs diagonally across the site from South East to North West.

The fall across this section of the site is approximately 3 metres.

Contract – STOP/GO Point

The Project Architect and the Quantity Surveyor/Cost Manager have been engaged under AS4122-2010 General Conditions of Engagement for the appointment of Consultants.

In order to enable Council to determine the various contracts in the event that it resolves not to proceed with the overall project, STOP/GO points have been provided for at the conclusion of the

- Concept Planning Stage
- Pre-Tender Estimate Stage
- Consideration of Tenders

Continuation of the project beyond this current concept planning stage will require execution of the next phase of the contract for both the Project Architect and the Cost Manager/Quantity Surveyor.

Project timetable

A draft project timetable has been developed following the decision to submit the concept design to November:

Event/Task	Completion
Schematic Design	23 December 2013
Development Application Submitted	17 January 2014
Design Development	28 March 2014
Documentation	11 July 2014
STOP GO POINT – Pre Tender Estimate	July 2014

LEVEL OF SIGNIFICANCE

In accordance with Council Policy CE-8 Significant Decision Making Policy, this matter is considered to be of high significance in terms of the future social and cultural well being of the residents of Dampier as it relates to the construction of significant community infrastructure in their community.

COUNCILLOR/OFFICER CONSULTATION

The PRG has been established to have overview of the design and documentation and the construction process. The PRG comprises of several officers, Rio Tinto representatives and two (2) nominated councillors.

COMMUNITY CONSULTATION

Community consultation has occurred on the concept iterations provided to date. Targeted consultation of existing and potential users of the facilities has occurred and two (2) separate opportunities for the Dampier Community to provide their feedback has been offered.

Targeted Consultation:

The Dampier Community Association
 Local Childcare providers
 Dampier Playgroup Association
 Library Staff
 Dampier Ward Councillors
 Rio Tinto staff

General Community

Dampier Markets – 6 October 2013
 Dampier Primary School Fete – 26 October 2013

Feedback obtained through the consultation sessions has been incorporated into the concept design.

A full communication plan has been developed for this project and further consultation has been planned for the next phases of the project development.

STATUTORY IMPLICATIONS

The Dampier Community Hub project will require the design development to reflect and implement all the requirements of legislation and regulations applicable to a public building.

POLICY IMPLICATIONS

Council Policy CS12 – Public Art Policy:

An allocation of funds for public art is to be included within each new development of redevelopment of a Council capital works project of a size valued above \$1M.

Up to 2% of the intended construction cost of each Council capital works project (valued at \$1M or more) will be allocated to public art. These funds are to be incorporated by Council in the Project budget and primarily used for the specific artistic component of the project.

Currently 1% of the projected construction costs have been allocated to public art.

FINANCIAL IMPLICATIONS

Project Budget

An indicative project budget was developed prior to the tender for the project architect established on the design brief developed for the project. Based on the estimated Perth construction cost of \$7,565,000, the draft project budget was developed inclusive of a Pilbara contingency, design and construction contingencies, public art, fit out, provision for cost escalation and internal project costs.

Cost Plan

Donald Cant Watts Corke (DCWC) will provide a revised Cost Plan for the project based on the concept plan presented, which will tabled at the briefing session.

Project Funding

Presently confirmed funding for the project is summarised below:

Approved Funding	
Rio Tinto	9,400,000
Royalties for Regions	6,500,000
Total approved funding	\$15,900,000

Additionally Council Officers are preparing a further application to Lotterywest, due for submission in December 2013.

Council’s Long Term Financial Plan provides for a \$1M financial contribution toward this infrastructure project, to be primarily attributed towards the relocation and rejuvenation of the Dampier Library.

Cost to next stage

An amount of \$1,316,614 has been allocated within the 2013/2014 budget. An anticipated final cost for the completion of the Concept Stage is \$158,900 with the remaining amount allocated to the progression of the schematic, design development and documentation of the project. No further adjustment to the 2013/2014 budget would be required to authorise the continuation of the project beyond this current concept planning stage.

If Council endorse the concept plan as recommended, the budget will be further refined as the detail of the project is developed.

STRATEGIC IMPLICATIONS

This item is relevant with the Council’s approved Strategic Community Plan 2012-2022 and Corporate Business Plan 2012-2016. In particular the Operational Plan 2013-2014 provides for this activity:

Our Program:	1.d.2.2	Develop and implement strategic partnerships that assist in the provision of community infrastructure and service delivery
Our Services:	1.d.2.2.3	Develop and implement Dampier Community Hub Agreement

RISK MANAGEMENT CONSIDERATIONS

The Shire has entered a partnership agreement with Rio Tinto for the delivery of the Dampier Community Hub Project. Rio Tinto has committed funds to the project. The Shire has committed to the project management of the project. The existing Dampier Library has been identified to be demolished and a new library facility constructed. The existing Dampier Community Hall is to undergo an upgrade. Additionally, new community facilities will be constructed on the site.

The project calls for the relocation and accommodation of existing users groups where possible during the construction works.

A risk plan has been developed for the project and will be monitored by the Project Control Group throughout the project development.

IMPACT ON CAPACITY

The project will be overseen by the Director Strategic Projects and Infrastructure. The Manager Leisure Services is the Project Client. An internal Shire Project Reference Group has been established consisting of Councillors, internal Shire staff and Rio Tinto personnel to provide input into the design process and be responsible for all works necessary for the project deliverables.

The Project Superintendent role will be performed by Strategic Projects Project Manager.

Additional Shire staff input will be required at various stages throughout the project. This has been considered and planned for in the Project Management Plan.

RELEVANT PRECEDENTS

The Shire has successfully completed a number of construction projects in recent years.

VOTING REQUIREMENTS

Simple Majority

OPTIONS:Option 1

As per Officer's recommendation.

Option 2

That Council by Simple Majority pursuant to Section 3.57 of the *Local Government Act 1995* RESOLVES to NOT endorse the concept plan at this time and requests that further concept design modifications be considered and the plan be resubmitted at the December Council Meeting.

CONCLUSION

At the May 2013 Council meeting, Council endorsed the progression of the concept design phase of the Dampier Community Hub project. A Project Architect and Cost Manager/Quantity Surveyor were appointed.

The Project Architect prepared a concept plan which was reviewed by the PRG and was subject to community consultation. A further concept plan was developed following the feedback provided. The revised concept plan has been reviewed against the design brief, operational requirements and the feedback provided on the initial plan and is considered to meet the requirements as set out.

This report sets out a series of recommendations to progress the Dampier Community Hub project to the next design phase.

OFFICER'S RECOMMENDATION

That Council by SIMPLE Majority pursuant to Section 3.18 of the *Local Government Act 1995* RESOLVES to:

1. **ENDORSE** the Concept Design for the Dampier Community Hub as depicted in drawing as Attachment 1, including scope changes as detailed in this report; and
2. **AUTHORISES** the Dampier Community Hub project to advance to the Schematic/Design Development and Documentation stage.

13.8 WASTE SERVICES DATA

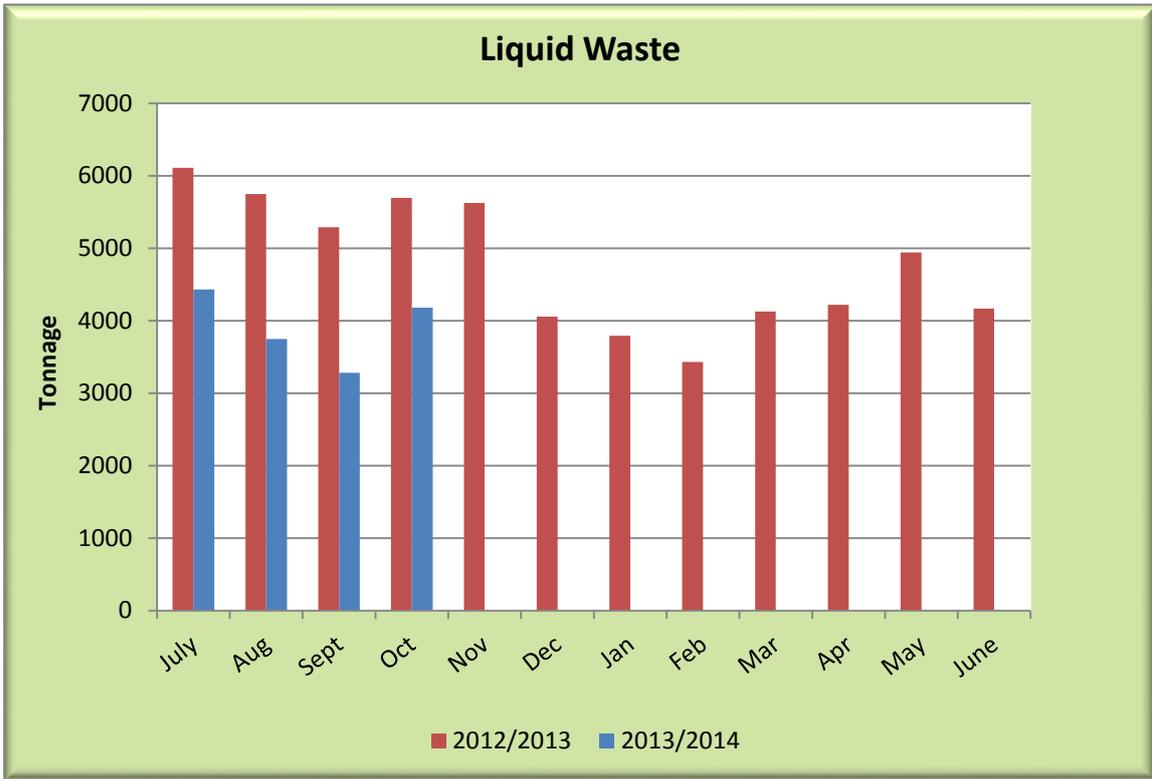

File No: WM.2
Responsible Executive Officer: Director Strategic Projects & Infrastructure
Reporting Author: Waste Services Office Supervisor
Date of Report: 1 November 2013
Disclosure of Interest: Nil
Attachment(s) Nil

PURPOSE

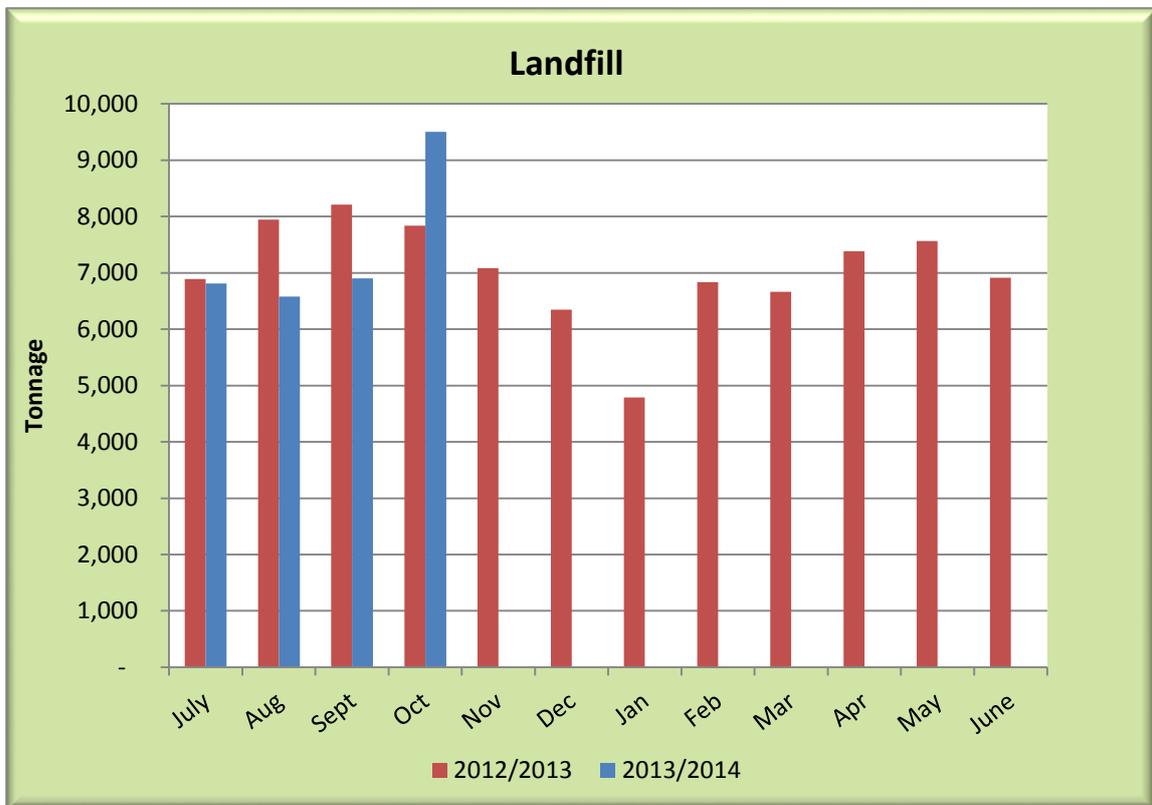

To provide an illustration of Waste Services data collected for the current month, including a comparison with the 2012/13 financial year data.

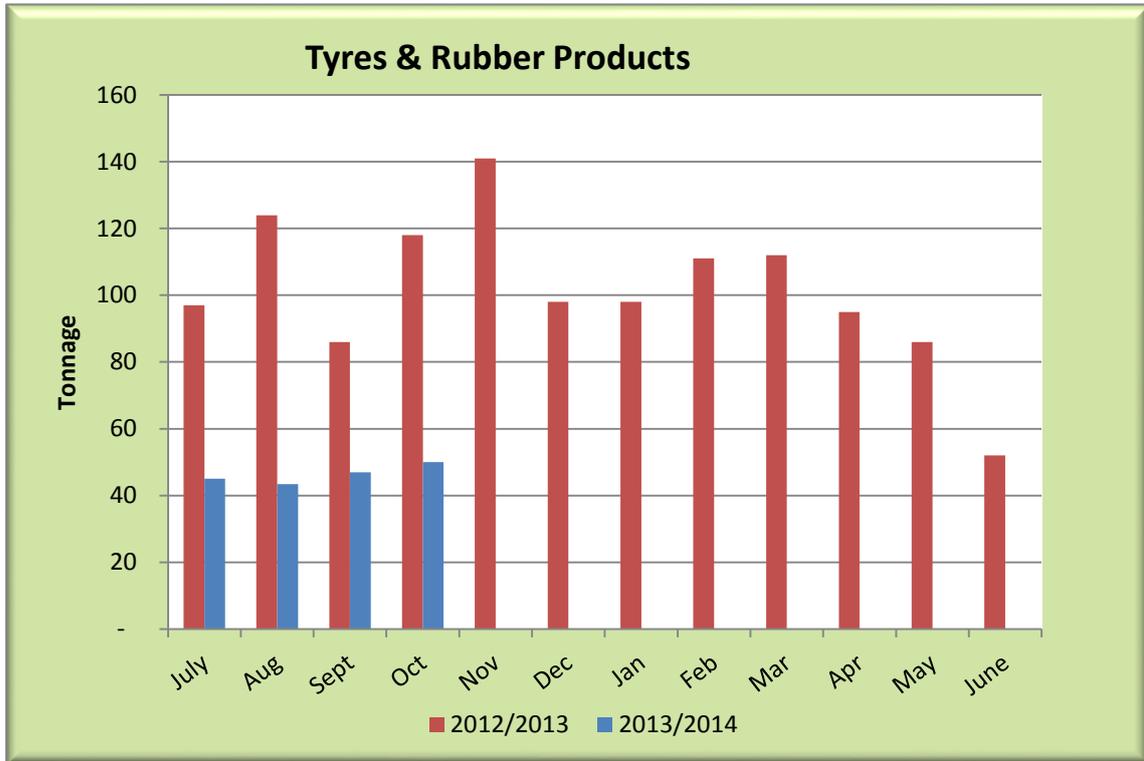

Street Litter collected from Karratha, Dampier, Roebourne, Wickham, Cossack and Point Samson and delivered to the 7 Mile Waste Facility

Liquid Waste delivered to the 7 Mile Waste Facility

Total waste, excluding liquid waste and clean fill, delivered to the 7 Mile Waste Facility. Significant increase of Contaminated Soil volumes received for the month of October.

Tyres and Rubber products delivered to the 7 Mile Waste Facility. Noted reduction in the year to date volumes potentially as a consequence of introducing new fees and charges which subsequently reduces the impact on landfill.

13.9 FUTURECLUBS PROGRAM

File No:	RC.91
Responsible Executive Officer:	Director Community Services
Reporting Author:	Club Development Officer
Date of Report:	1 November 2013
Disclosure of Interest:	Nil
Attachment(s)	1. Incentive Scheme Brief 2. Futureclubs Survey Results

PURPOSE

To inform Council of the FUTURECLUBS Incentive Scheme and results of the Community Sport Survey 2013.

BACKGROUND

Administered by the Club Development Officer (CDO), FUTURECLUBS is the Club Development Program for the Shire of Roebourne. This program aims to assist sport and recreation clubs and associations throughout the Shire with their continued development and growth.

FUTURECLUBS Incentive Scheme

A portion of FUTURECLUBS is to involve an incentive based scheme where clubs that meet set criteria surrounding club governance, management and administration can receive tangible and intangible benefits. One such benefit is the club gaining recognition as a 'Future Club', where a certificate and information page will be awarded to the club for use with sponsorship proposals and funding applications. The aim is to give businesses and funding bodies extra incentive to consider a clubs application for support. The CDO will assess a clubs current position against predetermined criteria and approve or make recommendations/provide assistance as required. Please refer to attached Incentive Scheme Brief for more information.

Community Sport Feedback 2013

A Community Sport Survey was conducted by the FUTURECLUBS program between 24 July and 3 September 2013 and distributed to 274 contacts from local sport clubs and associations known to the Club Development Officer. Brief details on results are attached.

Feedback relating to the Incentive Scheme found that the majority of respondents would prefer a monetary contribution for their club/association to put towards facilitating coaching and/or officiating courses for members, as recognition for participating in the FUTURECLUBS Incentive Scheme.

CONCLUSION

Officers propose to inform and educate local businesses of the scheme so they understand the value that a FUTURECLUBS certificate holds when presented by a sporting group seeking sponsorship.
