## DECLARATION OF INTERESTS (NOTES FOR YOUR GUIDANCE) (updated 13 March 2000)

A member who has a **Financial Interest** in any matter to be discussed at a Council or Committee Meeting, which will be attended by the member, must disclose the nature of the interest:

- (a) In a written notice given to the Chief Executive Officer before the Meeting or;
- (b) At the Meeting, immediately before the matter is discussed.

A member, who makes a disclosure in respect to an interest, must not:

- (c) Preside at the part of the Meeting, relating to the matter or;
- (d) Participate in, or be present during any discussion or decision-making procedure relative to the matter, unless to the extent that the disclosing member is allowed to do so under Section 5.68 or Section 5.69 of the *Local Government Act 1995*.

### NOTES ON FINANCIAL INTEREST (FOR YOUR GUIDANCE)

The following notes are a basic guide for Councillors when they are considering whether they have a **Financial Interest** in a matter. I intend to include these notes in each agenda for the time being so that Councillors may refresh their memory.

1. A Financial Interest requiring disclosure occurs when a Council decision might advantageously or detrimentally affect the Councillor or a person closely associated with the Councillor and is capable of being measure in money terms. There are exceptions in the *Local Government Act 1995* but they should not be relied on without advice, unless the situation is very clear.
2. If a Councillor is a member of an Association (which is a Body Corporate) with not less than 10 members i.e. sporting, social, religious etc), and the Councillor is not a holder of office of profit or a guarantor, and has not leased land to or from the club, i.e., if the Councillor is an ordinary member of the Association, the Councillor has a common and not a financial interest in any matter to that Association.
3. If an interest is shared in common with a significant number of electors or ratepayers, then the obligation to disclose that interest does not arise. Each case needs to be considered.
4. If in doubt declare.
5. As stated in (b) above, if written notice disclosing the interest has not been given to the Chief Executive Officer before the meeting, then it **MUST** be given when the matter arises in the Agenda, and immediately before the matter is discussed.
6. Ordinarily the disclosing Councillor must leave the meeting room before discussion commences. The **only** exceptions are:
  - 6.1 Where the Councillor discloses the **extent** of the interest, and Council carries a motion under s.5.68(1)(b)(ii) or the *Local Government Act*; or
  - 6.2 Where the Minister allows the Councillor to participate under s5.69 (3) of the *Local Government Act*, with or without conditions.

### INTERESTS AFFECTING IMPARTIALITY

**DEFINITION:** *An interest that would give rise to a reasonable belief that the impartiality of the person having the interest would be adversely affected, but does not include an interest as referred to in Section 5.60 of the 'Act'.*

A member who has an **Interest Affecting Impartiality** in any matter to be discussed at a Council or Committee Meeting, which will be attended by the member, must disclose the nature of the interest;

- (a) in a written notice given to the Chief Executive Officer before the Meeting; or
- (b) at the Meeting, immediately before the matter is discussed.

### IMPACT OF AN IMPARTIALITY CLOSURE

There are very different outcomes resulting from disclosing an interest affecting impartiality compared to that of a financial interest. With the declaration of a financial interest, an elected member leaves the room and does not vote.

With the declaration of this new type of interest, the elected member stays in the room, participates in the debate and votes. In effect then, following disclosure of an interest affecting impartiality, the member's involvement in the Meeting continues as if no interest existed.

This table shows a surplus position of \$44.3m, a positive variance of \$14m compared to the budgeted surplus position of \$30.3m, which reflects timing of transactions associated with projects and grant funding. **PURPOSE**

For Council to consider the schedule of dates for Council meetings from January 2023 to December 2023.

**BACKGROUND**Council Meetings

At the end of each calendar year, Council is required to consider arrangements for each Ordinary Council Meeting (**OCM**) for the next year in order to provide public notice of dates, times and venues for meetings.

In 2022 Council scheduled its OCMs to be held in Karratha on the fourth Monday of each calendar month with the exception of the following:

<b>Month</b>	<b>Timing</b>
January	Held on the last Monday in January owing to the holiday period and the Australia Day public holiday.
April	Held on the last Tuesday owing to the Easter Monday holiday.
May	Held on the last Monday in May to negate the need to convene a Special Council Meeting ( <b>SCM</b> ) to consider community submissions received following the advertising of proposed differential rates.
June	Held on the last working day of June in order to have the budget approved to commence the new financial year.
September	Held on the third Monday owing to the school holiday period.
November	Held on the third Monday to allow a buffer between the November and December meetings.
December	Held on the second Monday owing to the holiday period.

A similar schedule of meetings is proposed for 2023, with meetings commencing at 6pm to strike a balance between work and family commitments, and to maximise opportunity for elected members and the public to attend.

General Meeting of Electors

A general meeting of electors is to be held once every financial year not more than 56 days after Council accepts the annual report for the previous financial year. Council has historically held this meeting immediately prior to the December OCM. More recently the Annual Electors' Meeting has been delayed allowing for the annual audit to be finalised by the Office of the Auditor General (**OAG**). This will be the case again in 2022, however the 2023 Annual

Electors' Meeting is tentatively scheduled to be held at 5.30pm, immediately prior to the 11 December 2023 OCM subject to the annual audit being finalised by the OAG.

### Councillor Briefing Sessions

In addition to the OCMs, briefing sessions are held each month. Currently briefing sessions are held on the Monday a week prior to the OCM so that Councillors can be briefed on current activities, future initiatives, strategic issues, the forthcoming agenda and any contentious issues. These sessions are considered extremely valuable in terms of allowing staff and external parties to brief Councillors and ensuring that Councillors have an opportunity for input early in the deliberative process. It is proposed to continue the current arrangements for Briefing Sessions, with no Briefing Session scheduled in January 2023 owing to the Christmas - New Year break.

### **LEVEL OF SIGNIFICANCE**

In accordance with Council Policy CG-8 Significant Decision Making Policy, this matter is considered to be of high significance in terms of Council's ability to perform its role.

### **STATUTORY IMPLICATIONS**

Section 5.3 of the *Local Government Act 1995* requires local governments to hold no less than four Council meetings per year. In accordance with Regulation 12 of the *Local Government (Administration) Regulation 1996*, at least once each year a local government is to give local public notice of the dates on which and the time and place at which the Ordinary Council Meetings are to be held in the next 12 months.

Section 5.27 of the Act provides for electors' general meetings.

### **COUNCILLOR/OFFICER CONSULTATION**

This matter has been discussed with Councillors at the November briefing session.

### **COMMUNITY CONSULTATION**

Community engagement activities in accordance with the iap<sup>2</sup> public participation spectrum process to inform are proposed as follows:

Who	How	When	What	Outcome
Community	Advertise in the local newspaper and on the City's website and on noticeboards.	Nov/Dec 2022	Approved schedule of Council Meeting dates for 2023	Give 12 month's local public notice of Council meeting dates

### **POLICY IMPLICATIONS**

There are no policy implications.

### **FINANCIAL IMPLICATIONS**

The proposed meeting schedule presents no significant financial implications.

### **STRATEGIC IMPLICATIONS**

This item is relevant to the Council's approved Strategic Community Plan 2020-2030 and the Corporate Business Plan 2020-2025. In particular, the Operational Plan 2022-2023 provided for this activity:

Programs/Services: 4.a.2.6 Agenda and Minutes Preparation

### **RISK MANAGEMENT CONSIDERATIONS**

There are no risk management considerations applicable.

**IMPACT ON CAPACITY**

Any variations to the meeting frequency will have an impact on the staff resourcing the Council meeting function, though this is not considered to be significant.

**RELEVANT PRECEDENTS**

Council adopted the 2022 meeting dates at the November 2021 OCM.

**VOTING REQUIREMENTS**

Simple Majority.

**OPTIONS:**Option 1

As per Officer's recommendation.

Date	Time	Location

#### **PURPOSE**

To consider a request for financial assistance (Self Supporting Loan) received from the Karratha Kats Football and Sporting Club Inc. (KKFSC).

#### **BACKGROUND**

The KKFSC was established in 1972 and has a club house located at the Kevin Richards Memorial Oval (KRMO).

At the Ordinary Council Meeting of 19 October 2020 Council endorsed the redevelopment of the KRMO and a Master Plan. Stage 1a of the Master Plan included the development of a club room facility which is now under construction.

The design of the club room includes a bar and canteen that is intended for Club and Community use and the associated fit out includes the planned installation of a cool room. The cost of the cool room falls outside of the scope of the redevelopment approved by Council. The KKFSC has raised \$45,000 towards the cost of the cool room and is seeking financial support for the balance of costs by way of a \$50,000 loan.

Without this financial assistance it is highly likely the KKFSC will be unable to fully utilise the new facilities as intended.

If Council does resolve to provide financial assistance to the KKFSC this could be effected through a Self-Supporting Loan. This presents minimal risk to the City as the KKFSC would be responsible for all payments associated with a loan taken out by the City through WA Treasury Corporation at a fixed interest rate of 4%. The KKFSC would also be required to provide security for the loan that could be used in the event of default.

#### **LEVEL OF SIGNIFICANCE**

In accordance with Council Policy CG08 Significant Decision Making Policy, this matter is considered to be of moderate significance in terms of social and economic impact.

**COUNCILLOR/OFFICER CONSULTATION**

No Councillor or Officer consultation is required.

**COMMUNITY CONSULTATION**

Given that the annual budget does not include a proposal to borrow money for this purpose, the City is required to give one month's local public notice of the proposal.

**STATUTORY IMPLICATIONS**

Sections 6.8 and 6.20 of the *Local Government Act 1995*.

**POLICY IMPLICATIONS**

Should Council agree to provide a self-supporting loan, the KKFSC will need to satisfy the assessment conditions as outlined in policy CF-18 Self-Supporting Loans Policy.

**FINANCIAL IMPLICATIONS**

If Council agrees to establish a self-supporting loan through the WA Treasury Corporation to the value of \$50,000, the full cost including interest at a fixed rate of 4% per annum could be recouped via periodic payments over a 2 year period. This would represent nil cost to the City.

**STRATEGIC IMPLICATIONS**

This item is relevant to the Council's approved Strategic Community Plan 2020-2030 and Corporate Business Plan 2020-2025. In particular the Operational Plan 2022-2023 provided for this activity in Theme 1: Our Community – Inclusive and Engaged: Projects / Actions:

- 1.a.2.6.20.1 Construct State 1a Northern Car Park and commence construction of Stage 1b Changerooms & Club Rooms as part of Kevin Richards Memorial Oval Redevelopment.

**RISK MANAGEMENT CONSIDERATIONS**

The level of risk to the City is considered to be as follows:

Category	Risk level	Comments
Health	N/A	Nil
Financial	Low	The amount is relatively low with a short repayment payment and security will be required in the event of default. There is no cost to the City.
Service Interruption	N/A	Nil
Environment	N/A	Nil
Reputation	N/A	Nil
Compliance	N/A	Nil

**IMPACT ON CAPACITY**

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

**RELEVANT PRECEDENTS**

- March 1999 Council approved the granting of a self-supporting loan to the Karratha & Districts Chamber of Commerce & Industry (KDCCI), up to the value of \$250,000 to enable the KDCC to purchase office space;
- March 2016 Council approved the granting of a self-supporting loan to the Karratha Country Club Inc (KKC), up to the value of \$475,616 to consolidate and repay debt that the current Board had inherited.

**VOTING REQUIREMENTS**

Absolute Majority.

**OPTIONS:**Option 1

As per Officer's recommendation.

Option 2

That Council by SIMPLE Majority pursuant to Section 3.18 of the *Local Government Act 1995* RESOLVES to NOT PROVIDE financial assistance to the Karratha Kats Football and Sporting Club Inc.

Option 3

That Council by ABSOLUTE Majority pursuant to Section 6.8 and 6.20 of the *Local Government Act 1995* RESOLVES to PROVIDE financial assistance to the Karratha Kats Football and Sporting Club Inc. on the following basis:

- a) \_\_\_\_\_
- b) \_\_\_\_\_

**CONCLUSION**

The KKFSC is seeking assistance from the City to enable the club to install a cool room at the newly constructed KRMO club room. A self-supporting loan will ensure the maximum community benefit from the bar and canteen facilities at the club room with minimal risk and no cost to the City.

3. **Site Area:** 2.36ha

4. **General description of the site:** Located on the corner of Wickham Drive and Mulga Way, approx. 310 metres west of Point Samson-Roebourne Road. The site comprises of an existing workforce accommodation camp with 302 accommodation rooms, two laundry rooms, an ice room, recreation room, locker room, existing office building and gymnasium, with car parking along the northern side of the site.
5. **Current development/use:** The development is approved as 'Workforce Accommodation'.
6. **Brief description of the proposed development:** The application is seeking to amend Condition 2 of the existing approval (DA16/153), which applied a five-year expiry to the approval, with the use to cease by 22 December 2022. The applicant is seeking to extend the approval for a further five years until 22 December 2027.
7. **Applicable Zoning:** The site is located within the 'Town Centre' zone.
8. **Land use permissibility:** 'Workforce Accommodation' is an 'A' use within the Town Centre zone. It is noted that the application does not seek to alter the existing approved use, rather to extend the time limited approval for a further five years.

#### Previous Development Approvals

In March 2007, a temporary 74-person Workforce Accommodation camp was approved under delegation on the Wickham Village site for a period of five years (1647D).

In December 2010, Council approved an expansion of Wickham Village by 158 rooms to accommodate up to a total of 232 occupants to cater for fly-in, fly-out (FIFO) construction workers engaged in Wickham redevelopment works (P2358). Due to the temporary nature of the development, its built form typology (dongas) and its location within the Town Centre zone, Council only extended the time limited approval until December 2016.

In October 2016, Council issued a further one-year extension until December 2017 (P2358) to allow for Rio Tinto to consider its future needs for the site in the context of its overall accommodation strategy for Wickham. A further five-year extension was approved by Council in January 2017. This approval increased the total number of rooms on-site to 302. To justify the extension and the expansion, Rio Tinto cited the need for the facility due to closure of the nearby Birra Birra camps.

#### **OFFICER COMMENT**

Council's adopted Workforce Accommodation Local Planning Policy (LPP) DP10 requires proponents to demonstrate need in order to gain approval for workforce accommodation. Rio Tinto has indicated that Wickham Village accommodates FIFO workers on short term maintenance shutdowns and projects that push demand for workforce accommodation rooms above the capacity of the permanent workforce accommodation developments at Cajuput Villas and Wickham Lodge.

A number of projects are planned through to the end of 2024 that were previously deferred due to COVID-19 restrictions. From 2025 until the end of 2027, Rio Tinto's projections indicate that Wickham Village will still be required to meet peak forecast demand for maintenance shutdowns and projects associated with Cape Lambert operations. Alternative workforce accommodation is further away and would require more travel to get workers to and from site.

While the information provided by Rio Tinto is considered to adequately demonstrate the need for Wickham Village to operate for a further five years, the amount of FIFO

accommodation in Wickham arguably represents a relative loss to services and amenity for the local community.

DP10 requires any workforce accommodation application to be accompanied by a Social Impact Assessment and Social Impact Management Plan (SIMP). A SIMP was prepared to support the introduction of Wickham Lodge and Cajuput Village in 2011. While a separate SIMP has not been prepared for this application, a report has been provided that reviews the 2011 SIMP. That report provides an update on implementation of recommended actions. City officers requested this report to get up-to-date information on the number of FIFO workers, the number of residential employees and the impacts this is having on Wickham.

The SIMP review report demonstrates that Rio Tinto has been progressing most recommended actions under the 2011 SIMP. The SIMP review report includes an updated survey of Wickham-based FIFO workers. Key insights provided by the survey results include:

- Increase in average FIFO spend to \$108.25 per week, equating to \$1,850,906 per annum.
- 54.3% of FIFO residents in Wickham used at least one community facility outside of their FIFO village.
- Reduction in the interest in changing from FIFO roles to Wickham residential roles from 40% in 2011 to 24% in 2022.

Rio Tinto has advised that it is in the process of refurbishing sixty of its houses in Wickham, which will see twenty currently out-of-service houses available for occupation. Rio Tinto has also recently agreed to make available to the City six lots in Wickham South for service workers. While it is noted that these initiatives should help contribute to a more sustainable local community and economy, as a proportion of the community, FIFO's still represent approximately 35% of the Wickham population when Cajuput Villas and Wickham Lodge are fully occupied.

FIFO workers make a lesser contribution to the local community and economy than residential workers. As such, it is important that the City considers ways to offset compromises for the host community through improvements that can be made as part of workforce accommodation developments. In that respect, the proposed extension of time is predicated on concurrent upgrades to building facades and fencing, enhanced landscaping and the construction of a footpath from the corner of Wickham Drive and Mulga Way to the south and then west, to provide a better connection to the Wickham Shopping Centre. Upgrades to landscaping is focused on the verge at the corner of Wickham Drive and Mulga Way to enhance the entry to Wickham. The proposed new footpath would help implement the City's 'Footpath Strategy 2018 – 2028', which recommends construction of this section of footpath. It is noted that Rio Tinto have agreed to remove the proposed 'Wickham Village' entry statement shown on the plans as it was considered unnecessary and potentially confusing given close proximity to the existing entry statement to the Wickham townsite.

Rio Tinto has also confirmed plans for staged upgrades to the appearance of the Wickham Shopping Centre. In May 2019, the City ran a Town Teams Movement community workshop in Wickham to generate ideas for the improvement of the Wickham townsite. Rio Tinto was represented at the workshop. Many of the ideas that came out of the workshop identified simple things that the community thought could be done at the Wickham Shopping Centre to improve the sense of place within town. The Outcomes Report was referred to Rio Tinto to consider. Rio Tinto has since advised that it is proceeding with the following first stage works to upgrade the appearance of the Wickham Shopping Centre:

- Cleaning up and painting walls and facades;
- Refresh signage and install new trolley rack return;

- Repairing eave sheeting;
- Replacing dented and damaged fencing;
- Relocating air-conditioning units;
- Replace staff carpark fencing with matching Colourbond and capping;
- Cleaning and painting steel cladding, handrails, posts, bollards, security gates/doors, steel portals, window, door frames and shutters (excluding the roof surface).

Rio Tinto has advised that it intends to undertake additional works in consultation with tenants, the local community and the City.

Wickham Village is the first development people see when driving into Wickham and the current appearance of the development does not contribute positively to the visual amenity of the entry to town. However, the proposed improvements to the public interfaces of the development and upgraded landscaping will assist in improving the visual appearance of the entry to Wickham. In addition, the plans to improve the appearance of the Wickham Shopping Centre will contribute to improving the appearance and vitality of the Wickham Town Centre.

Noting the discussion above, the City encourages consideration by Rio Tinto of a more appropriate development on this site in the longer-term and flags that should an amendment to the existing approval be issued for the use of the camp for a further five years, that should not be taken to indicate future support for any further extension of time requests.

### **STATUTORY IMPLICATIONS**

The key statutory environment is set out in the City of Karratha *Local Planning Scheme No. 8* (LPS8) and the *Planning and Development (Local Planning Schemes) Regulations 2015* (Regulations), Schedule 2 of which is the 'Deemed Provisions'. The key aspects of LPS8 and the Regulations relevant to consideration of the application are set out below.

#### Clause 5.5 – Workforce Accommodation

CI 5.5.1 indicates:

*In exercising discretion in relation to a development application for workforce accommodation, the local government shall consider the following:*

- a) Regard for the Workforce Accommodation Local Planning Policy, and*
- b) the appropriateness of the scale design and standard of the accommodation in the context of the location and its integration with surrounding development.*

Regard for the LPP is addressed below. In respect to the appropriateness of the design, the updated proposal provides for an upgraded entry, improved landscaping at the corner of Wickham Drive and Mulga Way and construction of a new footpath to provide access to the shopping centre. These initiatives would improve integration of the existing development into the wider streetscape context.

#### Clause 5.6 – Commercial Zones

Clause 5.6.1 of LPS8 states that development/use in the 'Town Centre' zone shall be in accordance with the Wickham Objectives under Clause 4.13 and any relevant Local Planning Policy. Relevant Wickham Objectives are:

- i) Increase economic diversity and viability of the Wickham townsite while not compromising the quality of the living environment.

- ii) Improve the appearance and strengthen the function of the Wickham Town Centre by creating identity, diversity and legibility.

The proposal is considered to satisfy the objectives of the zone.

#### Schedule A – Supplemental Provisions

The Supplemental Provisions of LPS8 include matters, additional to those identified in Clause 67 of the Regulations, to be considered by the local government. The Schedule identifies matter to be considered cl 67(2)(zd) as “*demonstration that additional workforce accommodation is required*”. As is set out above, it is considered that Rio Tinto has demonstrated that an extension to the existing use is required.

### **POLICY IMPLICATIONS**

Relevant plans and policies must be given due regard in assessing the application but cannot and do not bind the local government in determining an application for development approval. Plans and policies considered in the assessment of the application are as follows:

#### Local Planning Policy – DP10 – Workforce Accommodation

DP10 contains provisions for the establishment of and/or extension of time to workforce accommodation development applications. A brief assessment against the Policy is set out below:

##### *Time Limited Approvals*

Rio Tinto has provided information to demonstrate that the extension to the time-limited approval period is required. The requested extension of five years is consistent with the maximum approval period recommended by DP10.

##### *Need*

Rio Tinto has provided information that demonstrates that an extension to the time-limited approval for Wickham Village is needed to manage increased demand associated with project work that was deferred due to COVID-19 restrictions as well as regular maintenance shutdown works for Cape Lambert Operations.

##### *Location*

Locating FIFO workforces within the Wickham Townsite provides an opportunity for the workforce to utilise local shops and services, participate in community activities and provide additional economic activity to the area. Wickham Village is suitably located to provide opportunities for occupants to interact with the community.

##### *Design*

While a higher standard of more permanent development at the entry to Wickham would be desirable in the longer-term, the improvements proposed in support of this requested extension would improve the appearance of the existing development.

##### *Community Integration*

The provision of an upgraded entry to the site, a footpath around the Mulga Way frontages of this development and the commitment to improve the appearance of the Wickham Shopping Centre represent improvements that the Wickham community would benefit from.

### **LEVEL OF SIGNIFICANCE**

In accordance with Council policy CG-8 Significant Decision-Making policy, this matter is considered to be of moderate significance because it relates to Workforce Accommodation, which is a use that can affect the sustainability of the local economy and community.

**COUNCILLOR/OFFICER CONSULTATION**

The application was referred internally to Building Services, Environmental Health, Technical Services and Parks and Gardens. Comments received have been considered and Conditions/Advice Notes are recommended where appropriate.

**COMMUNITY CONSULTATION**

The proposal was publicly advertised in accordance with relevant Planning Regulations. An advertisement was placed in the Pilbara News, on the City's website under the 'Public Notifications' section and in the reception of the Wickham Library on 21 September 2022 with comments being invited by 12 October 2022. No submissions were received during the consultation period.

**FINANCIAL IMPLICATIONS**

There are no financial implications.

**STRATEGIC IMPLICATIONS**

This item is relevant to the Council's approved Strategic Community Plan 2020-2030 and the Corporate Business Plan 2020-2025. In particular, the Operational Plan 2022-2023 provided for this activity:

Our Response:	3.b.2	Encourage community to support and maintain an attractive built environment
Programs/Services:	3.b.2.4	Planning Services

**RISK MANAGEMENT CONSIDERATIONS**

There are no risk management considerations applicable.

**IMPACT ON CAPACITY**

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

**RELEVANT PRECEDENTS**

Council has previously granted extensions of time to a number workforce accommodation developments. It is noted, however, that all development applications should be considered on their merits and the applicable planning framework at the time of assessment.

**VOTING REQUIREMENTS**Option 1

As per Officer's recommendation.

Option 2

Approve the development for a shorter period of only three years. This would be as per the officer recommendation (Option 1), with the following changes:

Replace recommendation No. 1 with:

1. Condition 2 being amended as follows:

"This development is to cease operations by 20 December 2025 and rehabilitation of the site is to be completed by 20 December 2026."

Replace recommendation No. 4 with:

4. Including the following new Advice Notes (Advice notes m and n) to the original Decision Notice:

- a) In regard to Condition 2, the City is only prepared to grant a three year extension to the approval for Wickham Village because this would allow Rio Tinto to catch up on project and maintenance works deferred due to COVID-19 and transition to an accommodation strategy for Wickham that does not rely on keeping Wickham Village open, that preferences a residential workforce and that accommodates any required FIFO workers in the existing workforce accommodation developments at Cajaput Villas and Wickham Lodge.
- b) In regard to Condition 20, contributions are to be focussed on improvements to the Wickham Shopping Centre and improvements to the footpath network as per correspondence submitted to the City of Karratha by Rio Tinto dated 2 November 2022 (Ref: 08/073).

### Option 3

Refuse the application as follows:

That Council by SIMPLE Majority pursuant to Schedule 2, Part 9, Section 68 of the *Planning and Development (Local Planning Schemes) Regulations 2015* RESOLVES to REFUSE Development Application DA16153-ADM1 to amend Condition 2 being a proposal for the Extension of Time-Limited Development Approval for Existing Workforce Accommodation (Wickham Village) for five years at Lot 103 Wickham Drive, Wickham on the grounds that the existing camp has reached the end of its permitted operational life, further need for the camp has not been adequately demonstrated, and the development does not exhibit the urban form expected in the Town Centre zone, as set out in the relevant planning framework.

### **CONCLUSION**

In considering Rio Tinto's request for a five-year extension to the approval for Wickham Village, the need for the development and the contribution it makes to the local community as workforce accommodation have been assessed.

The requested extension will allow Rio Tinto to undertake planned works and projects that form part of its mining and port operations. While the retention of FIFO workforce accommodation within the townsite will help to sustain the local community and economy, the number of FIFO workers in Wickham and the relative level of contribution they make to the local economy is an issue that will continue to affect the potential diversity and viability of the Wickham townsite. In this instance however, the City is satisfied that sufficient information has been provided to demonstrate that the extension is required.

In recognition of the need for community contribution to be considered, Rio Tinto has agreed to improvements to the entry buildings and landscaping, which will improve the appearance of the site which is prominent upon entry into Wickham. Rio Tinto has also committed to construct the footpath around the Mulga Way frontages of the development and improve the appearance of the Wickham Shopping Centre.

It is recommended that a five-year extension to the development approval for Wickham Village be granted and that conditions be updated to reflect the commitments Rio Tinto has made for upgrades to landscaping and community infrastructure.

**REASON FOR MOVING AN ALTERNATE COUNCIL RESOLUTION - Cr Harris:**

I have assessed this proposal against the City's Local Planning Policy DP10 for Workforce Accommodation. The objective of this policy is to maximise the residential workforce when needed.

Accommodation facilities are appropriately designed and contribute to the Cities vision of Australia's Most Liveable City.

This demonstrates an identifiable need. Rio will have regular maintenance shutdowns, this will be continuous for the life of the operation and this need will continue beyond this 5 year approval.

Appropriate to the location: This camp is the entry statement on the road into Wickham and the start of the CBD. The policy states that work camps are not the preferred long-term strategy.

The council's preference is for workers to be accommodated in more integrated forms of town-based accommodation where possible.

Appropriate Design: The council's aspiration is for workforce accommodation need to be met as much as possible through more permanent forms of town-based accommodation with high standards suitably integrated with surrounding developments and the community and not a typical camp design. If we approve this extension of time, it will be 20 years as a workforce accommodation village and some of these facilities are 50 years old and date back to when this was a motel.

At the presentation by Rio Tinto, Council were told that the occupants of the village preferred to stay in the other more permanent accommodation in Wickham.

We owe it to Wickham and the Rio Tinto workforce to move away from village camps in the centre of their towns.

**REASON FOR ALTERNATE COUNCIL RESOLUTION:**

Councillors modified the Officer's recommendation, in line with the specific objectives of the City's Local Planning Policy DP10 for Workforce Accommodation.

At 6.13pm Crs Bertling, Furlong, Gillam and Nunn re-entered the room.
