

STALLHOLDER & STREET TRADING

Purpose

The purpose of this policy is to outline a standard, transparent, and equitable approach towards fixed business and mobile traders operating within the City.

Application

This policy has been developed to provide clarity and guidance on the assessment and approvals of mobile trading applications. The Policy must take into account the provisions of the City of Karratha Activities in Thoroughfares and Trading in Public Places Local Law and the National Competition Principles Agreement.

This Policy will apply to all mobile traders. Where there is discrepancy between this Policy and the Local Law, the Local Law will take precedence. This does not include delivery of pre-ordered goods and services.

Objectives

- To sustain and grow local businesses in a way that benefits the local community.
- To provide safe temporary trading environments for the community and maintain amenity;
- To provide guidance and direction on the location and management of mobile traders in the district; and
- To support traders that enhance and complement existing businesses whilst managing the competing needs and interests of all stakeholders involved.
